poor parenting how does new zealand compare globally and what measures of poverty and hardship are most relevant here what are the consequences of this poverty for children their families and society can we afford to reduce child poverty and if we can how jonathan boston and simon chapple look hard at these questions drawing on available national and international evidence and speaking to an audience across the political spectrum their analysis highlights the strong and urgent case for addressing child poverty in new zealand crucially the book goes beyond illustrating the scale of this challenge and why it must be addressed to identifying real options for reducing child poverty a range of practical and achievable policies is presented alongside candid discussion of their strengths and limitations these proposals for improving the lives of disadvantaged children deserve wide public debate and make this a vitally important book for all new zealanders

Catalogue of the Public Documents of the ... Congress and of All Departments of the Government of the United States for the Period from ... to ... 1929 at the turn of the twentieth century Edward Tregear was one of New Zealand's most prominent citizens and widely published intellectuals. He was an authority on Maori and Polynesian studies, a controversial socialist, and secretary of the Department of Labour and a key player in attempts to form a united political labour movement in New Zealand. He was also a social critic, novelist, and poet. This biography traces Tregear's career from his youthful days on the 1860s frontier as an anguished exiled Briton to his position as an eminent Antipodean figure singing the praises of national culture in New Zealand.
