an analysis of today s accelerated capitalism and the social price we are likely to pay for it it examines deregulation privatization technological change and globalization making predictions related to jobs family life crime and the underclass what the book entails 1 the whole essence of this book is to practically display as well as emphasis on the rewards of true servant hood spirit as demonstrated by our lord jesus christ 2 a scriptural tool that unpacks the deliberating hand of the anointed one no matter what form of bondage one had been subjected to 3 addresses social issues mostly linked up to work context blending them with biblical concepts in the spirit of humility relationships to the serving other people more than you 4 unravels the newness of life in christ his forgiveness despite past failures how it will benefit the reader 1 by seeing through with the inner eye and having a deeper perception of the elevated status god has given you 2 transformation reformation shaping of character will be thoroughly implemented and enhanced 3 a complete turn around in the manner you treat other people more so valuing and respecting them will be achieved for both servants and masters 4 above all reinforcing a positive attitude of always doing good to others despite their short comings will bring refreshing and rejuvenation of your souls living in and passing on the light the book whose i am and who i serve takes the reader on a journey of one person s life from deliverance to destiny the author realized that when she fully submitted her free will to jesus as her lord and savior he not only set her free from the past but was training her up to share the light of hope with others who were downcast when looking back upon her life she saw how all the pieces fit together like a wonderful puzzle god was surely preparing everything for the time she would answer his call with a profound use me with this there is also opportunity to share her faith with the next generation that they might follow christ at a much younger age the picture on the book cover illustrates passing on the light the author s hand is much older holding a shorter candle this depicts that the days left are fewer but still valuable her granddaughter s hand is much younger holding a longer newer candle which depicts the many days ahead to share her faith therefore our true legacy in life will never be in the value of possessions passed on but rather the love peace and joy of knowing jesus you are the light of the world let your light shine before others that they may see your good deeds and glorify your father in heaven matthew 5 14 16 niv this book covers the three basic matters crucial to serving the lord in the church it shows us that for the proper christian service we must serve in the body in our human spirit and by prayer the bible reveals that the foundation of all genuine christian service is the built up church god s unique goal is to gain a body for christ he did not regenerate us to be individual units complete in ourselves col 3 15 but to be members of this unique body 1 cor 12 12 20 which is a corporate entity a spiritual house a holy and royal priesthood 1 pet 2 5 9 having been placed in the body 1 cor 12 18 as members we must be tempered together 1 cor 12 24 and as living stones we must be built up together 1 pet 2 5 our service should never be carried out in an independent way or in an individualistic manner but in coordination with the other members in the body rom 12 4 5 our service must be something of the body in the body with the body and for the body to enter into the reality and practicality of this service growth in life is necessary without the growth in life the church cannot be built up eph 2 21 4 15 16 and without the built up church there cannot be the genuine service also without the holy spirit we do not have the way to serve however to apply the holy spirit in our service we must serve god in our human spirit rom 1 9 even in newness of spirit rom 7 6 when we were regenerated we were born of the holy spirit in our spirit john 3 6 and we became one spirit with the lord 1 cor 6 17 from this time onward we need to live to walk to act and to serve in the spirit the main purpose of our service is to minister christ as life to others thus as we serve the lord in the body we must use our spirit to contact the triune god john 4 24 in the book of ephesians a book on the body of christ paul speaks of our regenerated human spirit in every chapter 1 17 2 22 3 16 4 23 5 18 6 18 whether we serve the lord in preaching the gospel offering a prayer ministering the word visiting the saints or calling a hymn in a meeting we must exercise our spirit by the exercise of our spirit we appropriate the triune god every time we serve furthermore we must serve by prayer the book of acts reveals that the christians in the early days of the church age served by prayer acts 1 14 24 2 42 3 1 6 4 10 2 4 9 11 5 12 5 13 1 3 14 23 16 25 20 36 28 8 this was the only means used by them to carry out the lord s work thus we all need an appetite for prayer for without prayer there is poverty in our service we need much prayer individually and corporately never initiating or doing anything without it and always praying in our spirit eph 6 18 today we need the prevailing prayer which is of the body identified with the body and in our spirit this issue of the ministry of the word contains the nine messages of the international training for elders and responsible ones hosted by living stream ministry in manila philippines on october 5 7 2023 the general subject of this series of messages is living and serving according to god s economy concerning the church care serve is the magazine that we have been called by god for the salvation of our souls in order to live a life surrendered in worship of god but also to have a productive life in all aspects the child of god has been rescued from the world transformed by god and enabled to serve christ his church and others the christian must dedicate his entire life to service therefore serving must be one of the most beautiful obligations that the believer can develop in this world when the child of god serves the lord and other people he can find purpose in his life and live with a satisfaction that lasts forever many christians are consumers and not reproducers that is they continually need to be carried and supported since they have not grown enough to support themselves so we must ask ourselves why does this happen why are many people in the local church inactive why do many christians not know what to do with their lives this book has been written with the purpose of helping the child of god know why he is here on earth and how he can live a productive life in christ the objective of this book is to prepare and train children of god who have recently been baptized and who want to serve god but do not know how or where to do so additionally it tries to fill the need of those pastors who have new people who want to serve god therefore this book can serve as material for the preparation of male and female servants for the work of god finally the child of god will learn that his calling will be realized by serving in a local church ministry the present volume is the fifth in a five volume study of church doctrine the multivolume set covers the major parts of church doctrine canon god creation reconciliation and redemption the first volume begins with an introduction to the entire project on why doctrine matters which stresses the ecumenical global and above all biblical horizons of church doctrine as a primary expression of christian witness the purpose of this fifth volume is to explicate the full reality of god s redeeming love for the whole creation in the doctrine of redemption the church looks forward in hope through the gift of the spirit at pentecost the church is gathered out of all nations and peoples of the earth and looks forward to the coming day of final redemption for the whole cosmos yet even now the promise of god s coming is active in the world rendering the church into a new humanity establishing a new society calling every individual to a new life of joy in discipleship church doctrine is not a luxury but a necessity for the living community of faith by which its witness in word and deed is tested against the one true measure of christ the risen lord god did not create man to live alone for the born again believer the church of god is and always will be the family established by god to ensure our spiritual growth to the fullest despite the abuses that may have occurred it remains indispensable therefore every christian should belong to a local church a unit of the universal church and be traceable by god and men yet still questions like is serving god in a local church still necessary can i not serve god from the isolation of my home are been asked or have asked either innocently or in the face of several factors that have tainted the image of the church this book propagates not only the importance and significance of serving in our local church but also how as plainly as it can be understood based on the word of god for we are saved to serve read and be blessedly inspired to serve god in the family of god my love for you is like a paul s letter to the phillipians the subject of serving with joy why because in many respects the christians in first century philippi were very similar to evangelical christians today they were orthodox in belief they were faithful to the gospel they seemed to harbor no gross sins but they nevertheless had need of encouragement and instruction in serving with joy stephen a grunlan concentrates on the practical aspects of paul s short letter being like minded the cost of commitment dealing with struggles overcoming attitudes i have attempted to avoid heavy theological issues and details that are of limited scholarly interest he says rather i have attempted to look at paul s practical counsel and draw application for us today serving with joy is also ideal for personal study you may have found yourself reflected from the pages of paul s letter to the phillipians the subject of serving with joy why because in many respects the christians in first century philippi were very similar to evangelical christians today they were orthodox in belief they were faithful to the gospel they seemed to harbor no gross sins but they nevertheless had need of encouragement and instruction in serving with joy stephen a grunlan concentrates on the practical aspects of paul s short letter being like minded the cost of commitment dealing with struggles overcoming attitudes i have attempted to avoid heavy theological issues and details that are of limited scholarly interest he says rather i have attempted to look at paul s practical counsel and draw application for us today serving with joy is also ideal for personal study thought questions at the end of each chapter help summarize the book s content and stimulate reflection

considered an expert about the book of enoch dr randy delp has put together an analysis of this ancient book to explain why jesus and the new testament writers were not only influenced by the book of enoch they quoted its contents cited its texts and labeled it scripture the teachings of enoch have influenced every major monotheistic religion including islam judaism christianity and zoroastrianism and vestiges can be found in hinduism and other ancient religions the footprints of his teachings are seen throughout every generation and the finality of his message has yet to be fulfilled enochs influence in astronomy history religion education and para psychology has forged how society thinks today it is significant to note that the prophet named enoch who was born seven generations after adam and eve may be the only person in history who has had a positive effect on every major and minor religion while nothing negative is ever spoken about him
