## **Britain Since 1800: Towards the Welfare State**

1987 a clear and concise introduction to the history of british universities covering all parts of the british isles

## **Universities and Elites in Britain Since 1800**

1995-09-28 masculine assertions whether of verbal command political power or physical violence have formed the traditional subject matter of history this volume combines current discussions in sexual politics with historical analysis to demonstrate that far from being natural and monolithic masculinity is an historical and cultural construct with varied competing and above all changing forms

*Manful Assertions* 2021-10-15 powell introduces and describes two centuries of building activity and the building industry addressing such questions as why and what was built who decided to build and how they did so

*The British Building Industry Since 1800* 1996 muslims constitute britain s second largest religious grouping and writing about their experiences has found a new audience in recent years though not always through a positive lens but a proper historical treatment of their arrival settlement and establishment had been conspicuously absent until humayun ansari s seminal work reissued here in an updated edition the infidel within draws together rich archival research and first hand experience into a broad integrated history of the muslim

presence in Britain among the topics addressed are migration and settlement in Britain before 1945 the evolution of a British Muslim identity Muslim women and families Muslims and education and the growing mobilization of Muslims in Britain's political religious and economic life This definitive and sympathetic history brought right up to date is a must read for anyone seeking to understand modern Britain

### **Universities and Elites in Britain Since 1800**

1995 In this work J. A. Chandler explains how local government in Britain has evolved from a structure that appeared to be relatively free from central government interference to as John Prescott observes one of the most centralised systems of government in the western world

"The Infidel Within" 2018-08-01 This collection of essays explores the broad range of influences which have shaped the distribution of authority within British homes and families religion commercial advertising governments welfare professionals medical experts psychologists and the law

**Explaining Local Government** 2007 masculine assertions whether of verbal command political power or physical violence have formed the traditional subject matter of history This volume combines current discussions in sexual politics with historical analysis to

demonstrate that far from being natural and monolithic masculinity is an historical and cultural construct with varied competing and above all changing forms

The Politics of Domestic Authority in Britain

since 1800 2009-08-13 blue water empire is robert holland s magnificent narrative of britain s military and cultural ties with the mediterranean sea in the style of the epic naval histories of n a m rodger britain has been a major presence in the mediterranean from the battle of the Nile to the end of empire as both a military and a colonising force on the islands and coastlines of the sea robert holland traces the fascinating story of that presence from its legacies in culture language and law to the mediterranean s own influence on britain evoking the conflicts and contrasts between british and local societies caught up in dramatic events as well as their mutual resilience under pressure blue water empire charts with vigour flair and clarity the british experience in the mediterranean in the age of empire reviews an important corrective to current historical amnesia the definitive account of anglo mediterranean history for years to come amanda foreman new statesman a rich and readable account of the british in the middle sea as holland s learned lucid and enjoyable work makes clear many british politicians saw the mediterranean as

the pre eminent global strategic arena representing the key to victory in europe and asia dominic sandbrook sunday times this is an important subject and it has never before been drawn together into a single coherent narrative blue water empire puts the land not the sea at the heart of the story literary review robert holland s masterly history of the mediterranean is a pleasure to read blue water empire shows how britain s mastery of the middle sea shaped the modern world whilst reminding us how profoundly the mediterranean has influenced the british simon ball author of the bitter sea the struggle for mastery in the mediterranean 1935 1949 lively and absorbing philip mansel spectator about the author robert holland is one of the world s leading historians of the mediterranean and the author of britain and the revolt in cyprus 1954 59 and with diana markides the british and the hellenes struggles for mastery in the eastern mediterranean 1850 1960 he holds professorial positions at the centre for hellenic studies in king s college london and the institute of commonwealth studies in the same university

*Manful Assertions* 1991 democratisation in britain is a novel reinterpretation of british social and political history since 1800 in light of the continuing debate about democratisation as such the book goes far

beyond standard histories of political reform in common with the politics in northern europe north america and australasia britain s democratisation began early and in highly favourable circumstances the process took place in stages only half consciously and in the context of a generally benign economic cycle the country possessed a vibrant civil society at most levels of its adult population along with a flexible competitive and opportunistic set of political elites partly as a result the popular expectations and demands released by democratisation were modest and untroublesome countries undergoing democratisation since 1918 have been far less fortunate and the process in thereby much more difficult thus this book may be seen as portraying an ideal type against which to compare and contrast these later experiences democratisation in britain combines the disciplines of political science and history and will be of interest to scholars and students in both fields

*Blue-Water Empire* 2012-01-26 this book addresses the divide that exists between the reality of finance and the image it projects a functioning financial system is an essential feature of a modern economy providing it with money credit capital and investments conversely those who provide this essential service are neither respected nor trusted the

causes and consequences of this divide is explored using the british experience from 1800 to the present drawing upon a mixture of factual evidence and contemporary fiction nothing of this scale has been attempted before and this is the product of 50 years of research

Democratisation in Britain 2017-05-01 in recent years parliamentary debates protests against fox hunting and television shows have all focused on the way in which the british treat animals this book examines the cultural and social role of animals in britain from 1800 to the present

**War On Wealth, The: Fact And Fiction In British Finance Since 1800** 2023-03-21

explaining local government available at last in paperback uniquely presents a history of local government in britain from 1800 until the present day the study explains how the institution evolved from a structure that appeared to be relatively free from central government interference to as john prescott observes one of the most centralised systems of government in the western world the book is accessible to a level and undergraduate students as an introduction to the development of local government in britain but also balances values and political practice to provide a unique explanation using primary research of the evolution of the system

**Animal Rights** 1998-08 going as far back as the thirteenth century britons mined and burned coal britain s supremacy in the nineteenth century depended in large part on its vast deposits of coal which powered industry warmed homes and cooked food as coal consumption skyrocketed the air in britain s cities and towns filled with ever greater and denser clouds of smoke yet for much of the nineteenth century few people in britain even considered coal smoke to be pollution inventing pollution examines the radically new understanding of pollution that emerged in the late nineteenth century one that centered not on organic decay but on coal combustion this change as peter thorsheim argues gave birth to the smoke abatement movement and to new ways of thinking about the relationships among humanity technology and the environment even as coal production in britain has plummeted in recent decades it has surged in other countries this reissue of thorsheim s far reaching study includes a new preface that reveals the book s relevance to the contentious national and international debates which aren t going away anytime soon around coal air pollution more generally and the grave threat of human induced climate change

Blue-water Empire 2013 patrick joyce offers a bold and highly original contribution to the history and theory of the state

**Explaining Local Government** 2013-08-27 this scholarly and well researched study of the building industry documents the interplay of new materials and technologies costs and the changing social and economic forces that affected the decision making about our built environment over the last two centuries the author provides a succinct and readable survey of the growth and development of british building which will be of interest to all building specialists and those training for a career in the construction industry

**Inventing Pollution** 2018-04-16 with contributions from renowned experts in the field this book provides an excellent background to the history of anglo iranian relations focusing on the political and economic relationship of britain and issues of strategic sensitivity the book also illuminates british relations with society and the state and describes the interaction between various representatives and agents of both countries anglo iranian relations have had a long and complex history characterized on the one hand by mistrust and intrusion and on the other by mutual exchange and understanding this book explores the intriguing history of this interactive relationship since 1800 looking at it from a variety of perspectives drawing on previously unavailable documents in english and persian

the book argues that iran in the nineteenth century had a national state which strongly defended the national interests

*The State of Freedom* 2013-04-04 immigration ethnicity multiculturalism and racism have become part of daily discourse in britain in recent decades yet far from being new these phenomena have characterised british life since the 19th century while the numbers of immigrants increased after the second world war groups such as the irish germans and east european jews have been arriving settling and impacting on british society from the victorian period onwards in this comprehensive and fascinating account panikos panayi examines immigration as an ongoing process in which ethnic communities evolve as individuals choose whether to retain their ethnic identities and customs or to integrate and assimilate into wider british norms consequently he tackles the contradictions in the history of immigration over the past two centuries migration versus government control migrant poverty versus social mobility ethnic identity versus increasing anglicisation and above all racism versus multiculturalism providing an important historical context to contemporary debates and taking into account the complexity and variety of individual experiences over time this book demonstrates that no simple approach or theory can

summarise the migrant experience in Britain

*The British Building Industry since 1800*

2013-12-16 Britannia, the female figure with

helmet and spear, symbol of the British Isles

has been one of history's most enduring icons

but who is she whom does she represent who are

the British the Scots Welsh and Irish not to

mention the English have been asking

themselves these questions for hundreds of

years their answers have played themselves out

in the political and cultural fields at the

highest levels and shaped the histories of all

these regions that together are known as

Britain David Powell charts the political

evolution of the United Kingdom from the Act

of Union between Great Britain and Ireland

passed in 1800 to the late 20th century

debates over devolution to Scotland and Wales

the future of Northern Ireland and Britain's

membership of the EU Bloomsbury Publishing

**Anglo-Iranian Relations Since 1800** 2009 this

book is about the manifestations and

explorations of the heroic in narrative

literature since around 1800 it traces the

most important stages of this representation

but also includes strands that have been

marginalised or silenced in a dominant

masculine and higher class framework the

studies include explorations of female

versions of the heroic and they consider

working class and ethnic perspectives the

chapters in this volume each focus on a prominent conjuncture of texts histories and approaches to the heroic taken together they present an overview of the literary heroic in fiction since the late eighteenth century

An Immigration History of Britain 2014-09-11

the seaside has always held a special position in british history as a place of rest relaxation and recuperation over the last 200 years many have made their way to the coast attracted by the long sunshine hours the clean ozone charged air and the opportunities for bathing in and even drinking sea water although the early health resort ideal began to give way to more pleasure orientated themes in the nineteenth century the seaside holiday was still regarded by many as a wholesome and invigorating break from inland urban life well into the twentieth century yet with ever increasing numbers of visitors and rising levels of coastal pollution this was by no means a forgone conclusion the seaside health and the environment in england and wales since 1800 explores the ways in which english seaside resorts continually reinvented themselves to take account of contemporary trends in popular leisure and maintain their hold on the public s imagination particular account is paid to the interwar years when new obsessions with outdoor activities such as sunbathing and tanning were purposefully

adopted by the industry to define the modern image of the resort holiday for these and other reasons the seaside holiday reached new peaks of popularity in the 1930s and 1950s yet this very success placed enormous pressures on the environmental amenities that people came to enjoy as this work shows environmental stresses were manifold particularly pollution of the resorts prime assets their beaches as such serious questions are raised concerning why it took such a long time for a determined effort to be made to reverse beach pollution and the lessons to be learned regarding the impact of negative images of the coast as a zone of danger and infection

*England and Ireland Since 1800* 1975 this general history of modern africa has been revised and updated to take full account of the fresh perspectives on african history brought about by the end of the cold war

Nationhood and Identity 2002 british health policy has undergone enormous change in the post war era the nhs established in the post war period has been constantly reorganised and the role of doctors and associated medical professions has radically changed this book considers the changes in health policy and in the service provided by the nhs and examines in detail the mixed economy of health care and the role of different providers of health care as well as their relationships both with

recipients of care and the state in doing so professor berridge sheds light on the increasingly important part that lay people especially women have played in the provision of health care and looks at community care and the shifting balance of power within the medical profession the book provides a guide to changes in health and health policy during and since world war ii giving an authoritative analysis of the most recent research

**Heroes and Heroism in British Fiction Since 1800** 2016-11-09 this rich and readable history of modern ireland covers the political social economic intellectual and cultural dimensions of the country s development from the origins of the irish question to the present day in this edition a new introductory chapter covers the period prior to union and a new concluding chapter takes ireland into the twenty first century all material has as been substantially revised and updated to reflect more recent scholarship as well as developments during the eventful years since the previous edition the text is richly supplemented with maps photographs and an extensive bibliography there is no comparable brief multidimensional history of modern ireland

**The Seaside, Health and the Environment in England and Wales since 1800** 2016-12-05 surveying british history from the glorious revolution to the present day britain since

1688 provides a thorough overview of this fascinating period tailored to a north american audience

Africa Since 1800 1994-01-27 britain since 1707 is the first single volume book to cover the complex and multi layered history of great britain from its inception until 2007 bringing together political economic social and cultural history the book offers a reliable and balanced account of the nation over a 300 year period it looks at major developments such as the enlightenment the growth of democracy and gender change while also tracing the distinctive experience of different the book s additional features include social and ethnic groups through the decades fully integrating scotland wales and the irish experience the book s comprehensive sweep includes coverage of the industrial revolution the british empire the two world wars and today s multicultural society ideally structured to support courses and classes on british history focus on sections with original documents and sources timelines and tables to aid understanding historical sources and further reading suggestions at the end of each chapter illuminating contemporary illustrations from queen anne to gordon brown this wide ranging and accessible book provides a complete and up to date history of britain offering a coherent account of the evolution

of the nation and its people it will be essential reading for all students of british history

### **Health and Society in Britain Since 1939**

1999-05-27 the text though lively and entertaining is closely argued bringing a refreshing intellectual rigour to a field too often bedevilled by sharp edged polemic or soft focus romanticism its firm structure and distinctive combination of chronological and thematic approaches throw a searching light on how the twin imperatives of conflict and conformity have shaped the lives of irish men and women in the past two centuries these insights are not only of interest in themselves but are of compelling contemporary relevance in few places does the past obtrude so inescapably on the present as it does in ireland and nowhere else perhaps has that past been subjected to such intense analysis in modern times ireland since 1800 does justice to both dimensions and its reworking will be warmly welcomed by old admirers and new readers alike

The Irish Experience Since 1800 2015 this new edition of an established text brings the history of the women s movement in britain right up to the present day updated and expanded the third edition features a new final chapter focusing on the parliamentary breakthrough of 1997 and the likely impact of

women in the upcoming general election another major addition is the study of the effects of the thatcher era on a generation of women from a greater distance the book has been thoroughly revised throughout to analyse the themes and developments of the new millennium including women s employment women and liberal society and women in public life

**Britain Since 1688** 2014-07-10 what does material culture tell us about gendered identities and how does gender reveal the meaning of spaces and things if we look at the objects that we own covet and which surround us in our everyday culture there is a clear connection between ideas about gender and the material world this book explores the material culture of the past to shed light on historical experiences and identities some essays focus on specific objects such as an eighteenth century jug or a 20th powder puff others on broader material environments such as the sixteenth century guild or the interior of a 20th century pub while still others focus on the paraphernalia associated with certain actions such as letter writing or maintaining 18th century men s hair written by scholars in a range of history related disciplines the essays in this book offer exposés of current research methods and interests these demonstrate to students how a relationship between material culture and gender is being

addressed while also revealing a variety of intellectual approaches and topics

**Britain Since 1707** 1999 this book offers an historical analysis of the culture of animal dependent science in Britain from 1945 to the present exploring key areas of animal experimentation such as warfare medical science and law from a gendered perspective questioning the nature of knowledge production in this area and how animal experimentation intersects with broader cultural norms and values concerning sex and gender it examines the impact of contemporary forms of capitalism on animal dependent science its historical trajectory and gendered configuration with close attention to the broad social context from the creation of the welfare state and the loss of empire to the emergence of neoliberalism in the 1980s and its present day omnipotent manifestation the author asks how animal experimentation and the use of nonhuman animals in specific areas of science is gendered and has implications for women drawing on a variety of sociological philosophical feminist and historical theories and engaging with a wealth of primary and secondary materials of scientific research of the time science gender and the exploitation of animals in Britain since 1945 contends that there is a persistent gendered ideology of animal use which remains inscribed within the

policies of the british neoliberal state as such it will appeal to scholars of sociology history and philosophy with interests in gender and the treatment of nonhuman animals

Ireland Since 1800 1962 in this completely revised and rewritten edition the history of the subcontinent has been carried forward to the 1980s and account has been taken of the major advances in the historiography of the regions since the book s first appearance

*Great Britain Since 1688* 2015-04-22 the second edition of this bestselling survey of modern irish history covers social religious as well as political history and offers a distinctive combination of chronological and thematic approaches

Women and the Women's Movement in Britain since 1914 2019-10-24 this book shows how interpretations of suicidal motives were guided by gendered expectations of behaviour and that these expectations were constructed to create meaning and understanding for family friends and witnesses providing an insight into how people of this era understood suicidal behaviour and motives it challenges the assertion that suicide was seen as a distinctly feminine act and that men who took their own lives were feminized as a result instead it shows that masculinity was understood in a more nuanced way than gender binaries allow and that a man s masculinity

was measured against other men focusing on four common narrative types the love suicide the unemployed suicide the suicide of the fraudster or speculator and the suicide of the dishonoured soldier it provides historical context to modern discussions about the crisis of masculinity and rising male suicide rates it reveals that narratives around male suicides are not so different today as they were then and that our modern model of masculinity can be traced back to the 19th century

**Gender and Material Culture in Britain since 1600** 2021-09-30 when the war of independence ended in 1783 many doubted the ability of americans to build a nation today the united states occupies a position comparable to that of britain at the zenith of its power britain and america since independence deals with anglo american relations in the widest sense it shows how the transfer of hegemony from the british empire to the united states affected the way britons and americans viewed one another and its effect on the evolving social economic and political connections between the two countries inspite of political separation geographical distance and intermittent periods of hostility the british have never regarded americans as foreigners americans in turn have looked to britain as the source of their language and culture nevertheless as howard

temperley shows in this far ranging study of the two societies these affinities have often given rise to misunderstanding and confusion as in the current conflict between britain s allegiance to the special relationship and america s belief that the future of britain lies in europe

Science, Gender and the Exploitation of Animals in Britain Since 1945 1984 this timely new edition of the longman companion to britain since 1945 compiled by the series editors themselves provides a wide ranging compendium of key facts and figures on british history from the start of the landmark attlee government in 1945 to the final years of the 1990s the book embraces all major aspects of british history government and society reflecting the massive social political and economic changes that have transformed the face of britain since the end of the second world war fully revised and updated this new edition covers the advent of tony blair the electoral victory of new labour in 1997 and the major constitutional changes currently underway in britain this book will be invaluable to anyone interested in the history and politics of post war britain from students and teachers to party activists and lovers of reader friendly reference books

**Southern Africa Since 1800** 2013-12-02 written by leading international scholars twentieth

century britain investigates key moments  
themes and identities in the past century  
engaging with cutting edge research and debate  
the essays in the volume combine discussion of  
the major issues currently preoccupying  
historians of the twentieth century with clear  
guidance on new directions in the theories and  
methodologies of modern british social  
cultural and economic history divided into  
three the first section of the book addresses  
key concepts historians use to think about the  
century notably class gender and national  
identity organised chronologically the book  
then explores topical thematic issues such as  
multicultural britain religion and citizenship  
representing changes in the field some  
chapters represent more recent fields of  
historical inquiry such as modernity and  
sexuality
