Mapping irrigated areas in the Limpopo Province, South Africa 2017-06-05 this report summarizes the findings of a collaborative effort to map and assess irrigated areas in the limpopo province south africa the study was conducted by the international water management institute iwmi in collaboration with the department of agriculture forestry and fisheries daff and the limpopo department of agriculture and rural development Idard as part of the daff supported revitalization of irrigation in south africa project based on a combination of landsat and moderate resolution imaging spectroradiometer modis satellite data previous irrigated area mapping exercises carried out by daff and three field ground truthing gt surveys a total of 1 6 million hectares mha of cropland were identified with 262 000 ha actually irrigated in the 2015 winter season the study also found that only 29 of all land equipped with center pivots was actually irrigated

Accountability in education: meeting our commitments 2017-10-30 the second edition of the global education monitoring report gem report presents the latest evidence on global progress towards the education targets of the un sustainable development goals with hundreds of millions of people still not going to school and

many not achieving minimum skills at school it is clear education systems are off track to achieve global goals the marginalized currently bear the most consequences but also stand to benefit the most if policy makers pay sufficient attention to their needs faced with these challenges along with tight budgets and increased emphasis on results oriented value for money countries are searching for solutions increased accountability often tops the list the 2017 8 gem report shows the entire array of approaches to accountability in education it ranges from countries unused to the concept where violations of the right to education go unchallenged to countries where accountability has become an end in itself instead of a means to inclusive equitable and high quality education and lifelong learning for all the report emphasizes that education is a shared responsibility while governments have primary responsibility all actors schools teachers parents students international organizations private sector providers civil society and the media 0 3 have a role in improving education systems the report emphasized the importance of transparency and availability of information but urges caution in how data are used it makes the case for avoiding accountability systems with a disproportionate focus on narrowly defined results and punitive sanctions in an era of multiple accountability tools the report provides clear evidence on those that are working and those that are not back cover

SSC CHSL (10+2) Solved Papers Combined Higher Secondary 2021 2021-12-21 1 the book is prepared for ssc chsl 10 2 tier 1 online examination 2 previous years solved papers 2020 2009 are given to know the paper pattern 3 3 practice sets are given for practice 4 3 online test papers are provided to give the exact feel of the examination the staff selection commission ssc organizes number of examinations for eligible and potential candidates every year who wish to gain entry into prestigious government jobs at a young age to get recruited in different posts like data entry operators lower divisional clerk ldc court clerks etc of ssc chsl here is the new updated edition of ssc chsl 10 2 tier 1 for online examination 2021 solved papers 2020 2009 proving to be one stop solution that is designed for the complete preparation this book contains solved papers 2020 2009 3 practice sets giving complete idea and knowledge about the paper pattern questions style and weightage with 3 online practice sets one can get exact feel of the examination packed with well organized practice material it is a perfect practice workbook to track your day to day progress to achieve success in the exam table of content solved papers 2020 2009 3 practice sets

Integrating Scale in Remote Sensing and GIS 2017-01-06 integrating scale in remote sensing and gis

serves as the most comprehensive documentation of the scientific and methodological advances that have taken place in integrating scale and remote sensing data this work addresses the invariants of scale the ability to change scale measures of the impact of scale scale as a parameter in process models and the implementation of multiscale approaches as methods and techniques for integrating multiple kinds of remote sensing data collected at varying spatial temporal and radiometric scales researchers instructors and students alike will benefit from a guide that has been pragmatically divided into four thematic groups scale issues and multiple scaling physical scale as applied to natural resources urban scale and human health social scale teeming with insights that elucidate the significance of scale as a foundation for geographic analysis this book is a vital resource to those seriously involved in the field of giscience

Global Agricultural and Food Marketing in a Global Context: Advancing Policy, Management, and Innovation 2023-03-20 over 70 of food production is in the hands of farmers however numerous studies have shown that smallholder farmers do not have access to markets the reasons for this failure have been attributed to a lack of financial resources and infrastructure to date no one has questioned the role that graduates academics agricultural economists and agricultural extension officials play in the plight of market access global agricultural and food marketing in a global context advancing policy management and innovation discusses key aspects of the agricultural marketing context including the policy environment the available local markets and how they operate the conditions and requirements for international trade the logistic system operations and the technology developments in marketing covering topics such as produce food production and digital marketing this reference work is ideal for farmers government officials policymakers researchers scholars academicians practitioners educators and students

Limpopo's Legacy 2019 argues that the historical primacy of youth politics in limpopo south africa has influenced the production of generations of nationally prominent youth and student activists among them julius malema onkgopotse tiro cyril ramaphosa frank chikane and peter mokaba

Walmart in the Global South 2018-05-02 as the largest private employer in the world walmart dominates media and academic debate about the global expansion of transnational retail corporations and the working conditions in retail operations and across the supply chain yet far from being a monolithic force conquering the world walmart must confront and adapt to diverse policies and practices pertaining to regulation economy

history union organization preexisting labor cultures and civil society in every country into which it enters this transnational aspect of the walmart story including the diversity and flexibility of its strategies and practices outside the united states is mostly unreported walmart in the global south presents empirical case studies of walmart's labor practices and supply chain operations in a number of countries including chile brazil argentina nicaragua mexico south africa and thailand it assesses the similarities and differences in walmart's acceptance into varying national contexts which reveals when and how state regulation and politics have served to redirect company practice and to what effect regulatory context state politics trade unions local cultures and global labor solidarity emerge as vectors with very different force around the world the volume's contributors show how and why foreign workers have successfully though not uniformly driven changes in walmart's corporate culture this makes walmart in the global south a practical guide for organizations that promote social justice and engage in worker struggles including unions worker centers and other nonprofit entities

Southern Africa's Blue Economy 2023-05-18 southern africa's maritime interests are considerable its oceans and ports are essential to the wealth of the region are crucial for trade and are an important source of employment food and energy however regional governments do not place sufficient attention on the blue economy and its potential to stimulate economic growth of the 17 un sustainable development goals goal number 14 life below water is the least funded less than 1 of official development assistance goes toward this goal and even private investment and funding from philanthropic organizations is grossly inadequate to meet africa's blue economy needs it is vital for the international community to face up to the challenges of africa's blue economy and start working on solutions and for southern africa's blue economy policies and goals to be expanded just as sustainable development green initiatives show promise so too could blue economy projects and activities southern africa's rich coastal and marine resources need to be managed on both a national and regional level if they are to be used in a long term sustainable way this book provides for the first time a concise study of the constraints and opportunities that the blue economy offers for southern africa and the role that the southern african development community sadc could play in fostering a sustainable use of its ocean and coastal resources

The Vortex 2024-04-18 environmental challenges are defining the twenty first century to fully understand ongoing debates about our current crises climate change loss of biological diversity pollution extinction resource

woes means revisiting their origins in all their complexity with this ambitious highly original contribution to the environmental history of global modernity frank uekötter considers the many ways humans have had an impact on their physical environment throughout history ours is not a one way trajectory to sudden collapse he argues but rather death by a thousand cuts the many paths we ve forged to arrive in our current predicament from agriculture to industry to infrastructure must be considered collectively if we are to stay afloat in what uekötter describes as a vortex a powerful metaphor for the flow of history capturing the momentum and the many crosscurrents that swept people and environments along his book invites us to look at environmental challenges from multiple perspectives including all the twists and turns that have helped to create the mess we find ourselves in uekötter has written a world history for an age where things are falling apart where we know what lies ahead and are equipped with the right tools technological and otherwise and plenty of experience to deal with environmental challenges but somehow fail to get our affairs in order

Transculturalism and Business in the BRIC States 2016-03-03 transculturalism and business in the bric states edited by yvette sánchez and claudia franziska brühwiler is the first handbook on the bric states that offers a transcultural perspective which goes beyond the typical how to manuals or economic projections and provides an understanding of transculturalism as it is studied and practiced in the respective countries themselves this unique reference book also offers insights into the relations between the corresponding states and the challenges facing those trying to foster more intense business exchanges the reader learns to interpret cross cultural issues from the perspectives of the bric states themselves and gains insight into the way scholars in the bric area reflect on transculturalism moreover it introduces the reader to fresh visualizations that help consider transculturalism beyond the known categories the book will appeal on the one hand to practitioners who are active in the bric states and wish to better grasp the challenges to business relations as well as the intra area dynamics and on the other hand to scholars in transcultural studies and international management due to its insider approach since the book combines theoretical concepts with a clear geographic focus and a critical approach to traditional models it is suitable for both academic audiences as well as for practitioners who appreciate a sound theoretical base and a fresh take on a subject

Sustainable Development in Africa 2019-01-04 eleven original case studies make up this volume on sustainable development in africa carefully selected from presentations at a series of sustainable development workshops organised by eight partner universities the book is one answer to the critical appeal for greater research efforts aimed at understanding africa s challenges as they pertain to poverty reduction and climate change its contributors include faculty and graduates of the three master s programmes in sustainable urban development sustainable integrated rural development and mining and mineral resources coordinated by the eight partner african universities who make up the education for sustainable development in africa esda initiative this initiative is administered by the united nations university institute for the advanced study of sustainability unu ias in tokyo japan the volume is part of the esda book series that serves primarily as undergraduate and graduate instruction materials for courses on sustainable development in africa it also seeks to inform policy initiatives on development issues on the continent

Hyenas of the Limpopo 2017-11-03 an increasing number of people today cross the beitbridge border of south africa and zimbabwe this comes with a corresponding growth of creative strategies that seek to aid the crossing of those people and goods that may lack the necessary documentation such informal border crossings have come to define one of the important economic regions in southern africa the post 1994 limpopo valley this

thesis approaches routine acts of facilitating undocumented border crossings as an everyday social politics with deep historical roots by use of archival and ethnographic methods the thesis examines the social history and embodied practices of a variety of actors who engage in undocumented border crossings a particular focus is placed on the role of private transporters omalayitsha who represent an important link between an exclusionary and yet fragmentary migration regime and undocumented travellers in three theoretical and four empirical chapters and inspired by border studies as well as the critical realist approach in migration studies the thesis connects border practice to irregular movement and cheap labour within a regional context defined in part by dispossession through thick interpretations of the lived experience of border practice the study also connects such political economic processes e g migrant irregularity labour precarity and economic informality to questions of social identity and migrant subjectivities by situating the figure of the hyena at the centre of southern african border struggles the thesis invents an analytical concept that serves both an empirical and a theoretical task empirically it enables a synthetic understanding of how everyday contestations around the possibility to work across the border for low skill migrants have been interacting through time with broader processes of capital accumulation to partly shape the region s migrant labour system theoretically it shows how facilitation of undocumented border crossings calls for new sociological models that can account for processes that escape binary classification as formal or informal inclusive or exclusive legal or illegal ordered or disordered thus contributing to a better understanding of the role of migration in the contemporary world allt fler människor korsar idag gränsen vid beitbridge mellan sydafrika och zimbabwe samtidigt sker en motsvarande ökning av kreativa strategier som gör att även personer och varor som saknar rätt handlingar kan ta sig över gränsen dessa informella gränsövergångar har kommit att definiera vad som efter 1994 blivit en av de viktigaste ekonomiska regionerna i södra afrika limpopodalen i denna avhandling betraktas rutinerna vid sådana oregistrerade gränsövergångar som en vardagens politik med djupa historiska rötter genom arkivstudier och etnografiska observationer undersöker avhandlingen en samhällshistoria och en mänsklig aktivitet där en rad aktörer är inblandade i en pågående papperslös migration en viktig roll i sammanhanget har omalayitsha dvs privata transportörer som ofta är en viktig länk mellan de papperslösa resenärerna och den migrationsregim som å ena sidan stänger dem ute och å andra sidan är så fragmenterad att de tillåts passera igenom i tre teoretiska och fyra empiriska kapitel samt med ett angreppssätt hämtat från gränsstudier border

studies och den kritiskt realistiska skolan inom migrationsstudier syftar avhandlingen till att förstå gränsövergångens praktik i förhållande till den irreguljära mobilitet och det överskott på billig arbetskraft som sätter sin prägel på en region där många är fattiga och fördrivna i avhandlingens djuptolkningar av migranternas levda erfarenhet vid gränsen förbinds i sin tur de politiskt ekonomiska processerna irreguljär migration prekära arbetsvillkor och ekonomisk informalitet med frågor om samhällelig identitet och migrantens subjektivitet avhandlingen ser hyenafiguren som central för förståelsen av de gränsskamper border struggles som utkämpas i södra afrika med hyenan introduceras också ett analytiskt begrepp empiriskt sett möjliggör begreppet en syntetisk förståelse av hur vardagliga tvister och problem som präglar arbetsmigrantens försök att jobba på andra sidan gränsen över tid samverkar med större processer av kapitalackumulation som delvis formar regionens migrantarbetarsystem i teoretiskt avseende visar begreppet hur förhandlingarna som sker vid gränskontrollen klargör behovet av nya sociologiska modeller som kan redogöra för samhällsprocesser som undflyr varje binär klassificering som formell eller informell inkluderande eller exkluderande legal eller illegal ordnad eller oordnad och på så vis bidrar det till en bättre förståelse av migrationens betydelse i dagens värld

Critical Engagement with Public Sociology 2024-01-16 involving four generations of global south researchers this book provides a theoretical and empirical critique of burawoy s model of public sociology it offers a bridge between debates on public sociology and decolonial frameworks

Smallholder irrigation schemes in the Limpopo Province, South Africa 2017-06-08 a survey of 76 public smallholder irrigation schemes in the limpopo province was jointly conducted by the international water management institute iwmi department of agriculture forestry and fisheries daff south africa and the limpopo department of agriculture and rural development Idard as part of the revitalization of smallholder irrigation in south africa project about one third of those schemes was fully utilized one third partially utilized and one third not utilized in the winter of 2015 however no single socioeconomic physical agronomic and marketing variable could explain these differences in utilization sale mostly for informal markets appeared the most important goal dilapidated infrastructure was the most important constraint cited by the farmers the study recommends ways to overcome the build neglect rebuild syndrome and to learn lessons from informal irrigation which covers an area three to four times as large as public irrigation schemes in the province

Natural Resource Sovereignty and the Right to Development in Africa 2021-08-25 this book explores

the nexus between natural resources ownership and the right to development in africa the right to sovereignty over natural resources and the right to development are recognised and protected in an extensive framework of international regional and domestic instruments they guarantee people s entitlement to fully and freely utilise their natural resources as a means of subsistence and for economic social and cultural development yet despite the abundance of natural resources in africa a majority of the people on the continent remain largely impoverished this book articulates the central argument that to achieve the right to development in africa requires appropriate governance of the continent s natural resources to which the people of africa are guaranteed sovereign ownership with case study illustrations from zimbabwe ghana ethiopia and the democratic republic of congo chapters explore the normative measures specific guarantees and community entitlements to natural resources for the realisation of the right to development the book will be an invaluable guide to scholars and postgraduate students of natural resources development and african studies as well as policymakers and practitioners in these areas

Perspectives on Libraries as Institutions of Human Rights and Social Justice 2016-03-07 edited by ursula gorham natalie greene taylor and paul t jaeger perspectives on libraries as institutions of human rights and social justice is an edited volume from the advances in librarianship book series devoted to the ideals activities and programs in libraries that protect human rights and promote social justice

African State Governance 2016-02-05 africa is changing and it is easy to overlook how decentralization democratization and new forms of illiberalism have transformed federalism political parties and local politics chapters on kenya nigeria ethiopia and south africa help fill an important gap in comparative institutional research about state and local politics in africa

Perspectives on the Legislature and the Prospects of Accountability in Nigeria and South Africa 2018-08-03 this book examines the problem of accountability in two african political systems south africa and nigeria despite the principle of separation of powers and the doctrine of checks and balances among the institutions of governance a burgeoning governance crisis stifles the potential of accountability and good governance legislative oversight in the two countries remains largely ineffective while citizens are left to face the consequences of the mismanagement of public resources by political elites this book critically assesses how the legislative institutions in south africa and nigeria have been unable to harness the requisite constitutional

powers to ensure accountability in government and explores the feasibility of their effectiveness the book begins with a comparative analysis of the principles tradition and powers associated with legislative capability in south africa and nigeria the chapters explore constitutional provisions and analyze the capacity of each legislature to function within its respective political environment the book also examines the process and challenges associated with the various measures and mechanisms available for legislatures to ensure accountability in the two countries researchers scholars and students of african politics will find this book useful in their understanding of the problems associated with the simmering governance crisis in south africa and nigeria

Rendir cuentas en el ámbito de la educación: cumplir nuestros compromisos 2017-12-31 tillage agriculture has led to widespread soil and ecosystem degradation globally this is especially so in africa where traditional and modern tillage based agricultural practices have become unsustainable due to severe disturbance and exploitation of natural resources with negative impacts on the environment and rural livelihoods in addition agriculture in africa today faces major challenges including increased costs of production and energy the effects of climate change and the lack of an effective paradigm for sustainable intensification especially for small and medium size holdings africa is facing a serious challenge to food security and as a continent has not advanced towards eradicating hunger in addition the population is still growing much faster than on most other continents this pressure has led to the emergence of no till conservation agriculture as a serious alternative sustainable agriculture paradigm in africa in recent years conservation agriculture techniques and methods have spread to many countries as greater development education and research effort are directed towards its extension and uptake this book is aimed at agricultural researchers and scientists educationalists and agricultural service providers institutional leaders and policy makers working in the fields of sustainable agriculture and international development and also at agroecologists conservation scientists and those working on ecosystem services

Conservation Agriculture for Africa 2016-12-14 what is women s empowerment and how and why does it matter for women s health despite the rise of a human rights based approach to women s health and increasing awareness of the synergies between women s health and empowerment a lack of consensus remains as to how to measure empowerment and successfully intervene in ways that improve health women s empowerment and

global health provides thirteen detailed multidisciplinary case studies from across the globe and through the course of a woman's life to show how science and advocacy can be creatively merged to enhance the agency and status of women accompanying short videos provide background about programs on the ground in india the united states mexico nicaragua zimbabwe and south africa women's empowerment and global health explores the promises and limits of programmatic scientific and rights based work in real world settings and provides the next generation of researchers and practitioners as well as students in global and public health sociology anthropology women's studies law business and medicine with cutting edge and inspirational examples of programs that point the way toward achieving women's equality and fulfilling the right to health provided by publisher

Women's Empowerment and Global Health 2017 nanomaterials have been used for years in industries such as consumer products textile production and biomedicine yet the literature outlining their use in environmental causes is limited the safety toxicity transportation and removal of this technology must be addressed as nanotechnology and nanomaterial use is expected to grow applying nanotechnology for environmental sustainability addresses the applications of nanomaterials in the field of environmental conservation and sustainability and analyses the potential risks associated with their use it elucidates the scientific concepts and emerging technologies in nanoscience and nanotoxicity by offering a wide range of innovative topics and reviews regarding its use this publication is essential for environmental engineers researchers consultants students regulators and professionals in the field of nanotechnology

Applying Nanotechnology for Environmental Sustainability 2016-08-04 as the world's population continues to grow and economic conditions continue to improve more solid and liquid waste is being generated by society improper disposal methods can not only lead to harmful environmental impacts but can also negatively affect human health to prevent further harm to the world's ecosystems there is a dire need for sustainable waste management practices that will safeguard the environment for future generations waste management concepts methodologies tools and applications is a vital reference source that examines the management of different types of wastes and provides relevant theoretical frameworks about new waste management technologies for the control of air water and soil pollution highlighting a range of topics such as contaminant removal landfill treatment and recycling this multi volume book is ideally designed for

environmental engineers waste authorities solid waste management companies landfill operators legislators environmentalists policymakers government officials academicians researchers and students

Waste Management: Concepts, Methodologies, Tools, and Applications 2019-12-06 this book focuses on soil and water conservation at global scale it is a serious environmental problem that will threaten the socio economic well being of the majority of global population in future the book examines the current situation of land degradation in multiple regions of the world and offers alternative approaches to solve the problems through sharing advanced technologies and lessons learned it provides comprehensive assessment on characteristics level and effect of degradation in different regions it s a highly informative reference both for researchers and graduate students

Global Degradation of Soil and Water Resources 2022-01-29 the end of apartheid has triggered massive illegal immigration into south africa from all parts of africa and beyond along with urbanization and internal migration the end of apartheid has encouraged human smuggling and the trafficking of men women and children into the commercial sex market and various sectors of the economy from mining to agriculture and the service industries long walk to nowhere analyzes the impact of these developments on nelson mandela s vision for a democratic south africa frankel explores human rights the political culture public health the criminal justice system and institutional development as south africa moves into its third decade after liberation using migration and human trafficking as barometers for democratic success frankel establishes that south africa has become more unstable under two post mandela presidencies the book covers the three major modes of human trafficking commercial sex trafficking child trafficking and labor trafficking it also looks at the dynamics of trafficking with a perpetrator focus the complex issues of dominance and the policy responses in light of south africa s first comprehensive counter trafficking legislation designed for implementation in late 2015 long walk to nowhere blends south african experiences with contemporary mass political movements which challenge human rights and good governance on a world wide basis

Special Papers 1934 this book investigates small town tourism development in south africa taking into account the most common strategies branding promotion festivals and theming the contents of the book resonate with the intersection of the power elite and their impacts on small town tourism because the book focuses on small town geographies in south africa the literature on small town tourism in the country is

reviewed in chapter 2 to provide a contextual background each subsequent chapter begins with an overview of international literature to give the conceptual context of the case studies each chapter explores in chapter 3 the concept of small town tourism branding is illustrated by an exploration of the richmond book town in chapter 4 the branding theme is probed further in an investigation of two winners of the kwêla town of the year competition namely fouriesburg and de rust chapter 5 documents the branding of sedgefield through its proclamation as africa s first cittaslow slow town a process driven by the local power elite to the exclusion of town s poor who have no understanding of the intentions of the cittaslow movement and its potential benefits for the town chapter 6 is a case study of greyton s tourism led rural gentrification by which a small town has transformed in three decades to become a sought after place of residence for elite immigrants so making the town a jewel tourism destination while reinforcing racial segregation because festivals and events creations of the wealthy have made significant financial contributions to small towns chapter 7 considers festivals and events as strategies to market and brand small towns in a particular way case studies of the economic impacts of festivals on small towns are assessed and the assessment methodologies used are critiqued chapter 8 provides a synthesis by drawing on the thesis of the urban growth machine by power elites

Long Walk to Nowhere 2016-04-30 the 2016 edition of the economic report on africa era 2016 focuses on greening industrialization and highlights sustainable and people centred industrialization given the impacts of climate change resource scarcities and environmental degradation measures for de risking africa s development are critical the form and pattern of africa s industrialization shaped by its abundant natural resources especially water and renewable energy sources are discussed within the scale and scope that tackles inequality and promotes inclusivity the report employs a value chain approach in analyzing the decoupling needs of key economic sectors towards low carbon intensive economic growth in africa country case studies are used in demonstrating ongoing greening activities across key sectors this is supported with modelling of future development scenarios under business as usual and greening to demonstrate the additionality of greening policies and investments in making a business case to support the industrialization and transformation momentum in the continent s development agenda the report therefore provides evidence based information to policymakers and other stakeholders on greening africa s industrialization to achieve inclusive and sustainable structural transformation and growth on the continent
