Nourishment for the Spiritual Pilgrimage 2017-02-16 the only extended first person narrative about menopause: a menopausal memoir. Letters from another climate explores the connection between menopause, mourning, and memory through nine fictional letters written to different addressees. The letters explain the author's own experience of having a hysterectomy without her permission during surgery for endometriosis and being thrown into instant menopause. Herrmann expresses her experiences differently in each letter based on the recipient's gender, sexual identity, and age, revealing the complexities of accepting menopause. Psychotherapists, psychologists, physicians, medical students, academics, and those interested in women's health and women's studies will receive insight into one woman's experience and will learn how our bodies mold our sexual identity and shape many aspects of our lives. Writing these letters from the point of view of a scholar engaged in personal narrative but not in the familiar narrative of a woman married with children, Herrmann examines her journey of loss, recovery, and healing through feminist theory. The letters in a menopausal memoir reveal many other issues, including the relationship between the female body and the meanings attached to it, the different ways women tell their stories about difficult experiences, negotiating the relationship between growing older and sexual identity, the body's responses to the loss of organs that form its history, the connection between body identity and disease, a highly personal yet theoretical approach to the experience of menopause. A menopausal memoir explores how changes in the body affect your sexual identity, your relationships, and your feelings as a woman.

Easy Garden Projects to Make, Build, and Grow 2006 Gail Manizak is a gifted prophet. At sixteen years old, Gail became a born-again believer. Joy filled her heart daily as page after page of poetry was written, being full of God's presence. She wrote daily as he led. At twenty-four years old, Gail, having been baptized in the Holy Spirit, received a gift of writing prophetic words. As with the poetry, it came very naturally to write what she heard in her ear. It was prophesied in 1971 that she would hold the office of a prophet. In April of 2010, she was officially released by leadership into the office of a prophet. Prophetic words spoken confirmed this portion of her call, the first being spoken over her life forty years ago. This gift has been used to minister to people all over the world. In 2009, the Lord dealt with her about opening up the websites for personal prophecy requests. She was reminded of all the psychics, soothsayers, palm readers, card readers, and astrologers that were operating in the gift but not of the Holy Spirit. People were accepting a spirit of deception and lies. To be a servant to the people is an honor.
