## ***American Art Colonies, 1850-1930***

1996

item gives introductions to the colonies and then short biographies of the artists associated with them

## **Impressions of California**

1996

illustrates the movement of fashion as art from 1850 to 1930 and surveys the appropriation of clothing for art by the avant garde

## ***Impressions of California***

1996

the handbook of international futurism is the first reference work ever to presents in a comparative fashion all media and countries in which the movement initiated by f t marinetti in 1909 exercised a particularly noteworthy influence the handbook offers a synthesis of the state of scholarship regarding the international radiation of futurism and its influence in some fifteen artistic disciplines and thirty eight countries while acknowledging the great achievements of the movement in the visual and literary arts of italy and russia it treats futurism as an international multidisciplinary phenomenon that left a lasting mark on the manifold artistic manifestations of the early twentieth century avant garde hundreds of artists who in some phase in their career absorbed futurist ideas and stylistic devices are presented in the context of their national traditions their international connections and the media in which they were predominantly active the handbook acts as a kind of multi disciplinary geographical encyclopaedia of futurism and gives scholars with varying levels of experience a detailed overview of all countries and disciplines in which the movement had a major impact

## **Against Fashion**

2004

this book examines the transformation of values in china since 1850 first in the secular realms of economics science medicine aesthetics media and gender and then in each of the major religions confucianism

buddhism daoism christianity and in marxist discourse

## **19th Century European Paintings Including Spanish Paintings 1850-1930**

2000

for at least two centuries fashion and art have maintained a competitive love hate relationship both fashion and art construct imaginary worlds and use a language of style to invigorate beliefs perceptions and ideas until now the crossovers of fashion and art have received only scattered treatment and suffered from a dearth of theorization as an attempt to theorize the area this collection of new and updated essays is the most well rounded and authoritative to date some of the world s foremost scholars in the field are assembled here to explore the art fashion nexus in numerous ways from aesthetics and performance to masquerade and media original and inspiring this book will not only secure art fashion as a discrete area of study but also suggest new critical pathways for exploring their continuing cross pollination fashion and art is essential reading for students and scholars of fashion art history and theory cultural studies and related fields

## **Fantastic Illustration and Design in Britain, 1850-1930**

1979

art and fashion have long gone hand in hand but it was during the modernist period that fashion first gained equal value to and took on the same aesthetic ideals as painting film photography dance and literature combining high and low art forms modernism turned fashion designers into artists and vice versa bringing together internationally renowned scholars across a range of disciplines this vibrant volume explores the history and significance of the relationship between modernism and fashion and examines how the intimate connection between these fields remains evident today with contemporary designers relating their work to art and artists problematizing fashion in their works with chapters on a variety topics ranging from russian constructionism and clothing to tango and fashion in the early 20th century fashion and modernism is essential reading for students and scholars of fashion dress history and art history alike contributors patrizia calefato caroline evans ulrich lehmann astrid söderbergh widding alessandra

2015-10-20

historian hurewitz brings to life a vibrant and all but forgotten milieu of artists leftists and gay men and women whose story played out over the first half of the twentieth century and continues to shape the entire american landscape in a hidden corner of los angeles the personal first became the political the nation s first enduring gay rights movement emerged and the broad spectrum of what we now think of as identity politics was born portraying life over more than forty years in the hilly enclave of edendale now part of silver lake hurewitz considers the work of painters and printmakers looks inside the communist party s intimate cultural scene and examines the social world of gay men he discovers why and how these communities inspiring both one another and the city as a whole transformed american notions of political identity with their ideas about self expression political engagement and race relations from publisher description

## **Fashion and Art**

2013-08-15

this book explores how edwardian art writing shaped and narrated embodied performative forms of aesthetic spectatorship it argues that we need to expand the range of texts we think of as art writing and features a diverse array of critical and fictional works often including texts that are otherwise absent from art historical study multi disciplinary in scope this book proposes a methodology for analyzing the aesthetic encounter within and through art writing adapting and reworking a form of phenomenological semiotic analysis found conventionally in performance studies it focuses on moments where theories of spectatorship meet practice moving between the varied spaces of edwardian art viewing from the critical text to the lecture hall the west end theatre and gallery middle class home and fictional novel it contributes to a rethinking of edwardian culture by exploring the intriguing heterogeneity and self consciousness of viewing practices in a period more commonly associated with the emergence of formalism

## ***Fashion and Modernism***

2018-11-01

this edited volume considers the ways in which multiple stages phases or periods in an artistic or design process have served to arrive at the final artifact with a focus on the meaning and use of the iteration to contextualize iteration within artistic and architectural production

this collection of essays presents a range of close studies in art architectural and design history using archival and historiographical research media theory photography material studies and critical theory it examines objects as unique yet mutable works by examining their antecedents successive exemplars and their afterlives and thus their role as organizers or repositories of meaning key are the roles of writing the use of media and relationships between object image and reproduction this volume asks how a closer look at iteration reveals new perspectives into the production of objects and the production of thought alike written by an international team of contributors offering a range of perspectives it looks broadly at meaning and insight offered by the iteration for processes of design for historical research and for the reception of creative works

## **As Above, So Below**

2015-11-15

pop art has traditionally been the most visible visual art within popular culture because its main transgression is easy to understand the infiltration of the low into the high the same cannot be said of contemporary art of the 21st century where the term gaga aesthetics characterizes the condition of popular culture being extensively imbricated in high culture and vice versa taking adorno and horkheimer s the culture industry and adorno s aesthetic theory as key touchstones this book explores the dialectic of high and low that forms the foundation of adornian aesthetics and the extent to which it still applied and the extent to which it has radically shifted thereby upending tradition in the tradition of philosophical aesthetics that adorno began with lukács this explores the ever urgent notion that high culture has become deeply enmeshed with popular culture this is gaga aesthetics aesthetics that no longer follows clear fields of activity where fine art is but one area of critical activity indeed adorno s concepts of alienation and the tragic which inform his reading of the modernist experiment are now no longer confined to art rather stirring examples can be found in phenomena such as fashion and music video in addition to dealing with lady gaga herself this book traverses examples ranging from madonna s madam x to moschino and vetements to deliberate on the strategies of subversion in the culture industry

## ***House of Fashion***

2018-07-12

this unique four volume encyclopedia examines the historical significance of fashion trends revealing the social and cultural connections of clothing from the precolonial times to the present day this sweeping overview of fashion and apparel covers several centuries of american history as seen through the lens of the clothes we wear from the native american moccasin to manolo blahnik s contribution to stiletto heels through four detailed volumes this work delves into what people wore in various periods in our country s past and why from hand crafted family garments in the 1600s to the rough clothing of slaves to the sophisticated textile designs of the 21st century more than 100 fashion experts and clothing historians pay tribute to the most notable garments accessories and people comprising design and fashion the four volumes contain more than 800 alphabetical entries with each volume representing a different era content includes fascinating information such as that beginning in 1619 through 1654 every man in virginia was required to plant a number of mulberry trees to support the silk industry in england what is known about the clothing of enslaved african

americans and that there were regulations placed on clothing design during world war ii the set also includes color inserts that better communicate the visual impact of clothing and fashion across eras

## **Proust and America**

2007-12-01

this book explores students consumer practices and material desires in nineteenth century oxford consumerism surged among undergraduates in the 1830s and decreased by contrast from the 1860s as students learned to practice restraint and make wiser choices putting a brake on past excessive consumption habits this study concentrates on the minority of debtors the daily lives of undergraduates and their social and economic environment it scrutinises the variety of goods that were on offer paying special attention to their social and symbolic uses and meanings through emulation and self display undergraduate culture impacted the formation of male identities and spending habits using oxford students as a case study this book opens new pathways in the history of consumption and capitalism revealing how youth consumer culture intertwined with the rise of competition among tradesmen and university reforms in the 1850s and 1860s

## **The Routledge Companion to Fashion Studies**

2021-09-19

in 2022 it was reported that plus sizes accounted for nearly twenty percent of all women s apparel sales in the united states and was one of the industry s few growth sectors for many this news seemed to herald a remarkably inclusive turn for an industry that long bartered in exclusivity yet the recent success of plus size fashion obscures a rather complicated history one that can be traced back over a century and which illuminates the fraught relationship between fashion fat and weight bias in american culture although many regard fat as a malady of the present in the early twentieth century it was estimated that more than one third of american women classified as overweight while modern weight bias had yet to fully cement itself in the american imaginary the limitations of mass garment manufacturing coupled with the ascendent slender beauty ideal had already relegated larger women to fashion s peripheries by 1915 however fashion forecasters predicted that so called stoutwear was well positioned to become one of the most lucrative subsectors of the burgeoning ready to wear trade in the years that

followed stoutwear manufacturers set out to create more space for the fat woman in fashion but in doing so revealed an ancillary motivation that of how to design fat out of existence altogether fashion before plus size considers what came before plus size fashion while also shedding new light on the ways that the fashion industry not only perpetuates but produces weight bias by situating stoutwear at the confluence of mass manufacturing beauty ideals standardized sizing health discourse and consumer culture this book exposes the flawed foundations upon which the contemporary plus size fashion industry has been built

## **Post-theory, Culture, Criticism**

2004

this innovative volume brings together contributions from leading experts in the study of luxury to present the full range of perspectives on luxury business from a variety of social science approaches topics include conceptual foundations and the evolution of the luxury industry the production of luxury goods luxury branding and marketing distributing luxury globalization and markets and issues of morality inequality and environmental sustainability the oxford handbook of luxury business is a necessary resource for all students and researchers of the field as well as for forward thinking industry professionals

## ***Engaging with Fashion***

2018-11-26

to call something modern is to assert something fundamental about the social cultural economic and technical sophistication of that thing over and against what has come before a cultural history of theatre in the modern age provides an interdisciplinary overview of theatre and performance in their social and material contexts from the late 19th century through the early 2000s emphasizing key developments and trends that both exemplify and trouble the various meanings of the term modern and the identity of modernist theatre and performance highly illustrated with 40 images the ten chapters each take a different theme as their focus institutional frameworks social functions sexuality and gender the environment of theatre circulation interpretations communities of production repertoire and genres technologies of performance and knowledge transmission

## **Clothing and Fashion [4 volumes]**

2015-11-23

reports for 1980 19 also include the annual report of the national council on the arts

## ***The Routledge Companion to Art Deco***

2019-06-25

few phenomena embody the notion of time as well as fashion fast moving and rooted in the now it s constantly creating its own past through the process of rapid style change uniquely poised between the past and the future fashion s relationship with time is unorthodox rather than considering time in the conventional sense this anthology explores three alternative ways to think about fashion and time the first identifies the seasonal nature of fashion as an industry and shows how this has impacted on workers and wearers alike the second looks at fashion design as a ceaseless process of adaptation reconstruction and recombination of motifs in which nostalgia and revivals play their part the third construes fashion s imaginary with its capacity for fantasy and myth making as a form of alternate history that asks what if within this framework key classic texts are juxtaposed with lesser known ones in an

interdisciplinary approach that includes philosophy history literature media and fashion design ranging from the 18th century to the present it will be of interest to anyone wishing to understand one of the most complex yet inescapable aspects of fashion its relationship to time and will be a critical resource for undergraduate and postgraduate students in the humanities and all those interested in fashion in all its creative commercial and cultural aspects
