selected as a financial times best book of 2013 governments today in both europe and the united states have succeeded in casting government spending as reckless wastefulness that has made the economy worse in contrast they have advanced a policy of draconian budget cuts austerity to solve the financial crisis we are told that we have all lived beyond our means and now need to tighten our belts this view conveniently forgets where all that debt came from not from an orgy of government spending but as the direct result of bailing out recapitalizing and adding liquidity to the broken banking system through these actions private debt was rechristened as government debt while those responsible for generating it walked away scot free placing the blame on the state and the burden on the taxpayer that burden now takes the form of a global turn to austerity the policy of reducing domestic wages and prices to restore competitiveness and balance the budget the problem according to political economist mark blyth is that austerity is a very dangerous idea first of all it doesn't work as the past four years and countless historical examples from the last 100 years show while it makes sense for any one state to try and cut its way to growth it simply cannot work when all states try it simultaneously all we do is shrink the economy in the worst case austerity policies worsened the great depression and created the conditions for seizures of power by the forces responsible for the second world war the nazis and the japanese military establishment as blyth amply demonstrates the arguments for austerity are tenuous and the evidence thin rather than expanding growth and opportunity the repeated revival of this dead economic idea has almost always led to low growth along with increases in wealth and income inequality austerity demolishes the conventional wisdom marshaling an army of facts to demand that we austerity for what it is and what it costs us

in a world ruled by fickle goddesses these bear shifter bikers pursue their fated mates the mc bear mates vol 1 box set is here contains the following novels mars mars donner is tall dangerous and brutally loyal his golden eyes melt panties and make men get out of his way he'd done his fair share of dirt and even put a few people in the dirt but he had lines he wouldn't cross as long as he had his mc his cut and his hog he thought he could get

through anything then he met his fated mate and he knew there was no line he wouldn't cross for her. Annette Vogel is an investigative journalist and no stranger to chasing a story freshly back from Afghanistan. Her therapist tells her that she needs to take it easy that working through PTSD is a process but adrenaline junkies don't take it easy and when she gets wind of a human trafficking circle she has to go after the story but crossing those kinds of people can have deadly consequences especially when the story starts chasing her. Mundo Jimmy Mundo Aston always found himself deep in the shit whether it was going at it with rival bikers or cops he never let his opponent get the better of him. This attitude was why he found himself in jail eager to get out and back with his club three hots and a cot weren't bad and at over six feet tall he knew no one would try any funny business so really it was just getting through the boredom until he met her. Christie Lockheart didn't believe in love she didn't believe in chances she'd lost loves to chance and thought they could go to hell for all she cared she could at least focus on her work the one thing that kept her grounded as a dentist for the county corrections department she went from jail to jail to treat inmates not a glamorous job but she thought she was beyond glamor at this point until she met Mundo Aston and their brief interaction left her with lots of questions and the desire to take a chance again just as they try to put together a normal life the evil stalking the nomads MC strikes again. Kiko Kiko had thought he'd seen everything but when the parade of young ladies came streaming out of the shipping container their hair stuck to their scalps and reeking of god knows what he felt sick to his stomach he knew it was stupid to draw the line here after years of using violence and force like most people use language but the line was drawn and he knew he wouldn't cross this one now these women were under the protection of the nomads and the Ukrainian mob would be in for a very bloody fight if they thought they could force these women to do anything and there was one who was something special.
