how to find solutions of linear diophantine $ax + by = c$ Aug 09 2023

the diophantine equation $ax + by = c$ has solutions if and only if $\gcd(a, b) \mid c$ if so it has infinitely many solutions and any one solution can be used to generate all the other ones to see this note that the greatest common divisor of a and b divides both ax and by hence divides c if there is a solution
