need to build great products but they also need to lend these products to the
uses and misuses of their customers and learn extensively from them this is the
first book to explore the idea that allowing customers to adapt features in online
products or services to suit their needs is the key to viral growth among the first
creatures to help humans attain the goal of having enough to eat was the pig
which provided not simply enough but general abundance domesticated early
and easily herds grew at astonishing rates only rabbits are more prolific then as
people spread around the globe pigs and traditions went with them with pigs

making themselves at home wherever explorers or settlers carried them today pork is the most commonly consumed meat in the world and no one else in the world produces more pork than the american midwest pigs and pork feature prominently in many cuisines and are restricted by others in the u s during the early1900s pork began to lose its preeminence to beef but today we are witnessing a resurgence of interest in pork with talented chefs creating delicacies out of every part of the pig still while people enjoy pigging out few know much about hog history and fewer still know of the creatures impact on the world and specifically the midwest from brats in wisconsin to tenderloin in iowa barbecue in kansas city to porketta in the iron range to goetta in cincinnati the midwest is almost defined by pork here tracking the history of pig as pork cynthia clampitt offers a fun interesting and tasty look at pigs as culture calling and cuisine

granny work is an impassioned comment on aging work and technology in american culture as riggs challenges popular assumptions with surprising research for example people over the age of 60 spend more time on the internet than people of any other age group and trenchant cultural critique she forces us to confront the deeply entrenched ageism in today s technology driven workplace bike lust roars straight into the world of women bikers and offers us a ride in this adventure story that is also an insider s study of an american subculture barbara joans enters as a passenger on the back of a bike but soon learns to ride her own as an anthropologist she untangles the rules rituals and rites of passage of the biker culture as a new member of that culture she struggles to overcome fear physical weakness and a tendency to shoot her mouth off a tendency that very nearly gets her killed bike lust travels a landscape of contradictions outlaws still chase freedom on the highway but so do thousands of riders of all classes races and colors joans introduces us to the women who ride the rear the biker chick the calendar slut straddling the hot engine the back seat betty at the latest rally or the underage groupie at the local run but she also gives us the first close look at women who ride in their own right on their own bikes as well as a new understanding of changing world of male bikers these are ordinary women s lives made extraordinary adding a dimension of courage to the sport not experienced by males risking life and limb for a glimpse of the very edge of existence this community of riders exists as a primal tribute to humanity s lust for freedom this is the story of a woman who went on an incredible journey carolyn fox was a single mother and lawyer haunted with grief and secrets and facing her fiftieth birthday so she decided to change her life by facing her fears she bought a harley packed it with a sleeping bag and tent and set out to ride through all fifty states alone soul rider is her gripping travel journey memoir written by a successful woman who realized she would have to make significant changes in the way she lived and thought if she ever had a chance to find peace and wholeness soul rider will inspire readers to believe they can improve the quality of their lives by stepping outside their comfort zones find the courage to ask for forgiveness first by forgiving others and then by forgiving themselves recognize that loneliness can be overcome simply by being the first to say hello learn that it s okay to admit failures fears and guilt stuff happens to everyone confront those things and discover how quickly personal empowerment flows along the way carolyn traveled alone but met colorful characters received positive media attention discovered who she was and put more than 14 000 miles on her bike she kept a journal of her adventures and the result is soul rider american motorcyclist magazine the official journal of the american motorcyclist associaton tells the stories of the people who make motorcycling the sport that it is it s available monthly to ama members become a part of the largest most diverse and most enthusiastic group of riders in the country by visiting our website or calling 800 ama join female
