schools under surveillance gathers together some of the very best researchers studying surveillance and discipline in contemporary public schools surveillance is not simply about monitoring or tracking individuals and their data it is about the structuring of power relations through human technical or hybrid control mechanisms essays cover a broad range of topics including police and military recruiters on campus testing and accountability regimes such as no child left behind and efforts by students and teachers to circumvent the most egregious forms of surveillance in public education each contributor is committed to the continued critique of the disparity and inequality in the use of surveillance to target and sort students along lines of race class and gender

## **Housing Data Collection Manual 2004**

this volume explores the panic that is a central affective register of our current international order fears of somali pirates gypsy kidnappers african warlords ebola mexican meth pimps coyotes gangs climate refugees and more structure the dark side of a metropolitan unconscious these are terrors over things that might cross borders threatening the sanctity of territoriality and capital inspired by scholarship challenging panics around human and sex trafficking the contributors to this volume develop the umbrella category of the global moral panic embracing the challenge of grasping a phenomenon not previously regarded as cohering they consider panics provoked by travel passage transgression panics over bodies that move like panics over trafficking the episodes narrated here ride and feed a field of common sense regarding crime rights and state power their logics of victims and villains nourish notions of the centrality of punishment drawing from and feeding taxonomies of gender race and nation solidifying the order craved by capital they spotlight the coloniality of power the ongoing salience of empire the savior logics of rescue and the profound sexism organizing hierarchies of bodies and places panic this volume diagnoses is a crucial undertheorized facet of contemporary local global relations

## **Hearings on S. Res. 301 1954**

the once neglected study of counter insurgency operations has recently emerged as an area of central concern for western governments and their military organizations while counter insurgency represents a hugely challenging form of contemporary warfare there exists a considerable body of experience that offers assistance in the form of examples of
