Living Together as Equals 2012-05-31

traditional understandings of citizenship are facing a number of challenges ideas of cosmopolitan and environmental citizenship have emerged in the light of concerns about global inequality and climate change whilst new models of multicultural citizenship have been developed in response to the dilemmas posed by immigration and the presence of national minorities at the same time more particular debates take place about the demands citizenship places upon us in our everyday lives do we have a duty as citizens to take steps to reduce the risk of needing to rely upon state benefits including health care does good citizenship require that we send our children to the local school even when it performs poorly does a parent fail in his duty as a citizen not just as a father say when he is less involved in the raising of his children than their mother should citizens refrain from appealing to religious reasons in public debate do immigrants have a duty to integrate do we have duties of citizenship to minimise the size of our ecological footprints this book develops a normative theory of citizenship that brings together issues such as these under a common framework rather than treating them in isolation in the way that often happens it distinguishes two different ways of thinking about citizenship both of which shed some light on the demands that is makes upon us according to the first approach the demands of citizenship are grounded exclusively in considerations of justice whereas according to the second they are grounded in the good that is realised by a political community the members of which treat each other as equals not only in the political process but in civil society and beyond

Citizenship in a Globalised World 2021-06-10

what does it mean to be a citizen of a democracy today this book challenges us to re evaluate and ultimately reorient our state based conception of democratic citizenship in order to meaningfully account for the context in which it is lived a globalised deeply interconnected and deeply unjust world hobden argues for a new conception of citizenship that is state based but globally oriented the book presents a new account of collective responsibility that includes responsibility for a

wider range of collective outcomes drawing upon this account hobden argues that citizens can be held collectively morally responsible for the acts of their state both domestically and internationally the book explores how this conception of citizenship with its attendant collective responsibility can speak to citizens of today those experiencing the costs of inequality and oppression those living under semi and newly democratic regimes and those living as non citizen residents it encourages an active citizenship and presents innovative channels of participation with discussions on civic education in the media and political consumerism offering a new lens on citizenship in a global context this book will be of great interest to scholars and students of political theory global justice citizenship democratic theory and collective responsibility
