have you ever wanted a writing and research manual that centered chicanx and latinx scholarship writing that matters does just that while it includes a brief history of the roots of the fields of chicanx literature and history writing that matters emphasizes practice how to research and write a chicanx or latinx history paper how to research and write a chicanx or latinx literature or cultural studies essay and how to conduct interviews frame pláticas and conduct oral histories it also includes a brief chapter on nomenclature and a grammar guide each chapter includes questions for discussion and all examples from across the subfields are from noted chicanx and latinx scholars women s and queer scholarship and methods are not addressed in a separate chapter but are instead integral to the work for years professors heidenreich and urquijo ruiz waited for a writing and research manual that was rooted in critical chicanx and latinx studies now they have crafted one

## ***Teaching and Researching Writing 2013-11-26***

this collection is about writing contests a vibrant rhetorical practice traceable to rhetorical performances in ancient greece in their discussion of contests cultural work the scholars who have contributed to this collection uncover important questions about our practices for example educational contests as epideictic rhetoric do indeed celebrate writing but does this celebration merely relieve educators of the responsibility of finding ways for all writers to succeed contests designed to reward single winners and singly authored works admirably celebrate hard work but do they over emphasize exceptional individual achievement over shared goals and communal reward for success taking a cultural rhetorical approach to contests each chapter demonstrates the cultural work the contests accomplish the essays in part i examine contests and riddles in classical greek and roman periods educational contests in eighteenth century scotland and the lyceum movement in the antebellum american south the next set of essays discusses how contests leverage competition and reward in educational settings medieval universities american turn of the century women s colleges twenty first century scholarship essay contests and writing contests for speakers of other languages at the university of portsmouth the last set of essays examines popular contests including poetry contests in youth spoken word popular american contests designed by marketers and twenty first century podcasting competitions this collection then takes up contests as a cultural marker of our values assumptions and relationships to writing contests and competition
