eu mideast periphery with a particular focus on the twentieth century the contributors to history and belonging offer a fascinating survey of the attempt to forge a post national identity politics excerpt from outlines of european history the study of european history as a whole has long been known in the schools of the continent and the united states of america but it has only lately been introduced into england it must be still considered as in the experimental stage so far as methods are concerned though few will doubt that the subject in some form or other must ultimately be recognized as forming an important part in any scheme of education it is true of history though not perhaps of all studies that the whole is greater and better than its parts the greatest prize that awaits the student of history is not a knowledge of antiquarian detail but the wide outlook over all the ages and an understanding of the chief phases through which civilization has passed and of the chief influences that have moulded it about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an century from the french revolution in 1789 until the outbreak of the first world war in 1914 telling the story of how europeans entered politics in the fiery trials of revolution and industrialization the text opens with the french revolution passes through the crucible of the 1848 revolutions and ends with the emergence of mass movements socialist revolutionary nationalist and authoritarian which anticipated those of the twentieth century this is an ideal text for modules on modern european history or nineteenth century europe which may be offered at all levels of an undergraduate history or european studies degree in addition it is a crucial resource for students who may be studying nineteenth century europe for the first time as part of a taught postgraduate degree in modern history or european studies the european experience brings together the expertise of nearly a hundred historians from eight european universities to internationalise and diversify the study of modern european history exploring a grand sweep of time from 1500 to 2000 offering a valuable corrective to the anglocentric narratives of previous english language textbooks scholars from all over europe have pooled their knowledge on comparative themes such as identities cultural encounters power and citizenship and economic development to reflect the complexity and heterogeneous nature of the european experience rather than another grand narrative the international author teams offer a multifaceted and rich perspective on the history of the continent of the past 500 years each major theme is dissected through three chronological sub chapters revealing how major social political and historical trends manifested themselves in different european settings during the early modern 1500 1800 modern 1800 1900 and contemporary period 1900 2000 this resource is of utmost relevance to today s history students in the light of ongoing internationalisation strategies for higher education curricula as it delivers one of the first multi perspective and truly european analyses of the continent s past beyond the provision of historical content this textbook equips students with the intellectual tools to interrogate prevailing accounts of european history and enables

them to seek out additional perspectives in a bid to further enrich the discipline covers mercantilism beginnings of modern science and the enlightenment bourbon france the hapsburgs the hohenzollerns the english civil war the restoration peter the great and russia the papacy the ottoman turkish empire in europe and the culture of baroque and rococo this work has been selected by scholars as being
