actions of the many government agencies that are typically involved in oceans affairs the book highlights the serious conflicts of use in most national ocean zones and the varying attempts by nations to follow the prescriptions emanating from the 1982 UN Law of the Sea Convention and the outcomes of the 1992 2002 and 2012 Sustainable Development Summits the interrelationship among uses and processes in the coast and ocean requires that ocean governance be integrated precautionary and anticipatory overall the book provides a definitive state of the art review and analysis of national and regional ocean policies around the world the government and copyright the government as proprietor preserver and user of copyright material under the Copyright Act 1968 focuses on the interplay between law policy and practice in copyright law by investigating the rights of the government as the copyright owner the preserver of copyright material and the user of other's copyright material under the Copyright Act 1968 the first of two recurring themes in the book asks the question whether the needs and status of government should be different from private sector institutions which also obtain copyright protection under the law the second theme aims to identify the relationship between government copyright law and policy national cultural policy and fundamental governance values as the first authoritative treatise on government copyright to be published in Australia this book will be of immediate interest and relevance to Australian lawyers and policy makers particularly in the light of ongoing efforts to ensure that the intellectual property system stimulates innovation and fosters trade and investment given that government copyright is recognised to some extent in most countries worldwide this book is a valuable contribution to the international literature on this topic which remains sparse from the introduction by Dr Anne Fitzgerald and Prof Brian Fitzgerald on November 17 1938 Great Britain the United States and Canada after four years of discussion and manoeuvre signed two wide ranging and interlocking trade agreements a few large elements dominated the talks the Americans wanted to breach the walls of the British imperial preferential tariff system the British were anxious to retain markets and political support in the British dominions and the Baltic while protecting their domestic agriculture and improving political relations with the United States Canada whose acquiescence and co-operation were necessitated by the pre-existing network of trade agreements hoped to win new export markets to retain old ones and to achieve international political tranquility through economic means although the negotiations began with a mixture of lofty and ignoble motives in the end the latter predominated the authors have drawn on archival and statistical materials in all three countries to provide a clear and detailed account of the economic context of the mid 1930s the process of negotiations the issues and the political and economic significance both then and now of the final agreements their work is a valuable case study of the problems that face any country that tries to negotiate freer trade it is therefore full of contemporary resonance and relevance and will be of interest to students of and specialists in modern history European British and North American international relations and international economic policy this book offers an overview of the interface between European integration transatlantic relations and the rise of the rest in the early 21st century the collapse of the Soviet bloc opened up an era in which the drivers and perceived benefits of the US alliance among European countries have become more variegated and shifting the proposition that the US remains at once an indispensable and intolerable nation in Europe is a key concept in the alliance as the US remains inextricably tied to the continent through economic military and cultural links this work examines this complex subject area from many angles including an analysis of the historical and cultural contexts of America's relations with Europe as well as a discussion of the politics of transatlantic affairs which utilises evidence gleaned from a series of case studies in the concluding chapters the author assesses the likelihood that the West can entrench its global dominance in the realms of soft and hard power and by effecting a controlled reform that will see multilateral structures open up to emerging powers this book will be of great interest to students of European politics EU integration transatlantic relations US foreign policy

diplomacy international security and in general maohun yu tells the story of the intelligence activities of the office of strategic services oss in china during world war ii drawing on recently released classified materials from the u s national archives and on previously unopened chinese documents yu reveals the immense and complex challenges the agency and its director general william donovan confronted in china this book is the first research based history and analysis of america s wartime intelligence and special operations activities in the china burma and india during wwii it presents a complex and compelling story of conflicting objectives and personalities inter service rivalries and crowning achievements of america s military intelligence and political endeavors the significance of which goes far beyond wwii and china the story of the blending of diverse cultures in a land rich in resources and beauty is an extraordinary one in this account the pioneer hunters trappers and traders who roamed the ozark hills and the boatmen who traded on the missouri and mississippi rivers take their place beside the small coterie of st louisians whose wealth and influence enabled them to dominate the region politically and economically especially appealing for many readers will be the attention foley gives to common missourians to the status of women and blacks and to indian white relations this book considers the implications of the regulatory burden being borne increasingly by technological management rather than by rules of law if crime is controlled if human health and safety are secured if the environment is protected not by rules but by measures of technological management designed into products processes places and so on what should we make of this transformation in an era of smart regulatory technologies how should we understand the regulatory environment and the complexion of its regulatory signals how does technological management sit with the rule of law and with the traditional ideals of legality legal coherence and respect for liberty human rights and human dignity what is the future for the rules of criminal law torts and contract law are they likely to be rendered redundant how are human informational interests to be specified and protected can traditional rules of law survive not only the emergent use of technological management but also a risk management mentality that pervades the collective engagement with new technologies even if technological management is effective is it acceptable are we ready for rule by technology undertaking a radical examination of the disruptive effects of technology on the law and the legal mind set roger brownsword calls for a triple act of re imagination first re imagining legal rules as one element of a larger regulatory environment of which technological management is also a part secondly re imagining the rule of law as a constraint on the arbitrary exercise of power whether exercised through rules or through technological measures and thirdly re imagining the future of traditional rules of criminal law tort law and contract law building a just and secure world highlights women s activism often peripheral and one dimensional in peace movement historiography which tends to dramatize men s antiwar and antinuclear activism in national organizations in chicago an urban center of anti war and civil rights activism a generation of middle aged women leaders came to their involvement in the movement through previous experience in mixed sex leftist movements and local civil rights campaigns participant historians of sixties new left peace and feminist movements of the sixties have argued that the old left was defunct and the younger generation re energized socialism in the early 1960s these historians characterized popular front leftists as anticommunist cold war liberals who had abandoned youthful revolutionary aspirations for the reformist new deal welfare state contrary to the arguments the popular front politics were defunct schneidhorst joins historians who argue the popular front generation continued to promote progressive and radical goals into the 1960s these collections of the official past papers of the gce o level examinations from the university of cambridge international examinations has been developed for students of gce o level these books will act as tools for preparation and revision for students these books have an edited answer guide for each paper based on the marks scheme written by cie principal the current economic situation has highlighted deficiencies in corporate governance while

also showing the importance of stakeholder relations it has also raised the profile of the debates regarding corporate social responsibility and shown the inter relationship with governance and the two together are essential for sustainable business the social and environmental contexts of business are generally considered to be as significant as the economic and financial contexts and good governance will address all of these aspects the combination of these aspects offers long term benefits for a firm such as reducing risk and attracting new investors shareholders and more equity as well as sustainable performance written by experts from all over the world a handbook of corporate governance and social responsibility is the most authoritative single volume guide to the relationship between good governance and social responsibility and the reality of managing both in addition to the theory and practice of governance and csr the book includes case studies from large and small organizations and ngos to highlight examples of good and bad practice and to show international and cultural similarities and differences while at the same time furthering the debate regarding the relationship between good governance and social responsibility the united states emerged from world war ii with generally good relations with the countries of latin america and with the traditional good neighbor policy still largely intact but it wasn't too long before various overarching strategic and ideological priorities began to undermine those good relations as the cold war came to exert its grip on u s policy formation and implementation in the truman administration and bolivia glenn dorn tells the story of how the truman administration allowed its strategic concerns for cheap and ready access to a crucial mineral resource tin to take precedence over further developing a positive relationship with bolivia this ultimately led to the economic conflict that provided a major impetus for the resistance that culminated in the revolution of 1952 the most important revolutionary event in latin america since the mexican revolution of 1910 the emergence of another revolutionary movement in bolivia early in the millennium under evo morales makes this study of its cold war predecessor an illuminating and timely exploration of the recurrent tensions between u s efforts to establish and dominate a liberal capitalist world order and the counterefforts of latin american countries like bolivia to forge their own destinies in the shadow of the colossus of the north this volume presents a selection of contributions by russian scholars historians and philosophers to science to the einstein studies industry broadly construed this work explores the historical and foundational issues in general relativity and relativistic cosmology einstein's contributions to early quantum mechanics and the rise of dirac's quantum electrodynamics it also includes a detailed description of the physics colloquium einstein established and coordinated in 1912 1913 and comments on his brief interest in the construction of the plane wing in 1916 most scholars materials from various russian archives shed new light on the famous exchange regarding the first evolutionary cosmological models between einstein and alexander friedmann in the early 1920s and on the role of boris podolsky and vladimir fock in the emergence of quantum electrodynamics the little known correspondence between einstein and a famous german pilot paul erhardt suggests that during world war i the former was involved with aero and hydrodynamics research and ways of improving airplane design other articles introduce new approaches to important foundational questions in general relativity and cosmology in an ocean where myriads of rivers converge can one sole river lend the ocean its distinct flavour for someone who is at home with several languages literary traditions and disciplines is it possible for one form to criss cross the landscape of another in a poet's world of mirrors where stream and earth are sky one may sometimes count every orange on a tree but can one count all the trees in a single orange in this volume guillermo rod  r  guez explores these possibilities by analysing the works of one of india's finest poets translators essayists and scholars of the twentieth century a k ramanujan 1929 1993 this book explores to what extent a state owes human rights obligations to individuals outside of its territory when the conduct of that state impacts upon the lives of those individuals it draws upon legal and political philosophy to develop a theory of extraterritoriality based on the nature of human rights

merging accounts of economic social and cultural rights with those of civil and political rights lea raible outlines four main arguments aimed at changing the way we think about the extraterritoriality of human rights first she argues that questions regarding extraterritoriality are really about justifying the allocation of human rights obligations to specific states second the book shows that human rights as found in international human rights treaties are underpinned by the values of integrity and equality third she shows that these same values justify the allocation of human rights obligations towards specific individuals to public institutions including states that hold political power over those individuals and finally the book demonstrates that title to territory is best captured by the value of stability as opposed to integrity and equality on this basis raible concludes that all standards in international human rights treaties that count as human rights require that a threshold of jurisdiction understood as political power over individuals is met the book applies this theory of extraterritoriality to explain the obligations of states in a wide range of cases beginning with 1915 the abstracts of decisions of the united states customs court are included the cold war in south asia provides the first comprehensive and transnational history of anglo american relations with south asia during a seminal period in the history of the indian subcontinent between independence in the late 1940s and the height of the cold war in the late 1960s drawing upon significant new evidence from british american indian and eastern bloc archives the book re examines how and why the cold war in south asia evolved in the way that it did at a time when the national leaderships geopolitical outlooks and regional aspirations of india pakistan and their superpower suitors were in a state of considerable flux the book probes the factors which encouraged the governments of britain and the united states to work so closely together in south asia during the two decades after independence and suggests what benefits if any anglo american intervention in south asia s affairs delivered and to whom in this look at americans and their politics the authors argue for a more complex understanding of the space occupied by politics in 19th century american society and culture not only does keyserlingk show that great britain and the us recognized the anschluss both in fact and in law throughout the war he also reveals the growing importance of propaganda as a tool of government walk in the footsteps of the first latter day saints with this spiritual guide to church historical sites this immersive guide draws from first hand accounts and the expertise of leading church historians to guide you through the rich history of significant locations of the restoration for these sacred sites authors casey griffiths and mary jane woodger provide the background knowledge behind each site the importance each property has in church history and a short devotional that prompts reflection and invites the spirit with this guide you can understand the early saints vision for the city of zion and the persecutions that forced the saints to leave their beloved city explore the past present and future of the savior s church in the chosen land of missouri see far west once the church s headquarters and one of largest and fastest growing cities in all of missouri and examine the remnants of the lost temple there explore the massacre at hawn s mill and the trials faced by joseph smith and other church leaders in liberty jail immerse yourself in the spiritual history of the restoration you ve never traveled like this before a study prepared by the united nations university world institute for development economics research unu wider nick tiratsoo and jim tomlinson describe and assess the labour party s development of a policy of improving industrial efficiency they concentrate on the debates and initiatives of the wartime period and subsequent implementation of policy under attlee the book modifies existing historiography in two ways it shows that the labour party of 1945 51 was concerned mainly with industrial modernization not with creating the welfare state and it tackles the consequently necessary re evaluation of wider theories about britain s economic decline this book presents a study of the international dimensions of the kashmir dispute between india and pakistan from before its outbreak in october 1947 until the tashkent summit in january 1966 by focusing on kashmir s under researched transnational dimensions it represents a different approach to this intractable territorial

conflict concentrating on the global context s in which the dispute unfolded it argues that the dispute s evolution was determined by international concerns that existed from before and went beyond the indian subcontinent based on new and diverse official and personal papers across four countries the book foregrounds the kashmir dispute in a twin setting of decolonisation and the cold war and investigates the international understanding around it within the imperatives of these two processes in doing so it traces kashmir s journey from being a residual irritant of the british indian empire to becoming a commonwealth embarrassment and its eventual metamorphosis into a security concern in the cold war climate s a princely state of exceptional geo strategic location complex religious composition and unique significance in the context of indian and pakistani notions of nation and statehood kashmir also complicated their relations with britain the united states soviet union china the commonwealth countries and the afro arab asian world this book is of interest to scholars in the field of asian history cold war history decolonisation and south asian studies the movement towards inclusive education is undoubtedly an international phenomenon and it has resulted in the development of policy initiatives impacting on schools in all nations this informative wide ranging text brings together key illustrative material from an international field it adopts a critical perspective on policy issues but goes beyond this by making explicit the assumptions that drive policy development readers will be encouraged to develop their own framework allowing them to conduct policy analysis and evaluation within their own educational context students and researchers interested in how principles of inclusive education are being translated into educational practices around the world will find this book an enlightening read

Nelson Mathematics for Cambridge International A Level: Mechanics 1 2021-12-21 the nelson mathematics for cambridge international as a level series is tailored to the
 needs of a and as level students of the latest 9709 syllabus developed by a team of experienced examiners and international authors it provides comprehensive coverage for
 this syllabus and effective preparation for the cambridge exams the nelson mechanics 1 for cambridge international a level is for students taking the m1 exam paper it
 provides introductions to topics and step by step worked examples to aid students in their understanding of the course material learning objectives are also included letting
 students know exactly what they need to learn and understand in each topic plenty of examples throughout the text strengthen students understanding students are well
 equipped to reach their full potential with practice exam papers providing opportunities for effective exam preparation

SSC CHSL (10+2) Solved Papers Combined Higher Secondary 2021 1851 1 the book is prepared for ssc chsl 10 2 tier 1 online examination 2 previous years solved papers
 2020 2009 are given to know the paper pattern 3 3 practice sets are given for practice 4 3 online test papers are provided to give the exact feel of the examination the staff
 selection commission ssc organizes number of examinations for eligible and potential candidates every year who wish to gain entry into prestigious government jobs at a
 young age to get recruited in different posts like data entry operators lower divisional clerk ldc court clerks etc of ssc chsl here is the new updated edition of ssc chsl 10 2 tier
 1 for online examination 2021 solved papers 2020 2009 proving to be one stop solution that is designed for the complete preparation this book contains solved papers 2020
 2009 3 practice sets giving complete idea and knowledge about the paper pattern questions style and weightage with 3 online practice sets one can get exact feel of the
 examination packed with well organized practice material it is a perfect practice workbook to track your day to day progress to achieve success in the exam table of content
 solved papers 2020 2009 3 practice sets

Accounts and papers 1990 this is a comprehensive edition of maxwell s manuscript papers published virtually complete and largely for the first time

The Scientific Letters and Papers of James Clerk Maxwell: Volume 3, 1874-1879 2001 this is a biographical study which surveys the life and career of boston baptist
 adoniram judson gordon 1836 1895 and examines pre millennialism as his motivation and source of his theological understanding the study examines a moderate calvinistic
 baptist tracing his theological development and analyzing his embrace of pre millennialism and its substantial impact on his pastorate denominational work relationships and
 enterprises gordon s significant role in the shaping of late nineteenth century north american evangelical protestant christianity is demonstrated in this biography

A.J. Gordon 2015-05-15 this comprehensive handbook prepared by leading ocean policy academics and practitioners from around the world presents in depth analyses of the
 experiences of fifteen developed and developing nations and four key regions of the world that have taken concrete steps toward cross cutting and integrated national and
 regional ocean policy all chapters follow a common framework for policy analysis while most coastal nations of the world already have a variety of sectoral policies in place to
 manage different uses of the ocean such as shipping fishing oil and gas development in the last two decades the coastal nations covered in the book have undertaken
 concerted efforts to articulate and implement an integrated ecosystem based vision for the governance of ocean areas under their jurisdiction this includes goals and

procedures to harmonize existing uses and laws to foster sustainable development of ocean areas to protect biodiversity and vulnerable resources and ecosystems and to coordinate the actions of the many government agencies that are typically involved in oceans affairs the book highlights the serious conflicts of use in most national ocean zones and the varying attempts by nations to follow the prescriptions emanating from the 1982 un law of the sea convention and the outcomes of the 1992 2002 and 2012 sustainable development summits the interrelationship among uses and processes in the coast and ocean requires that ocean governance be integrated precautionary and anticipatory overall the book provides a definitive state of the art review and analysis of national and regional ocean policies around the world

Routledge Handbook of National and Regional Ocean Policies 2015-09-01 the government and copyright the government as proprietor preserver and user of copyright material under the copyright act 1968 focuses on the interplay between law policy and practice in copyright law by investigating the rights of the government as the copyright owner the preserver of copyright material and the user of other s copyright material under the copyright act 1968 cth the first of two recurring themes in the book asks the question whether the needs and status of government should be different from private sector institutions which also obtain copyright protection under the law the second theme aims to identify the relationship between government copyright law and policy national cultural policy and fundamental governance values as the first authoritative treatise on government copyright to be published in australia this book will be of immediate interest and relevance to australian lawyers and policy makers particularly in the light of ongoing efforts to ensure that the intellectual property system stimulates innovation and fosters trade and investment given that government copyright is recognised to some extent in most countries worldwide this book is a valuable contribution to the international literature on this topic which remains sparse from the introduction by dr anne fitzgerald and prof brian fitzgerald

The Government and Copyright 2006-01-01 on november 17 1938 great britain the united states and canada after four years of discussion and manoeuvre signed two wide ranging and interlocking trade agreements a few large elements dominated the talks the americans wanted to breach the walls of the british imperial preferential tariff system the british were anxious to retain markets and political support in the british dominions and the baltic while protecting their domestic agriculture and improving political relations with the united states canada whose acquiescence and co operation were necessitated by the pre existing network of trade agreements hoped to win new export markets to retain old ones and to achieve international political tranquility through economic means although the negotiations began with a mixture of lofty and ignoble motives in the end the latter predominated the authors have drawn on archival and statistical materials in all three countries to provide a clear and detailed account of the economic context of the mid 1930s the process of negotiations the issues and the political and economic significance both then and now of the final agreements their work is a valuable case study of the problems that face any country that tries to negotiate freer trade it is therefore full of contemporary resonance and relevance and will be of interest to students of and specialists in modern history european british and north american international relations and international economic policy

Negotiating Freer Trade 1963 this book offers an overview of the interface between european integration transatlantic relations and the rise of the rest in the early 21st century the collapse of the soviet bloc opened up an era in which the drivers and perceived benefits of the us alliance among european countries have become more variegated and shifting the proposition that the us remains at once an indispensable and intolerable nation in europe is a key concept in the alliance as the us remains inextricably tied to the continent through economic military and cultural links this work examines this complex subject area from many angles including an analysis of the

historical and cultural contexts of america s relations with europe as well as a discussion of the politics of transatlantic affairs which utilises evidence gleaned from a series of case studies in the concluding chapters the author assesses the likelihood that the west can entrench its global dominance in the realms of soft and hard power and by effecting a controlled reform that will see multilateral structures open up to emerging powers this book will be of great interest to students of european politics eu integration transatlantic relations us foreign policy diplomacy international security and ir in general

Current Industrial Reports 2012-05-16 maochun yu tells the story of the intelligence activities of the office of strategic services oss in china during world war ii drawing on recently released classified materials from the u s national archives and on previously unopened chinese documents yu reveals the immense and complex challenges the agency and its director general william donovan confronted in china this book is the first research based history and analysis of america s wartime intelligence and special operations activities in the china burma and india during wwii it presents a complex and compelling story of conflicting objectives and personalities inter service rivalries and crowning achievements of america s military intelligence and political endeavors the significance of which goes far beyond wwii and china

Transatlantic Relations in the 21st Century 2011-11-15 the story of the blending of diverse cultures in a land rich in resources and beauty is an extraordinary one in this account the pioneer hunters trappers and traders who roamed the ozark hills and the boatmen who traded on the missouri and mississippi rivers take their place beside the small coterie of st louisians whose wealth and influence enabled them to dominate the region politically and economically especially appealing for many readers will be the attention foley gives to common missourians to the status of women and blacks and to indian white relations

OSS in China 2014-03-12 this book considers the implications of the regulatory burden being borne increasingly by technological management rather than by rules of law if crime is controlled if human health and safety are secured if the environment is protected not by rules but by measures of technological management designed into products processes places and so on what should we make of this transformation in an era of smart regulatory technologies how should we understand the regulatory environment and the complexion of its regulatory signals how does technological management sit with the rule of law and with the traditional ideals of legality legal coherence and respect for liberty human rights and human dignity what is the future for the rules of criminal law torts and contract law are they likely to be rendered redundant how are human informational interests to be specified and protected can traditional rules of law survive not only the emergent use of technological management but also a risk management mentality that pervades the collective engagement with new technologies even if technological management is effective is it acceptable are we ready for rule by technology undertaking a radical examination of the disruptive effects of technology on the law and the legal mind set roger brownsword calls for a triple act of re imagination first re imagining legal rules as one element of a larger regulatory environment of which technological management is also a part secondly re imagining the rule of law as a constraint on the arbitrary exercise of power whether exercised through rules or through technological measures and thirdly re imagining the future of traditional rules of criminal law tort law and contract law

The Genesis of Missouri 2019-02-18 building a just and secure world highlights women s activism often peripheral and one dimensional in peace movement historiography which tends to dramatize men s antiwar and antinuclear activism in national organizations in chicago an urban center of anti war and civil rights activism a generation of middle aged women leaders came to their involvement in the movement through previous experience in mixed sex leftist movements and local civil rights campaigns

participant historians of sixties new left peace and feminist movements of the sixties have argued that the old left was defunct and the younger generation re energized socialism in the early 1960s these historians characterized popular front leftists as anticommunist cold war liberals who had abandoned youthful revolutionary aspirations for the reformist new deal welfare state contrary to the arguments the popular front politics were defunct schneidhorst joins historians who argue the popular front generation continued to promote progressive and radical goals into the 1960s

Law, Technology and Society 2011-11-17 these collections of the official past papers of the gce o level examinations from the university of cambridge international examinations has been developed for students of gce o level these books will act as tools for preparation and revision for students these books have an edited answer guide for each paper based on the marks scheme written by cie principal

Building a Just and Secure World 2004-03-03 the current economic situation has highlighted deficiencies in corporate governance while also showing the importance of stakeholder relations it has also raised the profile of the debates regarding corporate social responsibility and shown the inter relationship with governance and the two together are essential for sustainable business the social and environmental contexts of business are generally considered to be as significant as the economic and financial contexts and good governance will address all of these aspects the combination of these aspects offers long term benefits for a firm such as reducing risk and attracting new investors shareholders and more equity as well as sustainable performance written by experts from all over the world a handbook of corporate governance and social responsibility is the most authoritative single volume guide to the relationship between good governance and social responsibility and the reality of managing both in addition to the theory and practice of governance and csr the book includes case studies from large and small organizations and ngos to highlight examples of good and bad practice and to show international and cultural similarities and differences while at the same time furthering the debate regarding the relationship between good governance and social responsibility

GCE O Level Examination Past Papers with Answer Guides: Maths India Edition 2016-03-16 the united states emerged from world war ii with generally good relations with the countries of latin america and with the traditional good neighbor policy still largely intact but it wasn t too long before various overarching strategic and ideological priorities began to undermine those good relations as the cold war came to exert its grip on u s policy formation and implementation in the truman administration and bolivia glenn dom tells the story of how the truman administration allowed its strategic concerns for cheap and ready access to a crucial mineral resource tin to take precedence over further developing a positive relationship with bolivia this ultimately led to the economic conflict that provided a major impetus for the resistance that culminated in the revolution of 1952 the most important revolutionary event in latin america since the mexican revolution of 1910 the emergence of another revolutionary movement in bolivia early in the millennium under evo morales makes this study of its cold war predecessor an illuminating and timely exploration of the recurrent tensions between u s efforts to establish and dominate a liberal capitalist world order and the counterefforts of latin american countries like bolivia to forge their own destinies in the shadow of the colossus of the north

A Handbook of Corporate Governance and Social Responsibility 1963 this volume presents a selection of contributions by russian scholars historians and philosophers to science to the einstein studies industry broadly construed this work explores the historical and foundational issues in general relativity and relativistic cosmology einstein s

contributions to early quantum mechanics and the rise of dirac's quantum electrodynamics it also includes a detailed description of the physics colloquium einstein established and coordinated in 1912 1913 and comments on his brief interest in the construction of the plane wing in 1916 most scholars materials from various russian archives shed new light on the famous exchange regarding the first evolutionary cosmological models between einstein and alexander friedmann in the early 1920s and on the role of boris podolsky and vladimir fock in the emergence of quantum electrodynamics the little known correspondence between einstein and a famous german pilot paul erhardt suggests that during world war i the former was involved with aero and hydrodynamics research and ways of improving airplane design other articles introduce new approaches to important foundational questions in general relativity and cosmology

Report of Investigations 1963 in an ocean where myriads of rivers converge can one sole river lend the ocean its distinct flavour for someone who is at home with several languages literary traditions and disciplines is it possible for one form to criss cross the landscape of another in a poet's world of mirrors where stream and earth are sky one may sometimes count every orange on a tree but can one count all the trees in a single orange in this volume guillermo rodríguez explores these possibilities by analysing the works of one of india's finest poets translators essayists and scholars of the twentieth century a k ramanujan 1929 1993

Reconnaissance of Tellurium Resources in Arizona, Colorado, New Mexico and Utah 1908 this book explores to what extent a state owes human rights obligations to individuals outside of its territory when the conduct of that state impacts upon the lives of those individuals it draws upon legal and political philosophy to develop a theory of extraterritoriality based on the nature of human rights merging accounts of economic social and cultural rights with those of civil and political rights lea raible outlines four main arguments aimed at changing the way we think about the extraterritoriality of human rights first she argues that questions regarding extraterritoriality are really about justifying the allocation of human rights obligations to specific states second the book shows that human rights as found in international human rights treaties are underpinned by the values of integrity and equality third she shows that these same values justify the allocation of human rights obligations towards specific individuals to public institutions including states that hold political power over those individuals and finally the book demonstrates that title to territory is best captured by the value of stability as opposed to integrity and equality on this basis raible concludes that all standards in international human rights treaties that count as human rights require that a threshold of jurisdiction understood as political power over individuals is met the book applies this theory of extraterritoriality to explain the obligations of states in a wide range of cases

Tariff Hearings Before the Committee... 2015-08-21 beginning with 1915 the abstracts of decisions of the united states customs court are included

The Truman Administration and Bolivia 2002 the cold war in south asia provides the first comprehensive and transnational history of anglo american relations with south asia during a seminal period in the history of the indian subcontinent between independence in the late 1940s and the height of the cold war in the late 1960s drawing upon significant new evidence from british american indian and eastern bloc archives the book re-examines how and why the cold war in south asia evolved in the way that it did at a time when the national leaderships geopolitical outlooks and regional aspirations of india pakistan and their superpower suitors were in a state of considerable flux the book probes the factors which encouraged the governments of britain and the united states to work so closely together in south asia during the two decades after independence and suggests what benefits if any anglo american intervention in south asia's affairs delivered and to whom

Einstein Studies in Russia 1976 in this look at americans and their politics the authors argue for a more complex understanding of the space occupied by politics in 19th

century american society and culture

Papers Relating to the Foreign Relations of the United States 2020-04-26 not only does keyserlingk show that great britain and the us recognized the anschluss both in fact and in law throughout the war he also reveals the growing importance of propaganda as a tool of government
