The Clinical Paradigms of Melanie Klein and Donald Winnicott

2018-03-15

the clinical paradigms of melanie klein and donald winnicott seeks to introduce the distinctive psychoanalytic basic principles of both klein and winnicott to compare and contrast the way in which their concepts evolved and to show how their different approaches contribute to distinctive psychoanalytic paradigms the aim is twofold to introduce and to prompt research the book consists of five main parts each with two chapters one each by abram and hinshelwood that describes the views of klein and of winnicott on 5 chosen issues basic principles early psychic development the role of the external object the psychoanalytic concept of psychic pain conclusions on divergences and convergences each of the 5 parts will conclude with a dialogue between the authors on the topic of the chapter the clinical paradigms of melanie klein and donald winnicott will appeal to who are being introduced to psychoanalytic ideas and especially to both these two schools of british object relations

A Perspective on Panic!

1983

the kleinian development derives from lectures delivered at the institute of psychoanalysis london and the tavistock clinic 1965 78 it is divided into three

volumes that examine in turn the writings of sigmund freud melanie klein and wilfred bion

The Kleinian Development - Part II

2018-10-31

voices of determination tells the stories of ten children who overcame extraordinarily difficult circumstances to get an education and end the cycle of generational poverty it debunks the myth that children are victims of circumstance in this moving work kevin p chavous argues that children can and will succeed if the educational system provides them with the opportunity to learn many of these narratives depict public schools at their worst chavous argues that poor communities routinely hire inexperienced teachers lack resources and pass kids along until they drop out once out of school these youngsters quickly find out that they are unprepared for the job market this he claims leads many young people to drift into anti social behavior and turn to gangs drugs and unproductive lifestyles in addition the narratives in this volume also address such social issues as immigration bad neighborhoods poor health care addiction and child abuse chavous highlights how hope for a better future enabled the children whose stories make up this volume to achieve a better life there are potential challenges at every stage of a child s development and the adults around them need to be nearby and ready to act effectively chavous concludes that the need to strengthen families and to rebuild surrounding communities should be the top priorities for society as a whole

1988

this essential edition brings together a collection of classic papers from key figures in kleinian and post kleinian thought that explore the relationship between psychoanalysis and art sandra gosso begins with a comprehensive and fascinating

guide to the history of this relationship which began with freud and was developed further by melanie klein at a time when most analysts were moving away from links with art melanie klein s pivotal paper infantile anxiety situations reflected in a work of art and in the creative impulse follows the introduction the other papers featured are mainly from british analysts who expanded on melanie klein s ideas inspired by the influence of the creative bloomsbury and imago groups

Journal of the National Cancer Institute

1970-10

this work presents a complete history of psychoanalysis from its origins in 19th century medical science to the end of the 20th century the origins of psychoanalysis as well as the more immediate influences on freud are explored as is the way the discipline he founded has developed and changed joseph schwartz first lays out the late victorian approaches to mental illness and health and explains the context in which freud s revolution took place he traces the evolution of freud s own thought then shows how and why the rifts and shifts in the analytic community occurred he then focuses on freud s colleagues rivals successors and detractors jung adler sullivan melanie klein erich fromm to name a few for once we see how the different schools and interpretations fit together how they grew in response to each other and what separate contributions each pioneer made over the last hundred years to create an effective understanding of the world of human subjective experience
