this book is a stimulating panoramic tour quite different from a textbook journey of the world of statistics in both its theory and practice for teachers students and practitioners at each stop on the tour the authors investigate unusual and quirky aspects of statistics highlighting historical biographical and philosophical dimensions of this field of knowledge each chapter opens with perspectives on its theme often from several points of view five original and thought provoking questions follow these aim at widening readers knowledge and deepening their insight scattered among the questions are entertaining puzzles to solve and tantalising paradoxes to explain readers can compare their own statistical discoveries with the authors detailed answers to all the questions the writing is lively and inviting the ideas are rewarding and the material is extensively cross referenced a panorama of statistics leads readers to discover the fascinations of statistics is an enjoyable companion to an undergraduate statistics textbook is an enriching source of knowledge for statistics teachers and practitioners is unique among statistics books today for its memorable content and engaging style lending itself equally to reading through and to dipping into a panorama of statistics will surprise teachers students and practitioners by the variety of ways in which statistics can capture and hold their interest reviews as befits the authors statement that this is not a textbook the structure is unusual there are twenty five chapters organised in five sections each beginning with a brief perspective of a theme in statistics and finishing with five questions related to that theme the answers provided to the questions in section six are as discursive and illuminating as the main body of the text even if you are pretty sure you know the answer it is always worth checking what the authors have to say chances are that you will learn something every time the glimpses and insights given into this enormous and far reaching discipline succeed in being bewitching entertaining and inviting coverage was never the aim in summary this splendid book lives up to the four p values of its title it is panoramic in the scope of its survey of statistics it is full of illuminating perspectives it sets

entertaining and challenging puzzles and it explores fascinating paradoxes read it enjoy it and learn from it from neil sheldon

here for the first time is told in a single volume one of the most remarkable stories in american history an easterner is never long in california without hearing something of the big four four sacramento shopkeepers collis p huntington lelan stanford mark hopkins and charles crocker who got control of the newly organized central pacific railroad property these men are portrayed in mr lewis s volume vividly and with a great wealth of pertinent anecdote thus their true characters are revealed and the grandiose era in which they lived and operated is re created as well huntington the shrewd manipulator and lobbyist in washington founded the great fortune which is responsible for the magnificent library at san marino leland stanford governor of california and united states senator created leland stanford junior university hopkins the cold quiet watchdog of the railroad s treasury kept himself out of the limelight out of politics and scandal yet like the others died enormously wealthy while crocker founded a dynasty of bankers still important in the affairs of california and the nation oscar lewis a longtime authority on californiana and secretary of the book club of california spent six years gathering the material for the big four and writing it the result is a definitive telling of a story that is ever fresh and ever fascinating

A Panorama of the New World

1859

a short collection of one man s memories as he sorts through his life post divorce

First (-Sixth) geographical reader. [With] Home-lesson book for Second (-Fourth) geographical reader

1884

elizabeth greenwood studied sculpture at st martin s school of art and in florence and rome she had a classical education preferring greek to latin for the richness of its vocabulary and her sculpture with its references to greek mythology reflects this predilection she also writes poetry apart from poetry she enjoys producing emblematic fiction based on mary poppins philosophical song a spoonful of sugar makes the medicine go down thus fulfilling the writer s task as an entertainer cum moralist both the poetical and the modelling activities date from early childhood although these were largely ignored she was fortunate in having been born into a family where close relatives had universal minds uniting a passion for literature with a keen interest in science of space especially politics and the cinema in latter years to counteract the tendency to create works of the imagination she has applied herself to the discipline of academic works in the field of religion i e the bible with particular regard to the dead sea discoveries no well documented a successful breeder and trainer of horses she has campaigned ceaselessly for higher education in equine studies on the lines devised in america where hippology has been elevated to university status thus producing educated riders and saving the horse a lot of unnecessary suffering she considers horses to be regulators and keepers of conscience teaching stoical wisdom in the exercise of man s power over life and death

Publisher and Bookseller

1876

reprint of the original first published in 1881

The Bookseller

1876

a former university president tells about his later encounters in the federal bureaucracy including an agency with more people than work to be done and how special projects get included in appropriation bills he also relates global encounters including a four acre philippine farm that financed two children through college guatemalans being paid with food aid for digging the trenches for their sewer system a bolivian farmer proudly showing his harvest of drying coca leaves and eastern europeans difficult transition to free enterprise back in washington he describes political pressure to finance a cigarette manufacturing line in turkey and a pork research center in his home state and how membership in his home town country club risked his nomination to be assistant secretary of agriculture returning to operate his home farm yielded more anecdotes including a near collision in the cornfield with a somersaulting plymouth potential embarrassment of dragging an implement s tongue mid field and the obstacles in building an egg layer facility that now employs twenty eight local people
