Not in My Neighborhood 2010 baltimore is the setting for and typifies one of the most penetrating examinations of bigotry and residential segregation ever published in the united states antero pietila shows how continued discrimination practices toward african americans and jews have shaped the cities in which we now live eugenics racial thinking and white supremacist attitudes influenced even the federal government s actions toward housing in the 20th century dooming american cities to ghettoization this all american tale is told through the prism of baltimore from its early suburbanization in the 1880s to the consequences of white flight after world war ii and into the first decade of the twenty first century the events are real and so are the heroes and villains mr pietila s engrossing story is an eye opening journey into city blocks and neighborhoods shady practices and ruthless promoters

How Ideas Shape Urban Political Development 2020-05-15 a collection of international case studies that demonstrate the importance of ideas to urban political development ideas interests and institutions are the holy trinity of the study of politics of the three ideas are arguably the hardest with which to grapple and despite a generally broad agreement concerning their fundamental importance the most often neglected nowhere is this more evident than in the study of urban politics and urban political development the essays in how ideas shape urban political development argue that ideas have been the real drivers behind urban political development and offer as evidence national and international examples some unique to specific cities regions and countries and some of global impact within the united states contributors examine the idea of blight and how it became a powerful metaphor in city planning the identification of racially defined spaces especially black cities and city neighborhoods as specific targets of neoliberal disciplinary practices the paradox of members of congress who were active supporters of civil rights legislation in the 1950s and 1960s but enjoyed the support of big city political machines that were hardly liberal when it came to questions of race in their home districts and the intersection of national education policy local school politics and the politics of immigration essays compare the ways in which national urban policies have taken different shapes in countries similar to the united states namely canada and the united kingdom the volume also presents case studies of city based political development in chile china india and africa areas of the world that have experienced a more recent form of urbanization that feature deep and intimate ties and similarities to urban political development in the global north but which have occurred on a broader scale contributors daniel béland debjani bhattacharyya robert henry cox richardson dilworth jason hackworth marcus anthony hunter william hurst sally ford lawton thomas ogorzalek eleonora pasotti joel rast douglas s reed mara sidney lester k spence vanessa watson timothy p r weaver amy widestrom

Baltimore 2019-10-01 peering into the city s 300 odd neighborhoods this fascinating account holds up a mirror to baltimore asking whites in particular to reexamine the past and accept due responsibility for future racial progress

Reinventing Childhood After World War II 2011-11-29 in the western world the modern view of childhood as a space protected from broader adult society first became a dominant social vision during the nineteenth century many of the west s sharpest portrayals of children in literature and the arts emerged at that time in both europe and the united states and continue to organize our perceptions and sensibilities to this day but that childhood is now being recreated many social and political developments since the end of the world war ii have fundamentally altered the lives children lead and are now beginning to transform conceptions of childhood reinventing childhood after world war ii brings together seven prominent historians of modern childhood to identify precisely what has changed in children s lives and why topics range from youth culture to children s rights from changing definitions of age to nontraditional families from parenting styles to how american experiences compare with those of the rest of the western world taken together the essays argue that children s experiences have changed in such dramatic and important ways since 1945 that parents other adults and girls and boys themselves have had to reinvent almost every aspect of childhood reinventing childhood after world war ii presents a striking interpretation of the nature and status of childhood that will be essential to students and scholars of childhood as well as policy makers educators parents and all those concerned with the lives of children in the world today

The Routledge Handbook of Religion and Cities 2020-12-31 like an ecosystem cities develop change thrive adapt expand and contract through the interaction of myriad components religion is one of those living parts shaping and being shaped by urban contexts the routledge handbook of religion and cities is an outstanding interdisciplinary reference source to the key topics problems and methodologies of this cutting edge subject representing a diverse array of cities and religions the common analytical approach is ecological and spatial it is the first collection of its kind and reflects state of the art research focusing on the interaction of religions and their urban contexts comprising 29 chapters by a team of international contributors the handbook is

divided into three parts research methodologies religious frameworks and ideologies in urban contexts contemporary issues in religion and cities within these sections emerging research and analysis of current dynamics of urban religions are examined including housing economics and gentrification sacred ritual and public space immigration and the refugee crisis political conflicts and social change ethnic and religious diversity urban policy and religion racial justice architecture and the built environment religious art and symbology religion and urban violence technology and smart cities the challenge of climate change for global cities and religious meaning making of the city the routledge handbook of religion and cities is essential reading for students and researchers in religious studies and urban studies the handbook will also be very useful for those in related fields such as sociology history architecture urban planning theology social work and cultural studies

Rhythm Man 2023 rhythm man chick webb and the beat that changed america presents the first full length biography of the swing era icon restoring this pioneering virtuoso drummer and bandleader s primacy alongside other 20th century jazz giants

Slow and Sudden Violence 2024 in slow and sudden violence derek hyra weaves together a persuasive unrest narrative linking police aggression to an ongoing cycle of racial and spatial urban redevelopment repression by delving into the real estate history of the st louis region and baltimore hyra shows how rounds of urban renewal decisions to segregate divest displace and gentrify black communities advance neighborhood inequality despite moments of racial political representation repeated decisions to upgrade the urban fabric and uproot low income black populations result in black poverty pockets inhabited by people experiencing chronic displacement trauma and unrelenting police surveillance these interconnected sets of accumulated frustrations powerfully culminate and surface when tragic and unjust police killings occur to confront the core components of u s unrest hyra suggests we must end racialized policing stop black community destruction and displacement and reduce neighborhood inequality

Baltimore Revisited 2019-08-09 nicknamed both mobtown and charm city and located on the border of the north and south baltimore is a city of contradictions from media depictions in the wire to the real life trial of police officers for the murder of freddie gray baltimore has become a quintessential example of a struggling american city yet the truth about baltimore is far more complicated and more fascinating to help untangle these apparent paradoxes the editors of baltimore revisited have assembled a collection of over thirty experts from inside and outside academia together they reveal that baltimore has been ground zero for a slew of neoliberal policies a place where inequality has increased as corporate interests have eagerly privatized public goods and services to maximize profits but they also uncover how community members resist and reveal a long tradition of baltimoreans who have fought for social justice the essays in this collection take readers on a tour through the city s diverse neighborhoods from the lumbee indian community in east baltimore to the crusade for environmental justice in south baltimore baltimore revisited examines the city s past reflects upon the city s present and envisions the city s future

Interreligious/Interfaith Studies 2018-08-21 a groundbreaking academic anthology that explores the emerging field of interreligious interfaith studies as it is now backed by an impressive number of courses academic programs and centers faculty positions journals and publications funding and professional partnerships there is no longer a question as to whether the interreligious interfaith field exists but its meaning and import are still being debated how is this field distinct from yet similar to other fields such as religious or theological studies what are its signature pedagogies and methodologies what are its motivations and key questions in other words what is the shape of interfaith and interreligious studies and what is its distinct contribution these questions are the driving force behind this anthology

A Scientific Revolution 2022-05-03 a prismatic examination of the evolution of medicine from a trade to a science through the exemplary lives of ten men and women johns hopkins university one of the preeminent medical schools in the nation today has played a unique role in the history of medicine when it first opened its doors in 1893 medicine was a rough and ready trade it would soon evolve into a rigorous science it was nothing short of a revolution this transition might seem inevitable from our vantage point today in recent years medical science has mapped the human genome deployed robotic tools to perform delicate surgeries and developed effective vaccines against a host of deadly pathogens but this transformation could not have happened without the game changing vision talent and dedication of a small cadre of individuals who were willing to commit body and soul to the advancement of medical science education and treatment a scientific revolution recounts the stories of john shaw billings max brödel mary elizabeth garrett william halsted jesse lazear dorothy reed mendenhall william osler helen taussig vivien thomas and william welch this chorus of lives tells a compelling tale not just of

their individual struggles but how personal and societal issues went hand in hand with the advancement of medicine

The Routledge Handbook of Philosophy of the City 2019-08-19 the routledge handbook of philosophy of the city is an outstanding reference source to this exciting subject and the first collection of its kind comprising 40 chapters by a team of international contributors the handbook is divided into clear sections addressing the following central topics historical philosophical engagements with cities modern and contemporary philosophical theories of the city urban aesthetics urban politics citizenship urban environments and the creation destruction of place the concluding section urban engagements contains interviews with philosophers discussing their engagement with students and the wider public on issues and initiatives including experiential learning civic and community engagement disability rights and access environmental degradation professional diversity social justice and globalization essential reading for students and researchers in environmental philosophy aesthetics and political philosophy the routledge handbook of philosophy of the city is also a useful resource for those in related fields such as geography urban studies sociology and political science

The Lines Between Us 2019-05-21 a masterful narrative with echoes of evicted and the color of law that brings to life the structures policies and beliefs that divide us mark lange and nicole smith have never met but if they make the moves they are contemplating mark a white suburbanite to west baltimore and nicole a black woman from a poor city neighborhood to a prosperous suburb it will defy the way the baltimore region has been programmed for a century it is one region but separate worlds and it was designed to be that way in this deeply reported revelatory story dupont award winning journalist lawrence lanahan chronicles how the region became so highly segregated and why its fault lines persist today mark and nicole personify the enormous disparities in access to safe housing educational opportunities and decent jobs as they eventually pack up their lives and change places bold advocates and activists in the courts and in the streets struggle to figure out what it will take to save our cities and communities put money into poor segregated neighborhoods make it possible for families to move into areas with more opportunity the lines between us is a riveting narrative that compels reflection on america s entrenched inequality and on where the rubber meets the road not in the abstract but in our own backyards taking readers from church sermons to community meetings to public hearings to protests to the supreme court to the death of freddie gray lanahan deftly exposes the intricacy of baltimore s hypersegregation through the stories of ordinary people living it shaping it and fighting it day in and day out this eye opening account of how a city creates its black and white places its rich and poor spaces reveals that these problems are not intractable but they are designed to endure until each of us despite living in separate worlds understands we have something at stake

The Oxford Handbook of American Immigration and Ethnicity 2016-06-01 scholarship on immigration to america is a coin with two sides it asks both how america changed immigrants and how they changed america were the immigrants uprooted from their ancestral homes leaving everything behind or were they transplanted bringing many aspects of their culture with them although historians agree with the transplantation concept the notion of the melting pot which suggests a complete loss of the immigrant culture persists in the public mind the oxford handbook of american immigration and ethnicity bridges this gap and offers a comprehensive and nuanced survey of american racial and ethnic development assessing the current status of historical research and simultaneously setting the goals for future investigation early immigration historians focused on the european migration model and the ethnic appeal of politicians such as fiorello la guardia and james michael curley in cities with strong ethno political histories like new york and boston but the story of american ethnicity goes far beyond ellis island only after the 1965 immigration act and the increasing influx of non caucasian immigrants scholars turned more fully to the study of african asian and latino migrants to america this handbook brings together thirty eminent scholars to describe the themes methodologies and trends that characterize the history and current debates on american immigration the handbook s trenchant chapters provide compelling analyses of cutting edge issues including identity whiteness borders and undocumented migration immigration legislation intermarriage assimilation bilingualism new american religions ethnicity related crime and pan ethnic trends they also explore the myth of model minorities and the contemporary resurgence of anti immigrant feelings a unique contribution to the field of immigration studies this volume considers the full racial and ethnic unfolding of the united states in its historical context

Neighborhood 2018-11-28 the term neighborhood has been reduced to a word for a convenient geographical locator in fact most cities claim to be compiled of neighborhoods but this strays far from the term s original meaning a spatial unit that people relate to neighborhood seeks to dispel this common misconception by integrating a complex historical record and multidisciplinary literature to produce a singular resource for understanding what is meant

by neighborhood emily talen provides a multi dimensional comprehensive view of what neighborhoods signify how they re idealized and measured and what their historical progression has been talen balances perspectives from sociology urban history urban planning and sustainability among others in efforts to make neighborhoods compatible with 21st century ideals if neighborhoods are going to play a role in the future of the city we need to know what and where they are in a more meaningful way neighborhoods need to be more than a label and more than a social segregator for those living in the undefined expanse of contemporary urbanism which characterizes most of american cities can the neighborhood come to be more than a shaded area on a map

The Wiley-Blackwell Encyclopedia of Urban and Regional Studies 2019-04-15 provides comprehensive coverage of major topics in urban and regional studies under the guidance of editor in chief anthony orum this definitive reference work covers central and emergent topics in the field through an examination of urban and regional conditions and variation across the world it also provides authoritative entries on the main conceptual tools used by anthropologists sociologists geographers and political scientists in the study of cities and regions among such concepts are those of place and space geographical regions the nature of power and politics in cities urban culture and many others the wiley blackwell encyclopedia of urban and regional studies captures the character of complex urban and regional dynamics across the globe including timely entries on latin america africa india and china at the same time it contains illuminating entries on some of the current concepts that seek to grasp the essence of the global world today such as those of friedmann and sassen on global cities it also includes discussions of recent economic writings on cities and regions such as those of richard florida comprised of over 450 entries on the most important topics and from a range of theoretical perspectives features authoritative entries on topics ranging from gender and the city to biographical profiles of figures like frank lloyd wright takes a global perspective with entries providing coverage of latin america and africa india and china and the us and europe includes biographies of central figures in urban and regional studies such as doreen massey peter hall neil smith and henri lefebvre the wiley blackwell encyclopedia of urban and regional studies is an indispensable reference for students and researchers in urban and regional studies urban sociology urban geography and urban anthropology

The Strange Careers of the Jim Crow North 2019-04-23 did american racism originate in the liberal north an inquiry into the system of institutionalized racism created by northern jim crow jim crow was not a regional sickness it was a national cancer even at the high point of twentieth century liberalism in the north jim crow racism hid in plain sight perpetuated by colorblind arguments about cultures of poverty policies focused more on black criminality than black equality procedures that diverted resources in education housing and jobs away from poor black people turned ghettos and prisons into social pandemics americans in the north made this history they tried to unmake it too liberalism rather than lighting the way to vanquish the darkness of the jim crow north gave racism new and complex places to hide the twelve original essays in this anthology unveil jim crow s many strange careers in the north they accomplish two goals first they show how the jim crow north worked as a system to maintain social economic and political inequality in the nation s most liberal places and second they chronicle how activists worked to undo the legal economic and social inequities born of northern jim crow policies practices and ideas the book ultimately dispels the myth that the south was the birthplace of american racism and presents a compelling argument that american racism actually originated in the north

Touching the Art 2023-11-07 a daringly observant memoir about intergenerational trauma fine art and compartmentalization from a returning soft skull author and lambda literary award winner a mixture of memoir biography criticism and social history touching the art is queer icon and activist mattilda bernstein sycamore s interrogation of the possibilities of artistic striving the limits of the middle class mindset the legacy of familial abandonment and what art can and cannot do taking the form of a self directed research project sycamore recounts the legacy of her fraught relationship with her late grandmother an abstract artist from baltimore who encouraged mattilda as a young artist then disparaged mattilda s work as vulgar and a waste of talent once it became unapologetically queer as she sorts through her grandmother gladys s paintings and handmade paperworks sycamore examines the creative impulse itself in fragments evoking the movements of memory she searches for gladys s place within the trajectories of midcentury modernism and abstract expressionism jewish assimilation and white flight intergenerational trauma and class striving sycamore writes art is never just art it is a history of feeling a gap between sensations a safety valve an escape hatch a sudden shift in the body a clipboard full of flowers a welcome mat flipped over and back over and back welcome refusing easy answers in search of an embodied truth sycamore upends propriety to touch the art and feel everything that comes through

Just Shelter 2024-01-26 just shelter is a work of political philosophy that examines the core injustices of the contemporary u s housing crisis and its relation to enduring racial injustices it investigates gentrification segregation desegregation integration and homelessness taking current conditions and the historical practices that led to them into account ronald sundstrom argues that to achieve justice in social spatial arrangements we must prioritize the crafting and enforcement of housing policy that corrects the injustices of the past if we do not address the history of racism in housing policy we will never solve today s housing crisis

Israel's Poetry of Resistance 2013-08-01 noting that israel s earliest responses to earth shaking changes were cast in the powerfully expressive language of poetry hugh r page jr argues that the careful collection and preservation of these traditions was an act of resistance a communal no to the forces of despair and a yes to the creative power of the spirit further page argues the power of these poems to craft and shape a future for a people who had suffered acute displacement and marginalization offers a rich spiritual repertoire for africana peoples today and for all who find themselves perennially outside the social or political mainstream

The Multivillage-Metropolis Baton Rouge 2021-01-24 the capital of louisiana baton rouge has been the scene of fundamental changes in recent decades in the context of the tripole of petrochemistry louisiana state university lsu and public administration especially of the state of louisiana which has been fully developed since the end of the 1920s general processes such as the transition from modern to post modern spatial development mix with specific local and regional characteristics and logics also in dealing with spaces such as the eccentric location of the downtown area the limited influence of spatial planning the result is a social spatial formation of a multivillage metropolis the investigation of this multivillage metropolis follows a neopragmatic approach that triangulates different theories methods data and researcher perspectives videos per app laden sie die springer nature more media kostenlos herunter abbildungen im buch per app mit handy oder tablet scannen um videos zu streamen

Education in the Age of Biocapitalism 2012-12-28 biocapitalism an economic model built on making new commodities from existing forms of life has fundamentally changed how we understand the boundaries between nature culture and human nonhuman this is the first book to examine its implications for education and how human capital understandings of education are co evolving with biocapitalism

The Color of Law: A Forgotten History of How Our Government Segregated America 2017-05-02 new york times bestseller notable book of the year editors choice selection one of bill gates amazing books of the year one of publishers weekly s 10 best books of the year longlisted for the national book award for nonfiction an npr best book of the year winner of the hillman prize for nonfiction gold winner california book award nonfiction finalist los angeles times book prize history finalist brooklyn public library literary prize this powerful and disturbing history exposes how american governments deliberately imposed racial segregation on metropolitan areas nationwide new york times book review widely heralded as a masterful washington post and

essential slate history of the modern american metropolis richard rothstein s the color of law offers the most forceful argument ever published on how federal state and local governments gave rise to and reinforced neighborhood segregation william julius wilson exploding the myth of de facto segregation arising from private prejudice or the unintended consequences of economic forces rothstein describes how the american government systematically imposed residential segregation with undisguised racial zoning public housing that purposefully segregated previously mixed communities subsidies for builders to create whites only suburbs tax exemptions for institutions that enforced segregation and support for violent resistance to african americans in white neighborhoods a groundbreaking virtually indispensable study that has already transformed our understanding of twentieth century urban history chicago daily observer the color of law forces us to face the obligation to remedy our unconstitutional past

African Americans and Homeschooling 2014-08-27 despite greater access to formal education both disadvantaged and middle class black students continue to struggle academically causing a growing number of black parents to turn to homeschooling this book is an in depth exploration of the motivations behind black parents decision to educate their children at home and the strategies they ve developed to overcome potential obstacles citing current issues such as culture religion and safety the book challenges the commonly expressed view that black parents and their children have divested from formal education by embracing homeschooling as a constructive strategy to provide black children with a valuable educational experience

The Doctor Who Wasn't There 2022-10-26 the doctor who wasn t there traces the long arc of enthusiasm for and skepticism of electronic media for health and medicine showing that the same challenges now facing telehealth and the use of electronic medical records can be found in the medical reception of the telephone in the late nineteenth century and the radio television and mainframe computer across the twentieth wielding a rich trove of archival materials physician historian jeremy greene explores the role that new electronic media play for better and for worse in the past present and future of american health today s telehealth devices are far more sophisticated than the hook and ringer telephones that became widespread by the 1920s the fm radio technologies used to broadcast health information in the 1940s the televisions used to pioneer telemedical evaluation in the 1950s or the first full scale attempts to establish electronic medical records in the mid 1960s but the ethical economic and logistical concerns they raise are prefigured in these earlier episodes as are the gaps between what was promised and what was delivered each of these platforms produced subtle transformations in health and healthcare that we have learned to forget displaced by promises of ever newer communications platforms to take their place when is telemedicine good enough and when is it not and how do the uses of telemedical technologies shape patient relationships with health care providers who benefits and who suffers when new technologies are adopted and what do these communication technologies whose promised revolutions have all failed bring to our understanding of health and disease

"Brown" in Baltimore 2011-01-15 in the first book to present the history of baltimore school desegregation howell s baum shows how good intentions got stuck on what gunnar myrdal called the american dilemma immediately after the 1954 brown v board of education decision the city s liberal school board voted to desegregate and adopted a free choice policy that made integration voluntary baltimore s school desegregation proceeded peacefully without the resistance or violence that occurred elsewhere however few whites chose to attend school with blacks and after a few years of modest desegregation schools resegregated and became increasingly segregated the school board never changed its policy black leaders had urged the board to adopt free choice and despite the limited desegregation continued to support the policy and never sued the board to do anything else baum finds that american liberalism is the key to explaining how this happened myrdal observed that many whites believed in equality in the abstract but considered blacks inferior and treated them unequally school officials were classical liberals who saw the world in terms of individuals not races they adopted a desegregation policy that explicitly ignored students race and asserted that all students were equal in freedom to choose schools while their policy let whites who disliked blacks avoid integration school officials liberal thinking hindered them from understanding or talking about the city s history of racial segregation continuing barriers to desegregation and realistic change strategies from the classroom to city hall baum examines how baltimore s distinct identity as a border city between north and south shaped local conversations about the national conflict over race and equality the city s history of wrestling with the legacy of brown reveals americans preferred way of dealing with racial issues not talking about race this avoidance baum concludes allows segregation to continue

Social Justice and Parent Partnerships in Multicultural Education Contexts 2018-02-09 despite the ever changing demographics of the united states and

decisions made by the supreme court racial tensions and turmoil continue to affect daily life in a multitude of environments in educational environments advancements in teaching technologies in conjunction with these tensions require a cooperation between parents and school personnel to promote student success social justice and parent partnerships in multicultural education contexts is a critical scholarly resource that explores the importance of cooperation between parents teachers and administrators to create valuable support systems that will promote student success through strategies using social justice featuring coverage on a wide range of topics such as parent collaboration bilingualism and community based partnerships this book is geared toward academicians researchers and teachers seeking current research on the importance of cooperation between parents and education professionals in encouraging positive student outcomes in multicultural learning environments

Partners in Literacy 2016-07-18 partners in literacy describes the process research relationships and theories that guided a three year partnership between the purdue university writing lab and two community organizations in lafayette indiana the lafayette adult resource academy and workone express this partnership resulted in a new section of the globally known purdue online writing lab owl and the community writing and education station cwest which featured adult literacy resources in the areas of ged preparation english as a second language and workplace and job search literacy using an empirical and iterative design process the authors worked closely with their community partners to develop test revise and launch these resources in partners in literacy the authors argue that writing centers can be effective spaces from which to work with the community and that writing centers missions of sustainability outreach and research driven practice can offer valuable philosophies for civic engagement to support this argument the book discusses the research methods and findings the process behind developing and sustaining the three year engagement project and the personal relationships that ultimately held the project together

Race, Class, Power, and Organizing in East Baltimore 2013 using the east baltimore community as an example this book examines historical and current rebuilding practices in abandoned communities in urban america their structural causes and outcomes on the health of the place and the people the role of community organizing as a necessary means to assure benefit during and after resident displacement its challenges and successes are described in the context of a current eminent domain driven rebuilding project in east baltimore

Insights from Reading the Bible with the Poor 2019-10-01 insights from reading the bible with the poor provides a spirited introduction to methodologies and strategies for reading the bible from below from the back of what used to be church sanctuaries from basements from sidewalks drawing on the lineage of various methods of reading the bible with the poor the book invites poverty and biblical study into dialogue with real world organizing to seek justice for those most often treated as other the reading process occurs among the intersections of the hermeneutical triangle of reality the bible and community this book is for anyone curious about how to use the bible as a resource for liberation it is for faith leaders and community organizers as much as it is for biblical scholars because it draws on experiences at the intersections of academia the church and communities of organized struggle it is written with an eye toward praxis as the author shares from her own experience with the hope that space will be created for others to reflect on their own contexts

A City for Children 2014-09-19 we like to say that our cities have been shaped by creative destruction the vast powers of capitalism to remake cities but marta gutman shows that other forces played roles in the late nineteenth and early twentieth centuries as cities responded to industrialization and the onset of modernity gutman focuses on the use and adaptive reuse of everyday buildings and most tellingly she reveals the determinative roles of women and charitable institutions in oakland gutman shows private houses were often adapted for charity work and the betterment of children in the process becoming critical sites for public life and for the development of sustainable social environments gutman makes a strong argument for the centrality of incremental construction and the power of women run organizations to our understanding of modern cities

Life Sentence 2023-07-06 sandtown is one of the deadliest neighbourhoods in the world it earned baltimore its nickname bodymore murderland and was made notorious by the wire drug deals dominate street corners and ruthless casual violence abounds montana barronette grew up in the centre of it all the leader of the gang trained to go or ttg when he was finally arrested he had been nicknamed baltimore s number one trigger puller under tana s reign ttg dominated sandtown when a string of murders were linked to ttg each with dozens of witnesses too intimidated to testify three detectives set out to put tana in prison for life for them this was never about drugs it was about serial murder acclaimed journalist mark bowden who spent his youth in the white suburbs of baltimore returns to the city with exclusive access to the fbi files and unprecedented insight into one of the city s deadliest gangs and its notorious leader as he traces the rise and fall of ttg bowden uses wiretaps police interviews trial transcripts and his own ongoing conversations with tana s family and community to create the most in depth account of an inner city gang ever written with his signature precision and propulsive narrative mark bowden positions tana as a boy a gang leader a killer and now a prisoner in the context of baltimore and america illuminating his path for what it really was a life sentence

Sustainable Cities in American Democracy 2020-09-25 we face two global threats the climate crisis and a crisis of democracy located at the crux of these crises sustainable cities build on the foundations and resources of democracy to make our increasingly urban world more resilient and just sustainable cities in american democracy focuses on this effort as it emerged and developed over the past decades in the institutional field of sustainable cities a vital response to environmental degradation and climate change that is shaped by civic and democratic action carmen sirianni shows how various kinds of civic associations and grassroots mobilizing figure in this story especially as they began to explicitly link conservation to the future of our democracy and then develop sustainable cities as a democratic project these organizations are national local or multitiered from the league of women voters to the natural resources defense council to bicycle and watershed associations some challenge city government agencies contentiously while others seek collaboration many do both at some point sirianni uses a range of analytic approaches from scholarly disciplines policy design urban governance social movements democratic theory public administration and planning to understand how such diverse civic and professional associations have come to be both an ecology of organizations and a systemic and coherent project the institutional field of sustainable cities has emerged with some core democratic norms and civic practices but also with many tensions and trade offs that must be crafted and revised strategically in the face of new opportunities and persistent shortfalls sirianni s account draws ambitious yet pragmatic and hopeful lessons for a civic green new deal a policy design for building sustainable and resilient cities on much more robust foundations in the decades ahead while also addressing democratic deficits in our polarized political culture
