Je Holi Bib'I Contanin Je Bold and Nu Testaments

1850

while imparting their ethical lessons rabbinic texts often employ vivid images of death aging hunger defecation persecution and drought in confronting vulnerability jonathan wyn schofer carefully examines these texts to find out why their creators thought that human vulnerability was such a crucial tool for instructing students in the development of exemplary behavior these rabbinic texts uphold virtues such as wisdom and compassion propound ideal ways of responding to others in need and describe the details of etiquette schofer demonstrates that these pedagogical goals were achieved through reminders that one's time on earth is limited and that god is the ultimate master of the world consciousness of death and of divine accounting guide students to live better lives in the present schofer's analysis teaches us much about rabbinic pedagogy in late antiquity and also provides inspiration for students of contemporary ethics despite their cultural distance these rabbinic texts challenge us to develop theories and practices that properly address our frailties rather than denying them

A Dictionary of the English Language

1766

given the popular level conversations on phenomena like the gospel of thomas and bart ehrman s misquoting jesus as well as the current gap in evangelical scholarship on the origins of the new testament michael kruger s canon revisited meets a significant need for an up to date work on canon by addressing recent developments in the field he presents an academically rigorous yet accessible study of the new testament canon that looks deeper than the traditional surveys of councils and creeds mining the text itself for direction in understanding what the original authors and audiences believed the canon to be canon revisited provides an evangelical introduction to the new testament canon that can be used in seminary and college classrooms and read by pastors and educated lay leaders alike in contrast to the prior volumes on canon this volume distinguishes itself by placing a substantial focus on

the theology of canon as the context within which the historical evidence is evaluated and assessed rather than simply discussing the history of canon rehashing the patristic data yet again kruger develops a strong theological framework for affirming and authenticating the canon as authoritative in effect this work successfully unites both the theology and the historical development of the canon ultimately serving as a practical defense for the authority of the new testament books

Buckinghamshire Record Society

1940

the present volume discusses the earliest christian views on eschatological opponents and their backgrounds in contemporary judaism it treats the rich variety of early christian speculations on the subject and shows that within this variety a continuity with jewish speculations is to be discerned part one of this book treats the early christian passages of the period up to irenaeus that contain speculations on the coming of an eschatological opponent part two offers a survey of jewish expectations that formed the basis for the christian speculations discussed after the general conclusion the book finishes with an extensive bibliography and an index the book is of interest to any student of early christian eschatology and the continuity between early christianity and contemporary judaism
