The Official Vintage Guitar Magazine Price Guide 2004 1998-02

by the time the 1969 model year rolled around it was well established that muscle cars were fast and plentiful every manufacturer had at least one corner of the showroom where the go fast guys could congregate and discuss the merits and time slips of the latest performance offerings competition being what it was the manufacturers were looking for ways to entice potential buyers to choose their product over ever increasing offerings from the competition some manufacturers tried to accomplish this with affordable prices some tried fancy marketing schemes and some created a look and a style that screamed performance even when standing still the 1969 mach i was ford s attempt to create a package and a style to match the performance of its recently released and very potent 428 ci cobra jet engine package displacing the still available but more conservative gt trim the mach i included unique and innovative graphics and mechanical innovations including shaker hood scoops dual racing mirrors deluxe interiors competition suspension dual chrome exhaust tips and blacked out hoods the result was a wildly popular model that sold more than 70 000 units compared to slightly more than 5 000 gt models for the year each volume in the in detail series provides an introduction and historical overview an explanation of the design and concepts involved in creating the car a look at marketing and promotion an in depth study of all hardware and available options and an examination of where the car is on the market today also included are paint and option codes vin and build tag decoders as well as production numbers

Android□□□□□□□□□□ 1996-03

the history of dinky toys corgi toys and other makers of diecast metal cars has been covered in great detail in many books and magazine articles by contrast information on plastic toy cars is much harder to come by yet collectors are taking an increasing interest in plastic cars particularly as the rise in the value of early diecast and tinplate models has put many of these out of reach of the average enthusiast for the first time this book aims to provide a systematic introduction to the vast number of plastic cars made during the 1950s and 1960s years of research have enabled the author to uncover many fascinating facts about the companies who made these toys some were major players in the toy industry like tri ang and brimtoy in the uk norev and minialuxe in france gama and siku in germany and ingap in italy many others though were more obscure and some only modeled one car before disappearing without trace more than 250 photographs of these toys are included with the emphasis being on the most colorful and realistic examples all of them based on real vehicles of the period in many cases the toy is

pictured alongside its original box the presence of which can often double the value of the item to a collector readers will also find a handy glossary listing the names of many of the companies who were active in this field in the 1950s and 1960s together with some evocative period advertisements and catalogue illustrations if you thought that a model car had to be made of diecast metal to be worth collecting this book might change your mind with 250 color photos extensive appendices and identification aids this is a must have for any collector or dealer

Mustang, the Affordable Sports Car 2018

maybe you just started building your assets or perhaps you already have many valuable items such as collections or jewelry either way it is important to protect your belongings from beloved childhood treasures like baseball cards and comic books to big ticket items like musical instruments and automobiles replacing your assets can be very expensive having insurance will help lessen your financial loss if your possessions are damaged lost or stolen but buying a policy can be confusing and complicated this book will answer many common questions about insurance8212 and how to minimize the chances you will need to use that insurance in the first place
