

Free ebook Financial crisis research paper [PDF]

research has shown repeatedly that the longer an organization takes to respond to a crisis the more it suffers in the eyes of the public and stakeholders this observation has become particularly pertinent in the era of social media which facilitate immediate two way symmetric communication responding to it has been difficult due to its rapidly changing nature and the severity of its associated outcomes this review examines the origin and evolution of the crisis the pharmacological properties of opioids the neurobiology of opioid use and opioid use disorder and medications for opioid use disorder and existing and whether focused on crisis antecedents outcomes or managing a crisis research has revealed a number of important findings however research in this space remains fragmented making it difficult for scholars to understand the literature's core conclusions recognize unsolved problems and navigate paths forward abstract background crisis lines are a standard component of a public health approach to suicide prevention clinical aims include reducing individuals crisis states psychological distress and risk of suicide efforts may also include enhancing access and facilitating connections to behavioral health care a systematic review of 20 years of crisis and disaster research trends and progress wolbers 2021 risk hazards crisis in public policy wiley online library risk hazards crisis in public policy volume 12 issue 4 p 374 392 review essay open access pdf on jan 1 2019 nor shafrin ahmad published crisis intervention issues and challenges find read and cite all the research you need on researchgate this paper presents a comprehensive analysis of crisis communication research from 1968 to 2022 utilizing bibliometric methods to illuminate its trajectories thematic shifts and future the aforementioned gaps in the literature formed the motivation of this research which aims to develop and empirically validate a robust multi dimensional crisis leadership model and measure its effectiveness in handling the crisis using the lessons learned from the ongoing covid 19 pandemic this research contributes to our understanding of what initially sparked the opioid crisis we find that the introduction and marketing of oxycontin explain a substantial share of overdose deaths over the past two decades a review paper that proposed two new perspectives of crisis crisis as an event and crisis as a process and established an theoretical framework that integrates insights from the crisis and resilience literatures child welfare the first paper examines the reformulation effects on crime focusing on murder by using a difference in difference methodology this study provides evidence that the reformulation policy responding to the opioid epidemic has the unintended effect of increasing murder victims crisis the journal of crisis intervention and suicide prevention issn l 0227 5910 issn print 0227 5910 issn online 2151 2396 official organ published under the auspices of the international association for suicide prevention iasp frequency 6 issues per year impact factor 3 0 5 year impact factor 3 3 an organizational crisis is an event perceived by organization members and stakeholders to be highly salient and unexpected and a potentially disruptive threat to the focal organization and its stakeholders bundy et al 2017 könig et al 2020 research article first published online november 21 2021 researching employee experiences and behavior in times of crisis theoretical and methodological considerations and implications for human resource management view pdf view epub the purpose of this study is to provide a comprehensive systematic literature review slr of factors influencing crisis management cm the study attempts to assess the main areas that have been linked to and studied cm and the research outlets that have been provided these research new research on crisis management from harvard business school faculty on issues including how to avoid panicking in the face of adversity what companies learned from 9 11 and other crises and the proper use of risk management page 1 of 49 results 24 jan 2024 the paper intends to understand the research trends in covid 19 and smes through a literature review and explores the most affected areas of smes during the covid 19 pandemic the study attempts to highlight the struggles of smes during covid 19 crisis in the gcc examples of high profile crises involving multinationals include kobe steel falsifying metal quality reports the disappearance of malaysia airlines flight 370 the oil spill in the gulf by bp sudden acceleration in toyota cars and people becoming seriously ill after using vioxx a prescription drug manufactured by the american multinational m to address this national public health crisis and identify gaps in the literature we analyzed recent empirical trends in us drug overdose mortality by key social determinants and
