The MAGIC background of Pearl Harbor 1978 the american west conjures up images of pastoral tranquility and wide open spaces but by 1970 the far west was the most urbanized section of the country exploring four intriguing cityscapes disneyland stanford industrial park sun city and the 1962 seattle world s fair john findlay shows how each created a sense of cohesion and sustained people s belief in their superior urban environment this first book length study of the urban west after 1940 argues that westerners deliberately tried to build cities that differed radically from their eastern counterparts in 1954 walt disney began building the world s first theme park using hollywood s movie making techniques the creators of stanford industrial park were more hesitant in their approach to a conceptually organized environment but by the mid 1960s the park was the nation s prototypical research park and the intellectual downtown for the high technology region that became silicon valley in 1960 on the outskirts of phoenix del e webb built sun city the largest most influential retirement community in the united states another innovative cityscape arose from the 1962 seattle world s fair and provided a futuristic somewhat fanciful vision of modern life these four became magic lands that provided an antidote to the apparent chaos of their respective urban milieus exemplars of a new lifestyle they are landmarks on the changing cultural landscape of postwar america

Magic Lands 1993-09-22 in performing deception brian rappert reconstructs the practice of entertainment magic by analysing it through the lens of perception deception and learning as he goes about studying conjuring himself through this novel meditation on reasoning and skill rappert elevates magic from the undertaking of mere trickery to an art that offers the basis for rethinking our possibilities for acting in the modern world performing deception covers a wide range of theories in sociology philosophy psychology and elsewhere in order to offer a striking assessment of the way secrecy and deception are woven into social interactions as well as the illusionary and paradoxical status of expertise

Performing Deception 2022-05-27 for franklin d roosevelt the spring of 1941 was a time of uncertainty and fear hitler s armies were poised to strike but no one was sure where the next attack would come the united states had begun its military build up but as yet the army and navy were ill prepared for war with germany and japan and though the american public was not ready to support an unprovoked declaration of war churchill and members of roosevelt s administration were urging him to intervene before it was too late in threshold of war the first comprehensive treatment of the american entry into world war ii to appear in over thirty five years eminent historian waldo heinrichs places american policy in a global context covering both the european and asian diplomatic and military scene with roosevelt the only figure with all the threads in his hands at the center in a tale of ever broadening conflict this vivid narrative weaves back and forth from the battlefields in the soviet union to the intense policy debates within roosevelt s administration to the sinking of the battleship bismarck to the precarious and delicate negotiations with japan of particular interest is heinrichs portrait of roosevelt roosevelt has often been portrayed as vacillating impulsive and disorganized in his decision making during this period but here he emerges as a leader who acted with extreme caution and deliberation who always kept his options open and who once hitler s invasion of the soviet union stalled in july 1941 acted rapidly and with great determination sending supplies to stalin placing an oil embargo on japan and ordering armed escorts of vital supplies to europe a masterful account of a key moment in american history threshold of war is both a distinguished work of scholarship and a moving narrative that captures the tension as roosevelt churchill stimson hull and numerous others struggled to shape american policy in the climactic nine months before pearl harbor

The "Magic" Background of Pearl Harbor: Appendix 1978 at the turn of the twentieth century soybeans grew on so little of america s land that nobody bothered to track the total by the year 2000 they covered upward of 70 million acres second only to corn and had become the nation s largest cash crop how this little known chinese transplant initially grown chiefly for forage turned into a ubiquitous component of american farming culture and cuisine is the story matthew roth tells in magic bean the rise of soy in america the soybean s journey from one continent into the heart of another was by no means assured or predictable in asia the soybean had been bred and cultivated into a nutritious staple food over the course of centuries its adoption by americans was long in coming the outcome of migration and innovation changing tastes and habits and the transformation of food farming breeding marketing and indeed the bean itself during the twentieth century all come in for scrutiny as roth traces the ups and downs of the soybean s journey along the way he uncovers surprising developments including a series of catastrophic explosions at soy processing plants

in the 1930s the widespread production of tofu in japanese american internment camps during world war ii the decades long project to improve the blandness of soybean oil the creation of new southern soybean varieties named after confederate generals the role of the san francisco bay area counterculture in popularizing soy foods and the discovery of soy phytoestrogens in the late 1980s we also encounter fascinating figures in their own right such as yamei kin the chinese american who promoted tofu during world war i and african american chemist percy lavon julian who played a critical role in the story of synthetic human hormones derived from soy sterols a thoroughly engaging work of narrative history magic bean the rise of soy in america is the first comprehensive account of the soybean in america over the entire course of the twentieth century

Threshold of War : Franklin D. Roosevelt and American Entry into World War II

1988-09-01 herbal and magical medicine draws on perspectives from folklore anthropology psychology medicine and botany to describe the traditional medical beliefs and practices among native anglo and african americans in eastern north carolina and virginia in documenting the vitality of such seemingly unusual healing traditions as talking the fire out of burns wart curing blood stopping herbal healing and rootwork the contributors to this volume demonstrate how the region s folk medical systems operate in tandem with scientific biomedicine the authors provide illuminating commentary on the major forms of naturopathic and magico religious medicine practiced in the united states other essays explain the persistence of these traditions in our modern technological society and address the bases of folk medical concepts of illness and treatment and the efficacy of particular practices the collection suggests a model for collaborative research on traditional medicine that can be replicated in other parts of the country an extensive bibliography reveals the scope and variety of research in the field contributors karen baldwin richard blaustein linda camino edward m croom jr david hufford james w kirland peter lichstein holly f mathews robert sammons c w sullivan iii

Magical Destinations of the Northeast 2016-10-08 deities demons and angels became important protagonists in the magic of the late antique world and were also the main reasons for the condemnation of magic in the christian era supplicatory incantations rituals of coercion enticing suffumigations magical prayers and mystical songs drew spiritual powers to the human domain next to the magician s desire to regulate fate and fortune it was the communion with the spirit world that gave magic the potential to purify and even deify its practitioners the sense of elation and the awareness of a metaphysical order caused magic to merge with philosophy notably neoplatonism the heritage of late antique theurgy would be passed on to the arab world and together with classical science and learning would take root again in the latin west in the high middle ages the metamorphosis of magic laid out in this book is the transformation of ritual into occult philosophy against the background of cultural changes in judaism graeco roman religion and christianity this volume the first in the new series groningen studies in cultural change offers the papers presented at the workshop the metamorphosis of magic from late antiquity to the early modern period held from 22 to 24 june 2000 and organised by jan n bremmer and jan r veenstra the papers have been written by scholars from such varying disciplines as classics theology philosophy cultural history and law their contributions shed new light upon several old obscurities they show magic to be a significant area of culture and they advance the case for viewing transformations in the lore and practice of magic as a barometer with which to measure cultural change

Ultimate Memory Magic 2019-09-24 the greek magical papyri is a collection of magical spells and formulas hymns and rituals from greco roman egypt dating from the second century b c to the fifth century a d containing a fresh translation of the greek papyri as well as coptic and demotic texts this new translation has been brought up to date and is now the most comprehensive collection of this literature and the first ever in english the greek magical papyri in transition is an invaluable resource for scholars in a wide variety of fields from the history of religions to the classical languages and literatures and it will fascinate those with a general interest in the occult and the history of magic one of the major achievements of classical and related scholarship over the last decade ioan p culianu journal for the study of judaism the enormous value of this new volume lies in the fact that these texts will now be available to a much wider audience of readers including historians or religion anthropologists and psychologists john g gager journal of religion this book shows care skill and zest any worker in the field will welcome this sterling performance peter parsons times literary supplement

ULTRA and the Army Air Forces in World War II 1987 the quickest most certain path toward achieving a reputation as a magician is to be able to perform at a moment s notice with borrowed objects a coin handkerchief pencil or rubber band magicians should be able to do at least one amazing trick with that object this book deals exclusively with just such tricks

Merchant Vessels of the United States 1981 easy to master crowd pleasing tricks require a deck of cards and offer beginners experience in handling an audience instructions

Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954 2002 magic is arguably the least understood subject in anthropology today exotic and fascinating it offers us a glimpse into another world but it also threatens to undermine the foundations of anthropology due to its supposed irrational and non scientific nature magic has thus often been explained away by social or psychological reduction the anthropology of magic redresses the balance and brings

magic as an aspect of consciousness into focus through the use of classic texts and cutting edge research suitable for student and scholar alike the anthropology of magic updates a classical anthropological debate concerning the nature of human experience a key theme is that human beings everywhere have the potential for magical consciousness taking a new approach to some perennial topics in anthropology such as shamanism mythology witchcraft and healing the book raises crucial theoretical and methodological issues to provide the reader with an engaging and critical understanding of the dynamics of magic

Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1986 1988 first published in 2002 routledge is an imprint of taylor francis an informa company

Popular Science 1946-05 a unique and dynamic look at a pivotal year in american history and culture there were seismic shifts taking place in 1966 the supreme court s miranda warnings decision a world series upset jacqueline susann s salacious best seller valley of the dolls the television debut of batman five successful missions in nasa s project gemini it was truly a momentous year in america in do you believe in magic baseball and america in the groundbreaking year of 1966 david krell goes beyond the headlines to reveal the importance of this underappreciated year in history using the baseball season as a unifying thread krell also examines the space race television film politics music and more revealing that innovation was the common theme during this extraordinary time with a vivid narrative archival photos exclusive interviews and contemporary news accounts do you believe in magic presents the powerful stories and impactful moments from a fascinating year that transformed america forever
