on its release in 1977 ce3k virtually redefined the science fiction film shifting it away from spaceships laser guns and bug eyed monsters into a modified form of science fiction that john wyndham once called logical fantasy what would it be like if extra terrestrials made contact with people on earth how would it feel like 2001 a space odyssey 1968 steven spielberg's primary inspiration ce3k is concerned with mankind's evolution towards the stars towards a state of transcendence but spielberg's vision hinges not so much on cool scientific intellect being the key to our next stage of evolution as on the necessary development of emotional intelligence to that end we must regain our childlike curiosity for what lies beyond the skies we must recover our capacity to experience wonder intensity of emotion is inherent to the film's meaning and the aim of this book is to explore this in detail along the way it delves into the film's production history explores spielberg's remarkable cinematic realisation of the film including a comparison study of the three different release versions and considers in detail how ce3k fits into the spielberg oeuvre phenomenology uncertainty and care in the therapeutic encounter is the latest in a series of books where mark leffert explores the therapeutic encounter as both process and situation looking for evidence of therapeutic effectiveness rather than accepting existing psychoanalytic concepts of theory or cure without question mark leffert focuses on the uncomfortable fact that analysts and therapists can and do make many mistaken assumptions and false moves within their clinical practice and that there is a tendency to ignore the significant levels of uncertainty in what they do beginning with a discussion of the phenomenology of the self and its relations with the world the book moves on to explore the notion that interdisciplinary discourse both opens up possibilities in the therapeutic encounter but also imposes healthy constraints on what can be thought or theorized about psychoanalytically phenomenology uncertainty and care in the therapeutic encounter contributes a new understanding of familiar material and brings a new focus to the care giving and healing aspects of psychoanalysis and psychotherapy leading to a shift in the analyst's identity from that of one who analyses to one who cares for and heals this book will be of interest to psychoanalysts and psychotherapists neuroscientists and academics in the fields of psychiatry comparative literature and literature and the mind this book explores the complexity of preaching as a phenomenon in the medieval jewish christian encounter this was not only an encounter as physical meeting or confrontation such as the forced attendance of jews at christian sermons that took place across europe but also an imaginary or theological encounter in which jews remained a figure from a distant constructed time and place who served only to
