On the connexion of the physical sciences ... Eighth edition 1858 based on author s thesis doctoral university of bristol 2017 issued under title how should english law relate to islam

Supranational Criminal Law 2003 the book explores english marine protected areas regulation linking the regulatory landscape to key theoretical themes in environmental social sciences

A Theoretical and practical treatise on midwifery 1863 a broad accessible evidence based analysis of tax law and how democratic tax states are confronting today s global digital challenges

The Law Students' Journal 1881 recentring the world recovers a richly contextual detailed history of western imposed legal structures in china as well as engagements with international law by chinese officials jurists and citizens beginning in the late qing era it shows how international law functioned as a channel for power relations techniques of economic domination as well as novel forms of resistance the book also radically diversifies traditionally eurocentric accounts of modern international law s origins demonstrating how by the mid twentieth century chinese jurists had made major contributions to international organizations and the un system the international judiciary the laws of armed conflict and more drawing on extensive archival research this book is a valuable guide to china s often conflicted role in international law its reception and contention of concepts of sovereignty property obligation and autonomy and its gradual move from the periphery to a shared spot at the center of global legal order

Canadian Business English, 8th Edition 2021-02-04 biography of the abortion act exploring how it was shaped by and shaped a changing uk

British Islam and English Law 2022-01-27 this new edition considers a wide range of materials dealing with dispute processes and current debates on civil justice

Regulating the Sea 2022-12-31 provides a critical analysis of brexit placing it in the broader context of the historical development of the british constitution

Tax and Government in the 21st Century 2022-09-08 there is a memorable line by ancient greek poet archilochus the fox knows many things but the hedgehog knows one big thing drawing on this metaphor made popular by isaiah berlin this book sets out to think like a fox about transitional justice in an intellectual environment largely dominated by hedgehogs critical of the unitary hedgehog like vision underlying mainstream discourse this book proposes a pluralist reading of the field it asks what would it mean for transitional justice to constructively deal with conflicts of values and interests in societies grappling with a violent past and what would it imply to make meaningful room for diversity to see the many rather than just the one

Recentring the World 2022-11-03 the notion that children constitute an important group of rights holders has gained increasing acceptance both domestically and internationally nevertheless this rhetorical commitment to children s rights is not necessarily realised in practice now in its fourth edition fortin s children s rights and the developing law explores the extent to which law and policy in england promotes

or undermines the rights of children fully revised and updated this textbook uses current research on child development and welfare to reflect on the extent to which the law fulfils children's rights in a wide range of areas including medical law education and child poverty these developments are measured against the domestic law and the UK's international obligations under for example the United Nations Convention on the Rights of the Child

The Abortion Act 1967 2022-11-30 shows how the enterprises shaping our lives really work in education banking energy transport media big tech

Dispute Processes 2020-07-09 combines authoritative commentary and unique contextual analysis to explain the general principles of trusts and their practical operation

Brexit, Union, and Disunion 2023-09-30 in a period of paradigmatic transition toward a new legal common sense aims to devolve to law its emancipatory potential

Transitional Justice for Foxes 2022-12-08 English contract law provides the invisible framework that underpins and enables much contracting activity in society yet the role of the law in policing many of our contracts now approaches vanishing point the methods by which contracts come into existence and notionally create binding obligations have transformed over the past forty years consumers now enter into contracts through remote and automated processes on standard terms over which they have little control this book explores the substantive weakening of the institution of contract law in a society heavily dependent on contracts it considers significant areas of contracting activity that affect many people but that escape serious and sustained legal scrutiny an accessibly written and succinct account of contract law's past present and future it assesses the implications of a diminished contract law and the possibilities if any for its revival

Fortin's Children's Rights and the Developing Law 2024-02-29 the book relates the normativity of law to law's internal sociality and shows the multi-layered nature of legal normativity

Principles of Enterprise Law 2022-09 constructs an original dialogue between constitutional law film and identity by using Hong Kong as a case study

Moffat's Trusts Law 2020-05-14 contains a full account of administrative law in the context of social political and economic forces shaping the law

Toward a New Legal Common Sense 2020-10 examines a complex global legal problem to demonstrate a compelling method for comparative legal cultural and social understanding

Vanishing Contract Law 2022-09-01 list of members in each volume

Properties of Law 2021-09-16 uses archival sources to examine censorship in British Hong Kong and challenge congratulatory histories of the British legal regime
