The Power of Story

2017-11-07

through this book readers will discover that stories can move the human heart and head in ways that research cannot stories bring together readers writers librarians teachers students and families in the libraries of today and will continue to do so tomorrow written for all those lovers of literacy this book links libraries and literacies through the power of stories the book is not filled with data in the form of pie charts graphs and tables rather the truth of the research is grounded in authentic stories that reflect not only the interpretation of data but also the transformative nature of literacies and libraries the author s primary goal is that readers will come to value and use storytelling in their own professional and personal lives to explain and expand on complex concepts and to make information more accessible for all the book begins by presenting anecdotes and the author s personal story to lay the foundation for what literacies are and what literacy is not an activity spiral of literacy allows readers to reflect on their own literacies chapters that follow each begin with a story that sets the theoretical foundation each chapter concludes with an action section that demonstrates how to turn theory to practice whether you are in a library a classroom or at home a final chapter envisions what libraries might look like in 10 years through interviews with librarians teachers and others interested in literacy

The Handbook of Informal Language Learning

2020-02-03

anyone who is touched by public education teachers administrators teacher educators students parents politicians pundits and citizens ought to read this book a revamped and updated second edition it will speak to educators policymakers and citizens who are concerned about the future of education and its relation to a robust participatory democracy the perspectives offered by a wonderfully diverse collection of contributors provide a glimpse into the complex multilayered factors that shape and are shaped by education institutions today the analyses presented in this text are critical of how globalization and neoliberalism exert increasing levels of control over the public institutions meant to support the common good readers of this book will be well prepared to participate in the dialogue that will influence the future of public education in united states and beyond a dialogue that must seek the kind of change that represents hope for all students as for the question contained in the title of the book the phenomenon of obama and the agenda for education can hope still audaciously trump neoliberalism second edition carr and porfilio develop a framework that integrates the work of the contributors including christine sleeter and dennis carlson who wrote the original forward and afterword respectively and the updated ones written by paul street peter mclaren and dennis carlson which problematize how the obama administration has presented an extremely constrained conservative notion of change in and through education the rhetoric has not been matched by meaningful tangible transformative proposals policies and programs aimed at transformative change and now fully into a second mandate this second edition of the book is able to more substantively provide a vigorous critique of the contemporary educational and political landscape there are many reasons for this and according to the contributors to this book it is clear that neoliberalism is a major obstacle to stimulating the hope that so many have been hoping for addressing systemic inequities embedded within neoliberalism carr and porfilio argue is key to achieving the hope so brilliantly presented by obama during the campaign that brought him to the presidency

das internet hat eine medienrevolution eingeleitet die inzwischen richtig Fahrt aufgenommen hat während früher wenige Journalisten und Redakteure über Radio Fernsehen und die Printmedien informierten kann heute jeder zum Sender werden preiswerter Webspaces leistungsfähige Software und moderne Technologien ermöglichen es jedem von uns eigene Blogbeiträge Bilder und Videoclips einem potenziellen Millionenpublikum zugänglich zu machen und das Beste daran Sie können es tun ohne programmieren lernen zu müssen ob Blogbeiträge Videos oder Screencasts Moritz Mo Sauer Autor Journalist und Webdesigner gibt Ihnen das nötige Journalistische und Technische Know How an die Hand Weblogs Wordpress ist ein freies Blog System mit dem Sie Ihr Blog einfach und komfortabel betreiben können von der Installation über das Einstellen des ersten Artikels bis hin zur erfolgreichen Vernetzung und individuellen Erweiterung Ihres Systems durch Plugins Moritz Mo Sauer begleitet Sie kompetent und zuverlässig Videos Videos Erobern das und machen auch vor mobilen Geräten nicht halt werden Sie selbst zum Videoproduzenten für erste Experimente benötigen Sie lediglich ein Mobiltelefon mit Kamera oder eine Digitalkamera mit Videofunktion erfahren Sie wie Sie Videos konzipieren schneiden exportieren und auf

portale wie youtube und vimeo oder ihre eigene website hochladen
twitter twitter ist das werkzeug der wahl um aktuelle trends zu
recherchieren auf dem laufenden zu bleiben oder auf die eigenen inhalte
aufmerksam zu machen moritz mo sauer weicht sie in die gepflogenheiten
des twittersversums ein und stellt bewährte twitter tools vor
suchmaschinenoptimierung auch der beste blogartikel und das
originellste video sind nur dann erfolgreich wenn sie wahrgenommen
werden wie sie ihre inhalte für die suchmaschinen und ihre rezipienten
optimal aufbereiten wird umfassend beschrieben rechtliche hintergründe
das netz ist kein rechtsfreier raum damit sie juristische fallstricke
erkennen und meiden haben die juristen dr laura dierking und christoph
golla die rechtlichen grundlagen auch für laien verständlich
zusammengefasst
