## **Anarcho-Fascism**

2017-09-08

anarcho fascism nature reborn deals with a multitude of important current issues and presents a controversial and constructive starting point for an intellectual discussion on how the west can regain control of its own destiny the book can rightly be described as a polemical pamphlet built on solid arguments and full of references to other works for those who wish to deepen their knowledge of the subjects discussed the author does not shy away from issues that are considered taboo in contemporary society as these subjects are crucial to future developments the title anarcho fascism might seem contradictory at first glance bearing in mind the classical view on anarchism and fascism is there really anything that unites these ideologies and can offer a solution to the problems facing the west based on the author s bachelor s thesis in political science the book goes beyond the strict limits of ideologies and gives alternative answers to many questions it invites the reader to partake in a discussion of the false perceptions that are influential today and what the consequences of this will be it also offers possible solutions to avoid this likely future scenario

## **The Nature of Fascism**

2013-10-11

the nature of fascism draws on the history of ideas as well as on political social and psychological theory to produce a synthesis of ideas and approaches that will be invaluable for students roger griffin locates the driving force of fascism in a distinctive form of utopian myth that of the regenerated national community destined to rise up from the ashes of a decadent society he lays bare the structural affinity that relates fascism not only to nazism but to the many failed fascist movements that surfaced in inter war europe and elsewhere and traces the unabated proliferation of virulent but thus far successfully marginalized fascist activism since 1945

## Catholicism and Fascism in Europe 1918 - 1945

2015-05-01

die im vorliegenden band versammelten aufsätze analysieren die vielfältige art und weise wie der vatikan die nationalen kirchen und einzelne katholiken mit dem aufstieg der extremen rechten in europa während der 1920er 1930er und frühen 1940er jahre umgingen vom ende des ersten weltkriegs der mit recht als einer der wichtigsten katalysatoren des europäischen faschismus in der zwischenkriegszeit gilt bis zum schluss und zu den unmittelbaren nachwirkungen des zweiten weltkriegs während einige aufsätze sich auf theoretische methodologische probleme konzentrieren beschäftigen sich die meisten beiträge mit jeweils einem land oder einer region wo eine faschistische bewegung oder ein solches regime zwischen den kriegern und während des zweiten weltkriegs erfolgreich war und wo es gleichzeitig eine signifikante katholische präsenz in der gesellschaft gab fast ganz europa wird behandelt ein beispielloses unternehmen und eine große zahl wichtiger kontexte und methoden wird untersucht so wirken die beiträge mit an der allgemeinen entwicklung eines interpretativen cluster modells das eine reihe von grundmustern der forschung vereinigt und zukünftige untersuchungen anregen wird the papers presented in this volume analyse the many ways in which the vatican national churches and individual catholics dealt with the rise of the extreme right in europe throughout the 1920s 1930s and early 1940s from the end of the first world war arguably one of the main catalysts of european interwar fascism to the conclusion and immediate aftermath of the second world war while a number of papers focus primarily on theoretical methodological issues pertaining to the book s general theme the majority of papers focus on either a country or region where a fascist movement or regime flourished between the wars and during the second world war and where there was a significant catholic presence in society the various chapters cover almost the entire european continent an endeavour that is unprecedented and they explore a wide range of relevant contexts and methodologies thus further contributing to the general development of an interpretive cluster model that incorporates a series of investigative matrixes and that will hopefully inspire future research

## **Fascism, Totalitarianism and Political Religion**

2013-09-13

9 11 and its aftermath demonstrate the urgent need for political scientists and historians to unravel the tangled relationship of secular ideologies and organized religions to political fanaticism this major new volume uses a series of case studies by world experts to further our understanding of these complex issues they examine the connections between fascism political religion and totalitarianism by exploring two inter war fascist regimes two abortive european movements and two post war american extreme right wing movements with contrasting religious components a highlight of this collection is a fresh article from emilio gentile recently awarded an international prize for his contributions to our appreciation of the central role played by political religion in the modern age this is preceded by an editorial essay by roger griffin one of fascist studies most original thinkers alongside these contributions the reader is presented with a wealth of work that redefines the complex concept of totalitarian movement and our understanding of generic fascism taken as a whole it comprehensively analyses the links between particular totalitarian movements and regimes and the concrete historical phenomena produced in the light of current radical theories of fascism totalitarianism and political religion this book will be of great interest to all students and scholars of international relations politics and contemporary history this volume was previously published as a special issue of the journal totalitarian movements and political religions

## **Rethinking the History of Italian Fascism**

2022-03-10

in the last years the discussion around what is fascism if this concept can be applied to present forms of politics and if its seeds are still present today became central in the political debate this discussion led to a vast reconsideration of the meaning and the experience of fascism in europe and is changing the ways in which scholars of different generations look at this political ideology and come back to it and it is also changing the ways in which we consider the experience of italian fascism in the european and global context the aim of the book is building a general history of fascism and its historiography through the analysis of 13 different fundamental aspects which were at the core of fascist project or of fascist practices during the regime each essay considers a specific and meaningful aspect of the history of italian fascism reflecting on it from the vantage point of a case study the essays thus reinterrogates the history of fascism to understand in which way fascism was able to mould the historical context in which it was born how and if it transformed political cultural social elements that were already present in italy the themes considered are violence empire war politics economy religion culture but also

antifascism and the impact of fascism abroad especially in the twenties and at the beginnings of the thirties the book could be both used for a general public interested in the history of europe in the interwar period and for an academic and scholarly public since the essays aim to develop a provocative reflection on their own area of research

## **Interpretations of Fascism**

2017-07-05

this volume constitutes a survey of social science efforts to explain the fascist phenomenon attempts to adequately interpret fascism have involved an inordinate number of social researchers and historians for an inordinate amount of time over the past half century for all that we still find ourselves without a compelling account of the entire complex sequence fascism constitutes a significant concern for students of contemporary politics to develop an intellectually defensible explanation of the nature origins and development of italian fascism and german nazism remains a responsibility still outstanding interpretations of fascism provides a review of the efforts that have been made to date to interpret and explain the phenomenon it addresses itself specifically to those efforts undertaken to provide a social science explanation of mussolini s fascism dealing wiht the special application of social science methods to a specific problem the book provides a special angle to examine this ubiquitous system in a comparable context the book should be useful for college courses inb political theory comparative politics democracy and dictatorship economic and political change and modern european history the new edition is graced by a provocative lengthy new essay reviewing the literature from 1973 through 1996 as such it is an up to date examination of fascism in our times professor gregor is careful to emphasize that fascist movements can thrive in confines far beyond italy and germany it has found fertile soil from russia to africa in short gregor argues that this makes fascism a movement that extends through political space no less than historical time the documentation of the book is now very rich with a bibliographic review that can serve experts and generalists alike stanley g payne credits gregor with clearing away useless obfuscatory theoretical debris claiming that gregor s book serves the study of fascist politics very well indeed and giuseppe prezzolini introduced the italian language edition by noting that interpretations of fascism is rich in information and scientifically precise in style a reflection of an intelligence that operates beyond passions

## **Modernism and Fascism**

2007-05-22

intellectual debates surrounding modernity modernism and fascism continue to be active and hotly contested in this ambitious

book renowned expert on fascism roger griffin analyzes western modernity and the regimes of mussolini and hitler and offers a pioneering new interpretation of the links between these apparently contradictory phenomena

## **World Fascism [2 volumes]**

2006-09-18

this book shows how during the 20th century evils such as totalitarianism tyranny war and genocide became indelibly linked to the fascist cause and examines the enduring and popular appeal of an ideology that has counted princes poets and war heroes among its most fervent adherents from the followers of hajj amin al husseini the arab leader who met with adolf hitler in november 1942 to the murderous death squads of the croatian ustasha to certain members of the british establishment fascism s heady brew of extreme nationalism and revolutionary violence has attracted followers from across all religions races and classes now widely reviled fascism became an immensely powerful political force in western europe throughout the 1930s and into the 1940s how did civilized nations like italy germany austria and others succumb to an ideology now regarded by the political mainstream as barbarous and beyond the pale world fascism a historical encyclopedia covers all the key personalities and movements throughout the history of fascism and brings to light some of the ideology s lesser known aspects from hindu extremists in india to the influential role of certain women in fascist movements how did an ideology which was openly boastful of its belief in violence come to seduce the elites of some of the most civilized nations on earth what can explain fascism s enduring appeal

## ***Morality Wars***

2015-11-17

is patriotism a good thing in an empire did general petraeus betray us or did moveon does morality often serve immoral purposes morality wars shows us how to understand the subtext of these questions and of all the debates about moral values and liberal versus conservative ideology derber and magrass show that the moral problem today is not just lying but immoral morality doing evil in the name of good e g bush preemptively invading iraq to spread liberty the authors explore three ancient codes of immoral morality frighteningly resurrected in america today those of empire the politically correct and the born again although the right today has recrafted historic arguments that empires bring peace and fundamentalists battle moral decay the authors show the democratic party and the left have their own im with democrats supporting empire and the left its own political correctness america s political divide today is a backlash to the progressive revolution of the 1960s and 1970s secular antiwar

fascism and nordic history and readers interested in the general history of fascism

## **Perversions of Fascism**

2018-04-17

contemporary versions of evil demonise modern fascists totalitarian threats and hitlers as if not obscure enough fascist evil has been equivocally linked with perversion this book reveals that both fascism and perversion implicate the non symbolisable kernel in politics which becomes the source of their mystification it argues that the fascist does not take the same discursive position as the pervert does regarding this symbolic gap the author develops a new rhetoric de pathologised and de ideologised regarding the structure of the so called pervert introducing new vocabularies and directions for psychoanalytic research that further distance the pervert or whom he calls the extra ordinary subject from fascist politics and instead exposes his diachronic fascist isolation from the social edifice this reveals the fruitful alternatives that can stem from a return to freud cum lacan which supports a flexible on going reformulation of psychoanalytic knowledge

## **Fascism Past and Present, West and East**

2006-04-27

in the opinion of some historians the era of fascism ended with the deaths of mussolini and hitler yet the debate about its nature as a historical phenomenon and its value as a term of historical analysis continues to rage with ever greater intensity each major attempt to resolve it producing different patterns of support dissent and even hostility from academic colleagues nevertheless a number of developments since 1945 not only complicate the methodological and definitional issues even further but make it ever more desirable that politicians journalists lawyers and the general public can turn to experts for a heuristically useful and broadly consensual definition of the term these developments include the emergence of a highly prolific european new right the rise of radical right populist parties the flourishing of ultra nationalist movements in the former soviet empire the radicalization of some currents of islam and hinduism into potent political forces and the upsurge of religious terrorism most monographs and articles attempting to establish what is meant by fascism are written from a unilateral authoritative perspective and the intense academic controversy the term provokes has to be gleaned from reviews and conference discussions the uniqueness of this book is that it provides exceptional insights into the cut and thrust of the controversy as it unfolds on numerous fronts simultaneously clarifying salient points of difference and moving towards some degree of consensus twenty nine established academics were invited to engage with an article by roger griffin one of the most influential

2023-08-16

8/19

bhu uet solution bsc paper 1

theorists in the study of generic fascism in the anglophone world the resulting debate progressed through two rounds of critique and reply forming a fascinating patchwork of consensus and sometimes heated disagreement in a spin off from the original discussion of griffin s concept of fascism a second exchange documented here focuses on the issue of fascist ideology in contemporary russia this collection is essential reading for all those who realize the need to provide the term fascism with theoretical rigor analytical precision and empirical content despite the complex issues it raises and for any specialist who wants to participate in fascist studies within an international forum of expertise the book will change the way in which historians and political scientists think about fascism and make the debate about the threat it poses to infant democracies like russia more incisive not just for academics but for politicians journalists and the wider public

## ***Genocide and Fascism***

2008-09-25

this book investigates how fascism as an ideology and political praxis reconfigured the ideological political and moral landscape of interwar europe generating an atmosphere of extreme license that facilitated the leap into eliminationist violence it demonstrates how fascist ideology linked the prospect of violent cleansing to utopias of national racial regeneration thus encouraging and legitimizing targeted hatred against particular others it also shows how the diffusion and internationalization of fascism in the 1930s produced a sense of a revolutionary new beginning and created a transnational fascist new order in which nazi germany came to occupy a potent position of authority the book analyzes how the eliminationist initiative and precedent of nazi germany became a second license that empowered fascist regimes across europe to embark on their own eliminationist projects with diminished accountability finally it examines how this license enhanced by the actions of fascists and the collapse of order caused by world war two released individuals and communities from the burden of legal and moral accountability turning them into accomplices in the most wide brutal and devastating genocidal campaign that the continent had ever experienced

## **Contemporary British Fascism**

2016-02-02

right parties enjoying unprecedented success across europe this book also locates its subject in the broader international context

## **The Civic Foundations of Fascism in Europe**

2019-01-29

a historical look at the emergence of fascism in europe drawing on a gramscian theoretical perspective and development a systematic comparative approach the civic foundations of fascism in europe italy spain and romania 1870 1945 challenges the received toquevillian consensus on authoritarianism by arguing that fascist regimes just like mass democracies depended on well organized rather than weak and atomized civil societies in making this argument the book focuses on three crucial cases of inter war authoritarianism italy spain and romania selected because they are all counter intuitive from the perspective of established explanations while usefully demonstrating the range of fascist outcomes in interwar europe civic foundations argues that in all three cases fascism emerged because the rapid development of voluntary associations combined with weakly developed political parties among the dominant class thus creating a crisis of hegemony riley then traces the specific form that this crisis took depending on the form of civil society development autonomous as in italy elite dominated as in spain or state dominated as in romania in the nineteenth century

## **The Culture of Japanese Fascism**

2009-04-13

this bold collection of essays demonstrates the necessity of understanding fascism in cultural terms rather than only or even primarily in terms of political structures and events contributors from history literature film art history and anthropology describe a culture of fascism in japan in the decades preceding the end of the asia pacific war in so doing they challenge past scholarship which has generally rejected descriptions of pre 1945 japan as fascist the contributors explain how a fascist ideology was diffused throughout japanese culture via literature popular culture film design and everyday discourse alan tansman s introduction places the essays in historical context and situates them in relation to previous scholarly inquiries into the existence of fascism in japan several contributors examine how fascism was understood in the 1930s by for example influential theorists an antifascist literary group and leading intellectuals responding to capitalist modernization others explore the idea that fascism s solution to alienation and exploitation lay in efforts to beautify work the workplace and everyday life still others analyze the realization of and limits to fascist aesthetics in film memorial design architecture

## **Fascism, Anti-Fascism and Britain in the 1940s**

2016-01-20

despite the second world war and the holocaust postwar britain was not immune to fascism by 1948 a large and confident fascist movement had been established with a strong network of local organisers and public speakers and an audience of thousands however within two years the fascists had collapsed under the pressure of a successful anti fascist campaign this book explains how it was that fascism could grow so fast and how it then went into decline

## ***The Fascist Party and Popular Opinion in Mussolini's Italy***

2012-07-19

contradicts the current orthodoxy that there was a generalised popular consensus for the fascist regime and for mussolini s rule at least until the disasters of the second world war demonstrates that there was widespread and mounting hostility to the regime among large sections of the population even in the 1930s

## **Fascism in Europe**

2020-09-10

what was fascism why did it gain support between the wars and could it happen again this collection of essays published in 1981 by leading authorities on the subject offers a comprehensive study of european fascism with a detailed analysis of its roots its extraordinary strength between the two world wars and its prospects in modern europe the essays discuss the economic political and social conditions out of which individual fascist movements arose the crucial problem of why a few fascist parties succeeded but most failed the essays on italy germany and spain examine the continuities and contradictions between the fascist movements in opposition and the fascist regimes in power the introductory and conclusive essays are concerned with the overall problem of the historical nature of the fascist phenomenon but all the papers address themselves directly to this theme testing the generalizations made by social scientists against the historical experiences of individual countries besides italy and germany which harboured the major fascist movements the countries discussed range from those with traditional parliamentary democracies such as england france belgium and norway to the new states which emerged from the collapse of the central european empires such as austria hungary romania and poland originally published in 1968 under the title european fascism this survey acquired a worldwide reputation for its excellent and wide ranging account of the history role and functions of fascism in europe the present edition contains six new or wholly re written essays and three substantially revised ones

## The Politics of Replacement

2023-12-01

the politics of replacement explores current demographic conspiracy theories and their entanglement with different forms of racism and exclusionary politics such as sexism the book focuses on population replacement conspiracy theories that is those imaginaries and discourses centered on the idea that the national population is under threat of being overtaken or even wiped out by those considered as alien to the nation and that this is the result of concerted efforts by elites replacement conspiracy theories are on the rise again from eurabia fantasies to renaud camus the great replacement white supremacist discourses are thriving and increasingly broadcasting in mainstream venues to account for their rise and spread this edited volume brings together research on various dimensions of population replacement conspiracy theories different theoretical and methodological approaches different social scientific and humanities inter disciplinary backgrounds different geographical case studies across europe north america southeast asia and oceania different time periods medieval archives colonial archives nazi archives postcolonial migrations post 9 11 and different forms of racialization and racisms islamophobia antisemitism racism against migrants and refugees it also explores the entanglement of population replacement discourse with gendered violence the book is organized into four sections 1 exploring the historical background of the current rise of demographic conspiracy theories 2 tracing the neoliberal governmentalities in and through which replacement discourse operates 3 analyzing the particularly intense focus on the threat of muslims in contemporary replacement conspiracy theories and 4 investigating the connection between replacement conspiracies gender and violence this title is essential reading for scholars journalists and activists interested in the contemporary far right conspiracy theories and racisms

## *Superman Supreme*

2014-02-25

the supremacy of the global fascist superman never became a reality but was certainly an intention this work explores the use of the image of the male body in european american and asian fascism of varying degrees and various interpretations and the differences and similarities involved

## **Norse Revival**

2016-01-12

norse revival offers a thorough investigation of germanic neopaganism asatru through an international and comprehensive historical perspective it traces germanic neopaganism s genesis in german ultra nationalist and occultist movements around 1900 based on ethnographic research of contemporary groups in germany scandinavia and north america the book examines this alternative neopagan religion s transformations towards respectability and mainstream thought after the 1970s it asks which regressive and progressive elements of a national romantic discourse on norse myth have shaped germanic neopaganism it demonstrates how these ambiguous ideas about nordic myth permeate general discourses on race religion gender sexuality and aesthetics ultimately norse revival raises the question whether norse mythology can be freed from its reactionary ideological baggage

## **Bodies Under Siege**

2023-06-06

think today s anti abortion ideas are rooted in religious prohibitions or arguments about where life begins wrong today s anti abortion movements is largely financed and planned by far right extremists many of them are avowedly fascist and white supremacist afraid of a great replacement of the world s white population by other races who are working hard to reshape governments and policies across europe north america and around the world much of this far right organizing and funding network however has been overlooked by today s feminist and left movements as investigative journalist sian norris uncovers here it is through attacking abortion rights that fascist ideas from the dark web incel chat boards and fringe organizations comes to enter mainstream debate and to then shape governmental policy across europe from authoritarian regimes like hungary s to liberal democracies like britain as norris goes undercover at anti abortion activist meetings and pieces together the money trail linking american think tanks to far right fascist groups she maps out the pipeline by which fascism has become respectable across the global north by taking away women s reproductive rights and autonomy

## **Lost Imperium**

2020-08-05

2023-08-16

14/19

bhu uet solution bsc paper 1

this book examines for the first time the role of britain s empire in far right thought between 1920 and 1980 throughout these turbulent decades upheaval in the empire combined with declining british world power was frequently discussed and reflected upon in far right publications as were radical policies designed to revitalise british imperialism drawing on the case studies of ireland india palestine kenya and rhodesia lost imperium argues that imperialism provided a frame through which ideas at the core of far right thinking could be advocated nationalism racism conspiracy theory antisemitism and anti communism the far right s opposition to imperial decline ultimately reflected more than just a desire to reverse the fortunes of the british empire it was also a crucial means of promoting central ideological values by analysing far right imperial thought we are able to understand how they interacted with mainstream ideas of british imperialism during the twentieth century while also promoting their own uniquely racist violent and authoritarian vision of empire this book will be of interest to students and scholars of british fascism empire imperialism racial and ethnic studies and political history

## **The Body of Nature and Culture**

2008-10-14

this book explores the relationship of human bodies with natural and cultural environments arguing that these categories are linked and intertwined it argues for an environmentally sustainable and healthy relationship between the body and the earth

## **The Apprentice's Sorcerer**

2009-11-23

this book contends incisively that fascism far from being the antithesis of liberalism ought to be seen centrally as an effort to unknot the longue durée tangle of the liberal order as it finally collided head on with mass democracy

## **The Fascist Revolution**

2022-01-04

originally published by howard fertig inc under the title the fascist revolution toward a general theory of fascism copyright 1999 by george l mosse

## Imagining Fascism

2007

the role and influence of intellectuals is one of the flashpoints in the recurring debate on the nature and dimensions of french fascism at the forefront of this debate are a group of emerging writers collectively known as the young right though thoroughly schooled in the reactionary nationalism of charles maurras action francaise whose orbit they entered in the early 1930s they were soon seduced by the mobilizing force of neighboring fascist movements and regimes led by two precocious literary talents robert brasillach and thierry maulnier the young right set themselves to rejuvenating french nationalism and winning a place for france in an emerging new europe their project an attempt to graft lessons from foreign sources onto a native language of french generational and cultural politics was one of several efforts to create a distinctive french fascism

## **Motorsport and Fascism**

2022-04-28

this book is the first english language study of motorsport and italian fascism arguing that a synergy existed between motor racing and fascism that did not exist with other sports motorsport was able to bring together the two dominant and often opposed cultural roots of fascism the futurism of f t marinetti and the decadence associated with gabriele d annunzio the book traces this cultural convergence through a topical study of motorsport in the 1920s and 1930s placing it in the context of the history of sport under mussolini s regime chapters discuss the centrality of speed and death in fascist culture the attempt to transform rome into a motorsport capital the architectural and ideological function of the monza and tripoli and autodromes and two chapters on the importance of the mille miglia a genuine fascist artefact that became one of the most legendary motor races of all time

## **Donatello Among the Blackshirts**

2005

focuses on the appropriation of visual elements of the classical medieval and renaissance past in mussolini s italy

## ***Visualizing Fascism***

2020-03-13

visualizing fascism argues that fascism was not merely a domestic menace in a few european nations but arose as a genuinely global phenomenon in the early twentieth century contributors use visual materials to explore fascism s populist appeal in settings around the world including china japan south africa slovakia and spain this visual strategy allows readers to see the transnational rise of the right as it fed off the agitated energies of modernity and mobilized shared political and aesthetic tropes this volume also considers the postwar aftermath as antifascist art forms were depoliticized and repurposed in the west more commonly analyses of fascism focus on italy and germany alone and on institutions like fascist parties but that approach truncates our understanding of the way fascism was indebted to colonialism and internationalism with all their attendant grievances and aspirations using photography graphic arts architecture monuments and film rather than written documents alone produces a portable concept of fascism useful for grappling with the upsurge of the global right a century ago and today contributors nadya bair paul d barclay ruth ben ghia maggie clinton geoff eley lutz koepnick ethan mark bertrand metton lorena rizzo julia adeny thomas claire zimmerman

## **White Riot**

2011-07-01

from the clash to los crudos skinheads to afro punks the punk rock movement has been obsessed by race and yet the connections have never been traced in a comprehensive way white riot is a definitive study of the subject collecting first person writing lyrics letters to zines and analyses of punk history from across the globe this book brings together writing from leading critics such as greil marcus and dick hebdige personal reflections from punk pioneers such as jimmy pursey darryl jenifer and mimi nguyen and reports on punk scenes from toronto to jakarta

## **Liberal Fascism**

2009-01-29

today the word fascist is usually an insult aimed at those on the right from neocons to big business but what does it really mean what if the true heirs to fascism were actually those who thought of themselves as being terribly nice and progressive the

**2023-08-16**
