I any 2010 es commemora el centenari del naixement de l historiador jaume vicens vives i la universitat de barcelona i el centre d estudis històrics internacional fundat per ell han volgut retre li homenatge i reconeixement aquest volum vol ser una aproximació a la complexa i rica figura de jaume vicens per la via dels testimonis la memòria i els records reunint les aportacions d aquells que el van conèixer en l exercici de la seva cÀtedra universitària com a professor aixà com a través de les diverses iniciatives que va endegar per tal d assegurar la renovació de la ciència històrica en general i de la historiografia catalana en particular els articles escrits per persones significades de l Àmbit cultural posen l èmfasi en aspectes ben diferents des d experiències acadèmiques fins a vivències personals el retrat que dibuixen les aportacions tenen un denominador comú el reconeixement d un referent i la indiscutible empenta que vicens els inoculà encomanant los el seu optimisme vital i engrescant los a creure que malgrat els temps difils que els va tocar de viure el futur arribaria ple d esperança 711 1492 800 esta nueva edición de la historia económica de España que hoy presentamos a nuestros estimados lectores contiene en forma de apéndice final unos capítulos entresacados del volumen quinto de la historia económica y social de España y América r con la inclusión de este apéndice dedicado al siglo XX esperamos complacer las solicitudes de las cátedras de historia económica de España así como de estudiantes y lectores que deseaban ver completado hasta nuestro siglo el contenido de este manual que hoy llega a su sexta edición r ndeseamos que la selección realizada le parezca útil y oportuna al lector pues como podrá comprobar hemos procurado unificar los apartados con la tónica general del libro así como ajustarlos a un teórico programa de curso r ndeseamos una vez más que este manual pueda continuar cuando a nuestras jóvenes generaciones de estudiantes y abrir al lector interesado los nuevos horizontes que le ofrece la problemática de la historia económica de España Queen María of Castile wife of Alfonso V the magnanimous King of the Crown of Aragón governed Catalonia in the mid fifteenth century while her husband conquered and governed the Kingdom of Naples for twenty six years she maintained a royal court and council separate from and roughly equivalent to those of Alfonso in Naples such legitimacy sanctioned political authority is remarkable given that she ruled not as Queen in her own right but rather as Lieutenant General of Catalonia with powers equivalent to the King s María does not fit conventional images of a Queen as wife and mother indeed she had no children and so never served as Queen Regent for any royal heirs in their minorities or exercised a Queen Mother s privilege to act as diplomat when arranging the marriages of her children and grandchildren but she was clearly more than just a wife offering advice she embodied the King s personal authority and was second only to the King himself she was his alter ego the other royal body fully empowered to govern for a medieval Queen this official form of co rulership combining exalted royal status with official political appointment was rare and striking the King s other body is both a biography of María and an analysis of her political partnership with Alfonso María s long busy tenure as Lieutenant General prompts a reconsideration of long held notions of power statecraft personalities and institutions it is also a study of the institution of monarchy and a theoretical reconsideration of the operations of gender within it if the practice of monarchy is conventionally understood as strictly a man s job María s reign presents a compelling argument for a more complex model one attentive to the dynamic relationship of queenship and kingship and the circumstances and theories that shaped the institution she inhabited beginning with the restoration of the Bourbon monarchy in 1875 and ending with the death of General Francisco Franco in 1975 this book explores the intersection of education and nationalism in Spain based on a broad range of archival and published sources including parliamentary and ministerial records pedagogical treatises and journals teachers manuals memoirs and a sample of over two hundred primary and secondary school textbooks the study examines ideological and political conflict among groups of elites seeking to shape popular understanding of national history and identity through the schools both public and private a burgeoning literature on European nationalisms has posited that educational systems in general and an instrumentalized version of national history in particular have contributed decisively to the articulation and transmission of nationalist ideologies the Spanish case reveals a different dynamic in Spain a chronically weak state a divided and largely undemocratic political class and an increasingly polarized social and political climate impeded the construction of an effective system of national education and the emergence of a consensus on the shape and meaning of the Spanish national past this in turn contributed to one of the most striking features of modern Spanish political and cultural life the absence of a strong sense of Spanish as opposed to local or regional identity scholars with interests in modern European cultural politics processes of state consolidation nationalism and the history of education will find this book essential reading Spanish and Portuguese expansion substantially altered the social political and economic contours of the modern world in his book Lyle McAlister provides a narrative and interpretive history of the exploration and settlement of the Americas by Spain and Portugal McAlister divides this period and the book into three parts first he describes the formation of Old World societies with particular attention to those features that influenced the directions and forms of overseas expansion second he traces the dynamic processes of conquest and colonization that between 1492 and about 1570 firmly established Spanish and Portuguese dominion in the New World the third part deals with colonial growth and consolidation down to about 1700 McAlister s main themes are the post conquest territorial expansion that established the limits of what later came to be called Latin America the emergence of distinctively Spanish and Portuguese American societies and economies the formation of systems of imperial control and exploitation and the ways in which conflicts between imperial and American interests were reconciled this comprehensive history with its extensive bibliographic essay and attention to historiographic issues will be a standard reference for students and scholars of the period this volume integrates the theme of Spain in Italy into a broad synthesis of late Renaissance and early modern Italy by restoring the contingency of events local and imperial decision making and the distinct voices of individual Spaniards and Italians el llibre que tenia a les mans utilitzava una font inusualment completa els llibres de comptes i la documentació administrativa de l almoina del pa de la seu de Girona en el seu estudi sobre l almoina de Girona com a propietària de pagesos servils Rosa Lluch centra la nostra atenció en les particularitats de les condicions que afecten als pagesos de la regió de Girona i al mateix temps ofereix una visió detallada de com funcionava el sistema remensa a finals de l edat mitjana aquest estudi es basteix sobre descobriments anteriors basats en els extraordinàriament nombrosos documents sobre les relacions entre els senyors de la diòcesi de Girona i els seus tinentes legalment no lliures però sorprendentment plens de recursos per una banda la densitat de pagesos servils enllot és tan gran com al nord est de la Catalunya Vella d altra banda rara vegada es tracta de pagesos sense oportunitats econòmiques o mobilitat social resulta que poden canviar de senyoria traslladar-se a ciutats i posseir prou diners com per enriquir els seus senyors però també per manipular un sistema social oficialment rígid de manera limitada però significativa el libro que tenéis en las manos utiliza una fuente inusualmente completa los libros de cuentas y la documentación administrativa de la almoina del pa de la seu de Girona en su estudio sobre la almoina de Girona como propietaria de labradores serviles Rosa Lluch centra nuestra atención en las particularidades de las condiciones que afectan a los labradores de la región de Girona y al mismo tiempo ofrece una visión detallada de como funcionaba el sistema remensa a finales de la edad media este estudio se

construye sobre descubrimientos anteriores basados en los extraordinariamente numerosos documentos sobre las relaciones entre los señores de la diócesis de girona y sus tenientes legalmente no libres pero sorprendentemente llenos de recursos de una parte la densidad de labradores serviles en ninguna parte es tan grande como el noreste de la catalunya vieja por otra parte rara vez se trata de labradores sin oportunidades económicas o movilidad social resulta que pueden cambiar de señoría trasladarse a ciudades y poseer el dinero suficiente como para enriquecer a sus señores pero también para manipular un sistema social oficialmente rígido de una manera limitada pero significativa the book you have in your hands uses an unusually complete source the books of accounts and the administrative documentation of the almoyna del pa de la seu de girona in her study about the almoyna of girona as owner of peasants rosa lluch focuses our attention on the particularities of the conditions that affect the peasants of the area of girona and at the same time offers a detailed vision of how the remença system worked at the end of the middle age this study builds on previous discoveries based on the extraordinarily numerous documents about the relationships between the masters of the diocese of girona and their lieutenants legally not free but surprisingly full of means on one hand the density of peasants is nowhere as large as it is in the north east of the old part of catalunya on the other hand there are rarely peasants without economical possibilities or social mobility they are able to change domain move to cities and have enough money as to enrich their masters but also to manipulate a social system officially rigid in a limited but significative way includes entries for maps and atlases this book explores the complex history of catalonia in relation to spain from an economic and political perspective it begins in the middle ages and ends in the present day analysing the intricate political problems of modern day catalonia within a context of european integration and nationalism an exploration of spanish culture in spain and the americas traces the social political and economic forces that created that culture beginning with the black death in 1348 and extending through to the demise of habsburg rule in 1700 this second edition of spanish society 1348 1700 has been expanded to provide a wide and compelling exploration of spain s transition from the middle ages to modernity each chapter builds on the first edition by offering new evidence of the changes in spain s social structure between the fourteenth and seventeenth century every part of society is examined culminating in a final section that is entirely new to the second edition and presents the changing social practices of the period particularly in response to the growing crises facing spain as it moved into the seventeenth century also new to this edition is a consideration of the social meaning of culture specifically the presence of hermetic themes and of magical elements in golden age literature and cervantes don quijote through the extensive use of case studies historical examples and literary extracts spanish society is an ideal way for students to gain direct access to this captivating period
