Cycle World Magazine this book is an account of the companies and individuals who have played a major part in the design and advancement of motorcycle frame chassis performance these independent companies began to spring up in the early postwar years when motorcycle racing began to take place again due to the lack of available factory machines and the urge to improve performance of the now aged equipment riders began to build their own frames around whatever engines were available success brought recognition and people were soon wanting to buy winning machines so fledgling companies began to spring up to satisfy the growing demand for custom chassis some of these companies soon began to grow and others appeared in various european countries over the next few years the state of the art hand built frames were becoming a must for the discerning road bike rider and so the independent motorcycle frame makers were beginning to put some designs into production and a thriving business was beginning to emerge in later years with such a large choice of factory engines from around the world the successful independent chassis manufacturers went from strength to strength and some are now producing highly prized road bikes whilst building one off machines as required as the years have passed one or two of the independent companies have disappeared but in many cases their machines have become very collectable classics the companies still thriving today as well as producing modern machines with a wide range of engine options are finding considerable business rebuilding and maintaining machines built in the earlier years some of the pioneer builders have become household names to the motorcycle fraternity and those written about in this book include nico bakker the netherlands bimota italy dresda autos united kingdom egli switzerland harris performance products united kingdom hejira racing united kingdom magni italy maxton engineering
