practice of a unique body based process that is cathartic creative healing and mystical as presented by janet adler the presiding voice in the field this western awareness practice encourages the individual to experience the evolving relationship with oneself another the collective and the divine through the natural impulses of conscious movement compassionate witnessing and clear articulation of experience through the vivid examples taken from her own practice adler demonstrates that physical movement can invite direct experience of spiritual truths the reader is led through the multiple layers within the discipline moving and witnessing in dyads and then groups in the presence of a witnessing teacher to develop a comprehensive and experiential understanding of this innovative way of work designed for professionals and laypersons interested in psychology bodywork mystic traditions or personal transformation the discipline of authentic movement is at the cutting edge of emerging western healing practices

Execution 2002-06-04 1 new york times bestseller more than two million copies in print the premier resource for how to deliver results in an uncertain world whether you re running an entire company or in your first management job a must read for anyone who cares about business the new york times when execution was first published it changed the way we did our jobs by focusing on the critical importance of the discipline of execution the ability to make the final leap to success by actually getting things done larry bossidy and ram charan now reframe their empowering message for a world in which the old rules have been shattered radical change is becoming routine and the ability to execute is more important than ever now and for the foreseeable future growth will be slower but the company that executes well will have the confidence speed and resources to move fast as new opportunities emerge competition will be fiercer with companies searching for any possible advantage in every area from products and technologies to location and management governments will take on new roles in their national economies some as partners to business others imposing constraints companies that execute well will be more attractive to government entities as partners and suppliers and better prepared to adapt to a new wave of regulation risk management will become a top priority for every leader execution gives you an edge in detecting new internal and external threats and in weathering crises that can never be fully predicted execution shows how to link together people strategy and operations the three core processes of every business leading

these processes is the real job of running a business not formulating a vision and leaving the work of carrying it out to others bossidy and charan show the importance of being deeply and passionately engaged in an organization and why robust dialogues about people strategy and operations result in a business based on intellectual honesty and realism with paradigmatic case histories from the real world including examples like the diverging paths taken by jamie dimon at jpmorgan chase and charles prince at citigroup execution provides the realistic and hard nosed approach to business success that could come only from authors as accomplished and insightful as bossidy and charan

Philosophy 2009 philosophical reflection must begin with the analysis of concepts we use for these provide the frame of reference and determine the direction our inquiry will take von bertalanffy

The Discipline of the Cave (Routledge Revivals) 2013-01-11 first published in 1966 the discipline of the cave is the first series of a course of gifford lectures on philosophical issues j n findlay s lectures use the image of the cave to show how familiarity is full of restrictions and involves puzzles and discrepancies unable to be resolved or removed such philosophical perplexities may be a result of the misunderstanding and abuse of ordinary ways of thinking and speaking they may also be a way of drawing us towards being providing proof of the absurdity of ordinary thought speech and experience unless modified and added to in ways which may point beyond it

what may be called a mystical and otherworldly element may need to be introduced into or rendered explicit in all our experience in order to give a viable sense to the most commonplace human utterances and activities

The Discipline of Teams 2009-01-08 in the discipline of teams jon katzenbach and douglas smith explore the often counter intuitive features that make up high performing teams such as selecting team members for skill not compatibility and explain how managers can set specific goals to foster team development the result is improved productivity and teams that can be counted on to deliver more than just the sum of their parts since 1922 harvard business review has been a leading source of breakthrough ideas in management practice the harvard business review classics series now offers you the opportunity to make these seminal pieces a part of your permanent management library each highly readable volume contains a groundbreaking idea that continues to shape best practices and inspire countless managers around the world
