learn an entire mba course without spending thousands and waving goodbye to two years of your life if you want to succeed in business then an mba programme is the best way to build

expertise knowledge and experience but an mba programme at any top school is an enormous investment in time effort and money in the visual mba jason barron offers a radical solution explaining all key business school concepts through illustrations when barron started his mba course he decided to draw all his notes so that other people could benefit from them and it s a good thing he did because research shows that more than 65 of us are visual learners and that our brains process illustrations 60 000 times faster than text from marketing ethics and accounting to organisational behaviour finance operations and strategy the visual mba distils the most important principles of an mba into an accessible informative and easily digestible guide jason barron is a product manager and illustrator who helps people realise their creative ideas through visual learning he spent 516 hours in class and countless hours studying at home completing his mba along the way rather than taking notes that he would never read again jason created sketchnotes for each class and has turned them into an interesting and engaging resource so that you don t have to sit through another class again
