## **Fort William Henry 1755–57 2013-11-20**

after the british garrison of fort william henry in the colony of new york surrendered to the besieging army of the french commander marquis de montcalm in august 1757 it appeared that this particular episode of the french and indian war was over what happened next became the most infamous incident of the war and one which forms an integral part of james fenimore cooper s classic novel the last of the mohicans the massacre of fort william henry as the garrison prepared to march for fort edward a flood of enraged native americans swept over the column unleashing an unstoppable tide of slaughter cooper s version has coloured our view of the incident so what really happened ian castle details new research on the campaign including some fascinating archaeological work that has taken place over the last 20 years updating the view put forward by the last of the mohicans

## **Above the Well 2021-09-01**

above the well explores race language and literacy education through a combination of scholarship personal

history and even a bit of fiction inoue comes to terms with his own languaging practices in his upbringing and schooling while also arguing that there are racist aspects to english language standards promoted in schools and civic life his discussion includes the ways students and everyone in society are judged by and through tacit racialized languaging which he labels white language supremacy and contributes to racialized violence in the world today inoue s exploration ranges a wide array of topics his experiences as a child playing dungeons and dragons with his twin brother considerations of taoist and western dialectic logics the economics of race and place tacit language race wars waged in classrooms with style guides like strunk and white s the elements of style and the damaging horatio alger narratives for people of color

## **The Forts of New France in Northeast America 1600–1763**

***2013-03-20***

new france consisted of the area colonized and ruled by france in north america this title takes a look at the lengthy chain of forts built by the french to guard the frontier in the american northeast including sorel chambly st jean carillon ticonderoga duquesne pittsburgh pa and vincennes these forts were of two types the major stone

forts and other forts made of wood and earth all of which varied widely in style from vauban type elements to cabins surrounded by a stockade some forts such as chambly looked more like medieval castles in their earliest incarnations rené chartrand examines the different types of forts built by the french describing the strategic vision that led to their construction their impact upon the british colonies and the indian nations of the interior and the french military technology that went into their construction

## **The Hand Grenade *2015-02-20***

allowing the user to inflict damage on his opponent within throwing range without leaving cover the portable lethally efficient hand grenade is a ubiquitous weapon of modern warfare and has now found its way into law enforcement arsenals too featuring specially commissioned full colour artwork and an array of revealing photographs of grenades in use and in close up this engaging study explores and assesses the origins development combat use and lasting legacy of the formidable military hand grenade

## **The Fortifications of Malta 1530–1945 2012-11-20**

the island of malta occupies a pivotal position in the mediterranean forming an outpost between north africa and the soft underbelly of europe such has been its strategic importance throughout the years that it has become one of the most fortified places in the world following the successful defence of the island during the great siege of 1565 the knights hospitaller built new walls and fortifications these defences failed when napoleon occupied malta in 1798 and the island was retaken by the british in 1800 from this point onwards malta s defences were modernised throughout the 19th century and the island s final test came during world war ii this book examines all these different styles of fortification from the 16th to the 20th century

## **The Bazooka 2012-06-20**

most belligerents entering world war ii armed their infantry with bulky and ineffectual anti tank rifles as their primary means of combating tanks us planners realized that what infantrymen needed was a relatively lightweight man portable anti tank weapon that was simple to operate accurate and capable of knocking out the average

tank at a reasonable range while also being effective against fortified buildings pillboxes and personnel in the open the bazooka combined a revolutionary new anti tank rifle grenade warhead a much modified british anti aircraft rocket motor and a cobbled together launcher tube and electrical firing system its first test firing astounded observers and it was immediately adopted by the us armed forces featuring specially drawn colour artwork this engaging study tells the story of the bazooka which set the standard for future light anti tank weapons and their ammunition and was a key influence on anti tank tactics and techniques in the post war era

## ***Harley-Davidson 2014-05-10***

harley davidson words that evoke the open american road and the made in america tradition like no others the sweeping chopper handlebars the distinctive throaty potato potato roar of the engine and the unmistakable logo are all emblems recognized the world over this book expertly ties together the mechanical evolution of the harley s engines from the earliest motorized pedal bicycles to the iconic heavyweight twin cylinder v engines we know and love today and the social history of the brand s phenomenal rise in the twentieth century as innovative survivor of the great depression supplier of the military during both world wars and enduring symbol of freedom

and rebellion in movies such as easy rider it is fully illustrated with pictures of the bikes and those who have ridden them as well as beautiful examples of h d s distinctive design aesthetic in advertising and collectibles

***2012-09-20***

the philippines were declared an american territory on january 4 1899 and fortification construction soon began on the islands in the mouth of manila bay among the sites built were fort mills corregidor fort frank and the formidable concrete battleship of fort drum the defenses suffered constant japanese bombardment during world war ii leading to the surrender of american forces in 1945 the forts were manned by japanese soldiers determined to hold out to the bitter end this title details the fortifications of this key strategic location and considers both their effectiveness and historical importance

## The Art of Currency Trading *2019-06-05*

now you can master the art of foreign exchange trading while most currency trading and foreign exchange books focus on international finance theory or simplistic chart based strategies the art of currency trading is a comprehensive guide that will teach you how to profitably trade currencies in the real world author brent donnelly has been a successful interbank fx trader for more than 20 years and in this book he shares the specific strategies and tactics he has used to profit in the forex marketplace the book helps investors understand and master foreign exchange trading in order to achieve sustainable long term financial success the book builds in intensity and depth one topic at a time starting with the basics and moving on to intermediate then advanced setups and strategies whether you are new to currency trading or have years of experience the art of currency trading provides the information you need to learn to trade like an expert this much needed guide provides an insider s view of what drives currency price movements a clear explanation of how to combine macro fundamentals technical analysis behavioral finance and diligent risk management to trade successfully specific techniques and setups you can use to make money trading foreign exchange and steps you can take to better understand yourself and improve your trading psychology and discipline written for currency traders of all skill

levels international stock and bond investors corporate treasurers commodity traders and asset managers the art of currency trading offers a comprehensive guide to foreign exchange trading written by a noted expert in the field

## **Insomnia 2019-03-20**

about 40 of the population experiences difficulty falling or staying asleep at some time in a given year while 10 of people suffer chronic insomnia this concise reference written by leading experts for busy clinicians provides practical and up to date advice on current approaches to assessment diagnosis and treatment of insomnia professionals and students learn to correctly identify and diagnose insomnia and gain hands on information on how to carry out treatment with the best evidence base cognitive behavioral therapy for insomnia cbt i the american academy of sleep medicine aasm and the american college of physicians acp both recognize cbt i as the first line treatment approach to insomnia appendices include useful resources for the assessment and treatment of insomnia which readers can copy and use in their clinical practice

## ***The Vauban Fortifications of France 2013-01-20***

vauban was the foremost military engineer of france not only during his lifetime but also throughout the 18th century when his legacy and methods remained in place almost unchanged indeed his expertise and experience in the construction defence and attack of fortresses is unrivalled by any of his contemporaries of any nationality in all three of those fields he was a significant innovator and prolific exponent having planned approximately 160 major defensive projects and directed over 50 sieges this book provides not only a modern listing of his varied interventions and their fates but also a wide ranging discussion of just how and why they pushed forward the international boundaries of the arts of fortification

## **The Changing American Neighborhood 2023-08-15**

the changing american neighborhood argues that the physical and social spaces created by neighborhoods matter more than ever for the health and well being of twenty first century americans and their communities taking a long historical view this book explores the many dimensions of today s neighborhoods the forms they

take the forces and factors influencing them and the people and organizations trying to change them challenging conventional interpretations of neighborhoods and neighborhood change alan mallach and todd swanstrom adopt a broad inter disciplinary perspective that shows how neighborhoods are messy complex systems in which change is driven by constant feedback loops that link social economic and physical conditions each within distinct spatial and political contexts the changing american neighborhood seeks to understand neighborhoods and neighborhood change not only for their own importance but for the insights they offer to help guide peoples efforts sustaining good neighborhoods and rebuilding struggling ones

## **What You Take with You 2019-04-02**

we stopped to watch the helicopters swoop down to fill the water baskets like hummingbirds at a feeder that was when we saw a new plume of smoke rising to the southwest four years after therese greenwood and her husband moved to fort mcmurray alberta their new community was devastated by one of the worst wildfires in canadian history as the flames approached they had only minutes to pack narrowly escaping a fire that would rage for weeks burn more than 85 000 hectares and force 80 000 people to flee this skillfully told first person

account is more than a disaster narrative greenwood s experience and skill as a journalist and a mystery writer engages and maintains suspense her portrayal of how people behave in an emergency and how a community comes together is uplifting her stories of what she saved from the fire will resonate with anyone who has lived through a crisis and help make sense of a life changing event that garnered interest throughout the world

## ***Juneteenth Celebrates Freedom 2023-08***

in 1863 the emancipation proclamation declared that all enslaved people in confederate states were legally free but word traveled slowly during the civil war it wasn t until june 19 1865 more than two months after the war ended that the good news finally reached galveston texas from that moment forward june 19 became a day to celebrate freedom first in texas and then across the country how did juneteenth develop over time and what is the holiday s enduring legacy find out in an easy to read graphic novel that reveals why juneteenth s evolution into a federal holiday is among the greatest moments in history

## ***US 10th Mountain Division in World War II 2012-10-20***

the 10th was the only us mountain division to be raised in world war ii and still has a high profile being involved in operations from iraq to somalia and from haiti to afghanistan it did not arrive in europe until winter 1944 45 but then fought hard in the harsh mountainous terrain of northern italy the division was special in a number of ways its personnel were selected for physical fitness and experience in winter sports mountaineering and hunting unlike the rest of the infantry it was highly trained in mountain and winter warfare including the use of skis and snowshoes while its organization field clothing and some personal equipment also differed from that of the usual infantry division the division made extensive use of pack mules and its reconnaissance unit was horse mounted conducting the last horse mounted charge in us history in april 1945 featuring full color artwork and rare photographs this is the gripping story of the us army s only mountain division in action during the closing months of world war ii

## **The German Fortress of Metz 1870–1944 *2013-01-20***

following the defeat of france in the franco prussian war of 1870 71 the german army began to construct a fortress line from strasbourg to luxembourg to protect their new territory the centrepiece of which was the great moselstellung moselle position of metz thionville illustrated with rare photographs and full colour cutaway artwork this book examines the design and development of the fortress and analyses its use in combat focusing particularly on the part it played in holding up general patton s third army s advance across france in 1944

## **Strongholds of the Picts *2013-02-20***

when the romans withdrew from britain the north of the country was ruled by the most mysterious of the ancient british races the picts much of what is known about these painted warriors comes from the remains of the fortifications that they left scattered around scotland although the picts are famous as sea raiders they were also subjected to attacks from a number of opponents to their south the romano british reoccupied the abandoned roman fortifications and hired saxon mercenaries to strike against the picts meanwhile from the west a new

group the scoti attacked from ireland this book covers the fortification of the ancient pict in all their conflicts and discusses the importance of these sites as religious centres and seats of power while using the latest archeological evidence to help unravel the mystery of this ancient race

## **World War II US Navy Special Warfare Units *2014-10-20***

with the need for large scale amphibious landings to decide the outcome of world war ii the us navy developed several types of specialized unit to reconnoitre potential landing areas degrade the enemy's ability to resist and assist the landing forces on to the beaches the scouts and raiders were the forerunners of the seals beach jumpers made elaborate simulated landings to distract the enemy the naval combat demolition units and underwater demolition teams cleared obstacles to amphibious landings and naval group china fought alongside chinese guerrillas behind japanese lines this book uncovers the fascinating history of these units the unique gear they went into theatre with and the vital roles they carried out throughout the war

## **Boonesborough Unearthed 2019-07-05**

throughout the revolutionary war fort boonesborough was one of the most important and defensively crucial sites on the western frontier it served not only as a stronghold against the british but also as a sanctuary land office and a potential seat of government originally meant to be the capital of a new american colony fort boonesborough was thrust into a defensive role by the onset of the revolutionary war post revolutionary attempts to develop a town failed and the site was abandoned yet fort boonesborough lived on in local memory boonesborough unearthed frontier archaeology at a revolutionary fort is the result of more than thirty years of research by archaeologist nancy o malley this groundbreaking book presents new information and fresh insights about fort boonesborough and life in frontier kentucky o malley examines the story of this historical landmark from its founding during a time of war into the nineteenth century o malley also delves into the lives of the settlers who lived there and explores the transylvania company s dashed hopes of forming a fourteenth colony at the fort this insightful and informative work is a fascinating exploration into kentucky s frontier past

## ***The Lines of Torres Vedras 1809–11 2012-07-20***

following the battle of bussaco on 27 september 1810 wellington s heavily outnumbered troops began to withdraw towards lisbon by the evening of 9 october the british and portuguese began to withdraw behind a line of defensive works that had been built to the north of lisbon these were not the rudimentary field works that the french anticipated but an enormous network of forts batteries and redoubts whose construction had been started the previous november the lines of torres vedras this 30 mile wide line utilised the area s natural defences damming rivers scarping hillsides blocking roads and establishing forts upon almost all of the hills this title describes its design creation and effectiveness in the face of french attacks

## ***Tomahawk and Musket 2012-01-20***

in 1758 at the height of the french and indian war british brigadier general john forbes led his army on a methodical advance against fort duquesene french headquarters in the ohio valley as his army closed in upon the fort he sent major grant of the 77th highlanders and 850 men on a reconnaissance in force against the fort

the french alerted to this move launched their own counter raid 500 french and canadians backed by 500 indian allies ambushed the highlanders and sent them fleeing back to the main army with the success of that operation the french planed their own raid against the english encampment at fort ligonier under less than fifty miles away with only 600 men against an enemy strength of 4 000 he ordered a daring night attack on the heart of the enemy encampment this book tells the complete story of these ambitious raids and counter raids giving in depth detail on the forces terrain and tactics

## **British Redcoat vs French Fusilier *2016-03-24***

providing a unique glimpse into the experiences of regular british and french infantry during the french and indian war stuart reid reveals what it was like to fight in three battles at the height of the struggle for canada la belle famille the plains of abraham and sainte foy in 1755 britain and france both decided to escalate a low intensity frontier war that had started the previous year by dispatching regular troops to their respective colonies in north america far from home both sides equipment and tactics were initially more suited to the european theatre as the war ground on however combat doctrine evolved as both armies learned lessons that would be utilized by

succeeding generations of soldiers packed with first hand accounts dramatic illustrations and a technical analysis of the changing nature of warfare on the american continent this book puts readers in the shoes of the combatants who played a pivotal role in shaping the future of north america

## **Powerlifting 2021-01-14**

one of the world s greatest powerlifters offers a look at how to train and compete in the sport ten time world champion dan austin has packed powerlifting with technical advice for both men and women on nutrition warm up and recovery training for competition and mental health strategies

## **Wabash 1791 2011-11-20**

the battle of wabash or st clair s massacre was the greatest defeat of the american army by native american forces the campaign opened in 1791 when an newly formed american army under the command of revolutionary war hero arthur st clair set off into the wilderness of ohio in an effort to wrest control of the northwest territory from the various native tribes plagued by logistical problems bad weather and native ambushes the expedition

dragged on for months as the american army slowly eroded due to injury sickness and desertion then on a cold november day an allied native army descended on the americans in the ensuing chaos the americans were slaughtered taking over 90 casualties in this book author john f winkler re examines this one sided victory analyzing what the american s did wrong and how the natives achieved a victory that they could never repeat

## **Union River Ironclad 1861–65 *2012-12-20***

at the start of the american civil war neither side had warships on the mississippi river which was a vital strategic artery in what would prove the vital naval campaign of the war both sides fought for control of the river while the confederates relied on field fortifications and small gunboats the union built a series of revolutionary river ironclads first commissioned in january 1862 these ironclads spent the next two years battling for control of the mississippi fighting in a string of decisive engagements that altered the entire course of the war this book explains how these vessels worked how they were constructed how they were manned and how they were fought

## Tunnel Rat in Vietnam *2012-02-20*

in 1965 soon after the first us combat troops had arrived in vietnam it was realized that in some areas the viet cong had developed vast tunnel complexes in which to hide from the enemy it was long known that such complexes existed but it was not realized just how extensive they were in some areas how important they were to the viet cong and how difficult it was to detect and neutralize them at first infantrymen volunteered to enter the tunnels armed with only pistols and flashlights the tunnel runners were born known to the australians as tunnel ferrets starting as an ad hoc force of infantrymen combat engineers and chemical troops it was not long before units were formalized as tunnel exploration personnel and 4 6 man tunnel exploitation and denial teams were created they came to be known simply as tunnel rats with the unofficial motto non gratum anus rodentum not worth a rat s ass this title will be based on the personal accounts of those who served in this unique role and will describe the specialist training and equipment not to mention the tactics and combat experiences of those who fought an underground war against the viet cong in vietnam

## **Badajoz 1812 *2012-08-20***

badajoz 1812 analyses the storming of badajoz which involved wellington s infantry in some of the most savage hand to hand fighting of the whole peninsular war at appalling cost in a nightmare assault during the night of the 6 april 1812 wellington s soldiers hacked their way over the bodies of their dead and wounded and through the huge medieval walls of the town these were held with great tenacity skill and courage by a resolute french and german garrison having stormed the town the battle crazed army went berserk and the horrors of the sacking which followed as much as the sublime courage of the attackers have passed into legend

## **Fortresses of the Peninsular War 1808–14 *2012-07-20***

in the course of the peninsular war wellington s army fought several hard battles and smaller actions but it was the bloody sieges that troubled him more than anything else indeed the performance of his army during the sieges was probably the most disappointing aspect of what was otherwise an extremely successful campaign taking 1808 as its starting point this title deals with the fortress sieges that involved wellington s anglo

portuguese army and concentrates on four key sites in particular ciudad rodrigo badajoz burgos and san sebastián all of these played a vital role in the war due to their strategically important positions it documents both the sieges and the storming of the fortresses as well as the general role of the fortresses in spain and the impact they had on the thinking of the commanders and strategies of the armies involved

## **Roman Centurions 31 BC–AD 500 2012-02-20**

in the years between 31 bc and ad 500 the romans carved out a mighty empire stretching from britain to the deserts of north africa the men who spearheaded this expansion were the centurions the tough professional warriors who led from the front exerted savage discipline and provided a role model for the legionaries under their command this book the second volume of a two part study reveals the appearance weaponry role and impact of these legendary soldiers during the five centuries that saw the roman empire reach its greatest geographical extent under trajan and hadrian only to experience a long decline in the west in the face of sustained pressure from its barbarian neighbours featuring spectacular full colour artwork written by an authority on the army of the caesars and informed by a wide range of sculptural written and pictorial evidence from right

across the roman world this book overturns established wisdom and sheds new light on rome s most famous soldiers during the best known era in its history

## **Panzerjäger vs KV-1 2012-10-20**

on the soviet side based upon lessons from the spanish civil war the red army decided to develop a heavy breakthrough tank to smash enemy infantry defenses this resulted in the kv 1 and kv 2 tanks introduced in 1939 at the start of operation barbarossa both these tanks were virtually invulnerable to the weapons of the panzerjäger and demonstrated their ability to overrun german infantry on several occasions this advantage gave the red army a window of opportunity between the fall of 1941 and the spring of 1942 to use their heavy tanks to repel the german invasion in a series of desperate counteroffensives yet the window of soviet advantage was a narrow one and the duel between the soviet kv heavy tanks and german panzerjäger had a major impact upon the struggle for the strategic initiative in 1941 42

## **Asia Past and Present 2021-02-17**

a wide ranging introduction to the multi faceted history of asia from early origins to the present asia past and present is an expansive survey of the social political and economic history of the continent from the paleolithic era to the early 21st century as there is no physically discrete continent rather an arbitrary division of the eurasian landmass this book focuses on terrain that encompasses india pakistan afghanistan central asia china korea japan mongolia the russian far east and southeast asia the area which most modern scholars identify as asia offering broad chronological and topical coverage of asia this book examines subjects including written languages religions and philosophies concepts of monarchy militarism independence and nation building and more particular focus is placed on the varying levels of influence the core cultures of india and china have had on the continent in a multitude of socio political areas historical dialogues of how colonies later emerging nations blended traditional asian culture and western political and economic models of modernization complement contemporary discussions of globalization nuclear tensions and growing demands for greater individual freedom written in an engaging accessible style this book covers of a wide range of topics perspectives geographic regions and time periods highlights india and china as the pre 19th century cultural cores of asia presents a

relatable political cultural narrative framework discusses contemporary themes including gender sexual orientation the environment and western and islamic influence on asian culture includes coverage of commonly underrepresented regions such as the himalayan nations maldives and new guinea asia past and present a brief history is a valuable resource for undergraduate courses where asian cultures are introduced and in courses on asian politics diplomacy environmental issues and socio economics

## **The Channel Islands 1941–45 2013-05-20**

following the fall of france and the surrender of paris on 14 june 1940 the british government announced that the channel islands had no strategic importance and would not be defended the germans occupied the islands from the end of june onwards and remained in control until the end of the war on 10 october 1941 hitler announced his intention to convert them into an impregnable fortress and the islands formed the most heavily fortified and defended section of the entire atlantic wall this book describes the design construction and manning of these defensive positions as well as considering more widely the occupation of the channel islands by the germans

## **A Different Kind of War: The United States Army in Operation ENDURING FREEDOM, October 2001 – September 2005 *2013-12-28***

first comprehensive study of the u s army s experience in afghanistan during the first four years of operation enduring freedom oef focuses on army operations in the larger joint and coalition campaign that evolved between october 2001 and september 2005 sheds light on the overall course of oef

## **A Theory of Literate Action *2016-10-17***

a theory of literate action makes a significant contribution to the field and enriches and deepens our perspectives on writing by drawing together such varied and wide ranging approaches from social theory and the social sciences from psychology to phenomenology to pragmatics and demonstrating their relevance to writing studies

## Handbook of Reagents for Organic Synthesis

spurred by the desire to make chemistry a sustainable and greener technology the field of organocatalysis has grown to become one of the most important areas in synthetic organic chemistry organic catalysts can often replace potentially toxic metal catalysts and allow reactions to proceed under mild reaction conditions thereby saving energy costs and rendering chemical processes inherently safer more importantly perhaps organocatalysis offers a complementary reactivity in many instances leading to increased versatility this handbook describes 126 key reagents for organocatalytic reactions and will be especially useful for professionals in the area of sustainable chemistry medicinal research as well as synthetic organic chemists working in academia and the pharmaceutical industry all the information compiled in this volume is also available in electronic format on wiley online library the 126 reagents represented here are but a small fraction of the ca 5 000 reagents available in the electronic encyclopedia of reagents for organic synthesis e eros e eros offers various search interfaces to locate reagents of interest including chemical structure substructure and reactions search modes e eros is updated regularly with new and updated entries
