identifying the jeep cj series vehicles as the most popular off road vehicles of all time may actually qualify as an understatement they

really are that popular the cj series arguably started after world war ii with the cj 2a being introduced to the masses and while the early cjs have their share of enthusiasts the largest group of enthusiasts began their love affair with the amc powered jeep cj 5s beginning in 1972 joined by the longer wheelbase cj 7 models introduced in 1976 the cj models were wildly popular through their discontinuation in 1986 when the wrangler was introduced these were the only models originally equipped with v 8 engines in any meaningful way this era combined the ruggedness of the early jeeps with some of the advancements and horsepower of a more modern era it makes a platform that is both fun to own and to modify jeep guru michael hanssen covers all of the systems that can be upgraded to improve your jeep s performance upgrades include suspension components such as springs shocks and steering modifications driveline components including differentials transmissions transfer cases and axles engine upgrades including engine swaps wheel and tire upgrades aftermarket accessories and armor such as skid plates bumpers brake upgrades and more whether you are looking to get into serious off roading or just want to make your classic cj a little more fun this book will be a valuable tool in your shop or library p p1 margin 0 0px 0 0px 0 0px 0 0px font 12 0px arial

the world didn t end it sure did try though the fall the following riots world unrest mass hysteria and murder due to everyday products no longer being available looking at the world as it is now you might say it did end to a group of kids in their senior year that s furthest from their minds pay it forward an unofficial motto spoken by the group and uttered by those they help their mindset is what can they do for their family their friends their neighbors their country and how can they have fun while doing it they have their skills learned through training trial and error all of which get put to use then just as if it hadn t had enough the world tried to end again only this

time it was the blatant greed and hunger for power from others that started the next crisis revolution can be done in many ways but sometimes the simplest way can have the best impact
