The New Social Theory Reader

2004

in recent years a remarkable range of new work has been produced dealing with class inequalities the division of labor and the state in these writings scholars previously working in isolation from one another in sociology economics political science and history have found common ground much of this work has been influenced by marxist theory but at the same time it has involved critiques of established marxist views and incorporated ideas drawn from other sources these developments have until now not been reflected in existing course texts which are often diffusely concerned with social stratification and lack reference to contemporary theory classes power and conflict breaks new ground in providing a comprehensive introduction to current debates and contemporary research in also connects these to the classical sources concentrating particularly on marx lenin

and weber the book therefore offers a comprehensive coverage of materials for students who have little or no prior acquaintance with the field each section of the book contains a substantial introduction explaining and expanding on the themes of the selections contained within that section classes power and conflict can be expected to become the standard text for courses in sociology and political science

Contemporary Debates in Political Philosophy

2009-03-30

political theory from antiquity to the present has been divided over the relationship between the requirements of justice and the limitations of persons and institutions to meet those requirements some theorists hold that a theory of justice should be utopian or idealistic that the derivation of the correct principles of justice should not take into account human and institutional limitations others insist on a realist or non utopian view according to which feasibility facts about what is possible given human and institutional limitations is a constraint on principles of justice in recent years the relationship between the ideal and the real has become the subject of renewed scholarly interest this anthology aims to represent the contemporary state of this classic debate by and large contributors to the volume deny that the choice between realism and idealism is binary rather there is a continuum between realism and idealism that locates these extremes of each view at opposite poles the contributors therefore tend to occupy middle positions only leaning in the
