Talking about Life and Love 2007-11-01

this is a once in a lifetime to get an opportunity to share in a true insight about love life and relationships how we can get comfortable in relationships about life and loving each other how you can undermine the presence of someone s life in your life it begins with you as a person before you can even go further that you should always give everything that you have don t undermined love for someone in your life the world has changed so much that we have reached a certain stage in life where alot of things have come in between life and loving each other the world has been mastered by alot of people in life if you are not careful when loving a human being you can fell on the wrong side of life you can work through life until you become a master at your field but that just define the part of life alone life defines your individual purpose but love calls you into focusing on learning how to live with someone with understanding in a peaceful and loving environment for the other that has come in your life as well you must learn how to value love in your life as the presence of someone in your life could never be repeated again alot of people before they can go through a situation of breakdown in life they have lost their focus because they didn t realise how important is love and loving someone man and woman must learn to value life and love in this world before you can get lost because of lacking seriousness in relationships without love human beings can get lost more than they can ever imagine the world has been created in two forms love and life you can t neglect one and be normal you will feel the strain of living without the other whether you want to master life or not you must understand the importance of both in life an inspiration about life or love is a reflection about life and love and how people should acknowledge the time they have spend with each other in relationships how so much that you have done has formed part of who you are so much that you can have in a relationship can feel like it is something that you can be able to find somewhere but nothing can ever offer you more than what you have already and remember that what you have is for the rest of your life when you give yourself to love love with everything that you have don t hold back on love or look down on someone who loves you give your heart to your partner so that you can be satisfied with how you have loved a person there is so much that can come between in life when you are not careful about love or when you have neglected your duties to love someone with everything that there is in life the world has become so binding that if you undermined loving someone you can become very vulnerable to everything that there is in life life cannot harm you when you are committed to loving your partner only when you overlook your obligation to love your partner you can become a victim of life like that so take every opportunity available to love and use it wisely because you cannot always have everything your way in life
