How God Answers Prayer (How to Pray)

2005-09-01

what happens when you pray this book does not tell you how to get answers to your prayers there are thousands of books like that this is a radically different book because it approaches prayer from God's perspective prayer is relationship with God when you understand how God answers prayer then you realize prayer is all about trusting your heavenly father trusting him to answer what is best for you how it's best for you and when it's best for you divided into three inspiring sections and bite size chapters filled with full servings of biblical goodness you will learn about the following and much more God answers when you wait in his presence for the answer God can give you a vision of how the answer can come God answers when you yield to his will use your faith supernaturally to move God's work forward God may allow an obstacle to tell you no it will not happen when God answers your prayer differently from what you expected God may say no I have a better plan for your life well known author and respected Liberty University dean and professor Dr Elmer Towns sheds light on your innermost desire to communicate with your heavenly father and brings your relationship with him to an even more intimate level of love

One Right Answer, Infinite Wrong Answers: Why Humanity Is Addicted to Being Wrong

2014-05-12

this is a book about the one objective truth of existence and the countless subjective falsehoods accepted as true by the vast majority of humanity this book focuses especially on new age guru ken wilber s fallacious system known as integral theory his theory of everything where he attempts to place a wide diversity of mystical theories and the teachings of various gurus into a single framework that supposedly explains everything wilber s system is best summed up in his statement i have one major rule everybody is right more specifically everybody including me has some important pieces of truth and all of those pieces need to be honored cherished and included in a more gracious spacious and compassionate embrace it is exactly this sentiment that underlies the new age hegemony of relativism and subjectivism of everyone having their own experiences their own path their own truth in such a system it becomes impossible for people to reach the one absolute objective truth of existence which grounds everything in order to reach the truth the task is not to pretend to people that they are all right but to show where they have gone wrong where they have strayed from reason and logic where they have succumbed to irrationalism via emotionalism sensory empiricism faith and mysticism wilber adopts a fully irrationalist stance when he claims that the enlightened are what he calls trans rational i e they have somehow transcended reason and logic and thus reached the zone according to wilber where they can apprehend absolute reality in fact absolute reality insofar as it is intelligible is nothing but the expression of the principle of sufficient reason and its corollary occam s razor how do we eliminate the infinite wrong answers to existence and reach the one infallible right answer to existence it s simplicity itself the answer to existence is the simplest and most rational possible any answer that is not rational is irrational hence false any answer that is not the simplest is wrong because reality would never privilege complexity over simplicity reality necessarily follows the path of least resistance the most economic path it does not know how to introduce superfluous needless and pointless complexity you will never understand the answer to existence if the answer you support is against rationalism and against rational simplicity

in these talks given in europe ojai and india krishnamurti addresses the need to approach our life problems in a manner does not perpetuate fragmentation though we have many problems and each problem seems to produce so many other problems perhaps we can consider together whether the wisest thing to do is not to seek the solution of any problem at all it seems to me that our minds are incapable of dealing with life as a whole we deal apparently with all problems fragmentarily separately not with an integrated outlook perhaps the first thing if we have problems is not to seek an immediate solution for them but to have the patience to inquire deeply into them and discover whether these problems can ever be solved by the exercise of will what is important i think is to find out not how to solve the problem but how to approach it an extensive compendium of krishnamurti s talks and discussions in the usa europe india new zealand and south africa from 1933 to 1967 the collected works have been carefully authenticated against existing transcripts and tapes each volume includes a frontispiece photograph of krishnamurti with question and subject indexes at the end the content of each volume is not limited to the subject of the title but rather offers a unique view of krishnamurti s extraordinary teachings in selected years the collected works offers the reader the opportunity to explore the early writings and dialogues in their most complete and authentic form
