ted hughes the iron man is a popular choice for teachers because it can support the national literacy strategy at key stage 2 on a number of points this book provides reading notes activities and assessment guidance for teachers detailing the key points and issues of hughes classic book

The Iron Man 1980

despite the fame ted hughes s poetry has achieved there has been surprisingly little critical writing on his children s literature this book identifies the importance of hughes s children s writing from an ecocritical perspective and argues that the healing function that hughes ascribes to nature in his children s literature is closely linked to the development of his own sense of environmental responsibility this book will be the first sustained examination of hughes s greening in relation to his writing for children providing a detailed reading of hughes s children s literature through his poetry prose and drama as well as his critical essays and letters in addition it also explores how hughes s children s writing is a window to the poet s own emotional struggles as well as his environmental consciousness and concern to reconnect a society that has become alienated from nature this book will be of great interest to not only those studying ted hughes but also students and scholars of environment and literature ecocriticism children s literature and twentieth century literature
