Criminal Justice in America

2013-01-01

an unbiased examination of profiling in the criminal justice system one of the most hotly contested public policy issues on the streets in the courts and in the jails and prisons of america in the post 9 11 world profiling by law enforcement has become standard operating procedure profiling by prosecutors judges and corrections officers is pervasive in other criminal justice contexts as well is profiling actually effective in preventing crime or identifying likely offenders and therefore justifiable this accessible single volume reference book examines profiling as it pertains to the criminal justice system in the united states providing non partisan information that illuminates the full scope of the profiling issue and discusses the possible impact of profiling on all american citizens addressing this highly controversial topic holistically the book considers questions such as whether the criminal justice system in the united states unfairly targets minorities how the rights of minorities can be protected while enabling law enforcement to use every resource available and whether justification for profiling techniques exists this work will serve students at the high school and college level as well as general readers who are interested in criminal justice issues and issues relating to equality and fairness before the bar of justice

Justice in America

2010-06-28

juvenile justice is part of a broader human rights movement that is concerned with far more than society s response to juvenile lawbreaking indeed as globalization urbanization industrialization and worldwide communications increase the world s attention increasingly is directed to the plight of all children regardless of circumstances this concern is extremely late in coming approximately one half of the world s population today is age fifteen or younger and the magnitude of the problems these youths face is staggering poverty racism sexism ethnocentrism and religious differences all influence how children are treated english speaking countries such as the united states provide many of the ideals that are behind current world efforts to reform the world

s approach to juvenile justice unfortunately even world leaders often fall far short of their own ideals in this regard the united states is an excellent case study of what is and what could be in juvenile justice in the world today

Courts and Criminal Justice in America

Law, Courts, and Justice in America

2020-08-17

the first codifications of law recorded in civilization acknowledged the importance of law to our human systems noah enjoined his sons to observe justice to cover the shame of their flesh to bless their creator to honor their father and mother and to refrain from iniquity and uncleanness these principles were later refined into the form in which we know them the ten commandments man s very existence was predicated upon his obedience to the law of god tradition maintains that this law was formulated as a verbal acknowledgement of the covenant between god and his people it entailed consideration from both parties and thus was a legal and binding contract according to the established principles of law however this covenant did not encompass all of the known population of the world but merely that group known as god s people the people of israel as chronicled in genesis the first book of the bible man that is adam was ruddy of complexion this ruddiness was the conscious reminder of his dedication to upholding the law of god whenever he transgressed this law he would blush in conscious acknowledgement that he had been disobedient the blood would rush to his face in a visible blush as the mark of his disobedience and the reminder that he must fulfill the law

Crime and Justice, Volume 42

2013-10-06

a groundbreaking book revealing the systemic everyday problems in our courts that must be addressed if justice is truly to be served doris kearns goodwin attorney and journalist amy bach spent eight years investigating the widespread courtroom failures that each day upend lives across america what she found was an assembly line approach to justice a system that rewards mediocre advocacy bypasses due process and shortchanges both defendants and victims to keep the court calendar moving here is the public defender who pleads most of his clients guilty with scant knowledge about their circumstances the judge who sets outrageous bail for negligible crimes the prosecutor who habitually declines to pursue significant cases the court that works together to achieve a wrongful conviction going beyond the usual explanations of bad apples and meager funding ordinary injustice reveals a clubby legal culture of compromise and shows the tragic consequences that result when communities mistake the rules that lawyers play by for the rule of law it is time bach argues to institute a new method of checks and balances that will make injustice visible the

first and necessary step to reform

Crime and Justice in America

2014-05-19

from the fearless defense attorney and civil rights lawyer who rose to fame with netflix's *The Staircase* comes an essential examination of america's corrupt and abusive criminal justice system

The Rape of Justice

2016-05-07

america is driven by vengeance in terry aladjem's provocative account a reactive public anger that is a threat to democratic justice itself from the return of the death penalty to the wars on terror and in iraq americans demand retribution and moral certainty they assert the rights of victims and make pronouncements against evil yet for aladjem this dangerously authoritarian turn has its origins in the tradition of liberal justice itself in theories of punishment that justify inflicting pain and in the punitive practices that result exploring vengeance as the defining problem of our time aladjem returns to the theories of locke hegel and mill he engages the ancient greeks nietzsche paine and foucault to challenge liberal assumptions about punishment he interrogates american law capital punishment and images of justice in the media he envisions a democratic justice that is better able to contain its vengeance

Ordinary Injustice

2010-08-03

topics on race in america have been avoided in children's education for too long allowing racist systems to continue to thrive racial justice in america topics for change explores current questions around race in comprehensive honest and age appropriate ways developed in conjunction with educator advocate and author kelisa wing to reach children of all races and encourage them to approach race issues with open eyes and minds

Justice; the Crisis of Law, Order, and Freedom in America

1970

the casey anthony trial of 2011 is estimated to have drawn the television and reading attention of no less than a quarter of a billion people from around the world in *Justice in America* anthony defense attorney j cheney mason who was brought in to save the case asserts that the jury got it right and that america the media and the public blinded by the nightly lights got it all wrong his is the final chapter on the anthony trial which ignited mesmerized and enflamed the public in a way not seen since the o j simpson trial it became the trial of this century and a piece of legal work destined to be studied for decades to come attorney mason answers the remaining questions left by previous authors with a play by play account of what was happening behind the scenes with casey he shares never before revealed media bias and enough case secrets to make readers re-examine their conscience and the quick path to judgment and personal conviction of anthony a must read for anyone who followed the trial for anyone interested in

justice and absolutely required reading for anyone pursuing law or criminal justice as a life passion

American Injustice

2022-02-03

The Culture of Vengeance and the Fate of American Justice

2008-01-14

annotation challenges the current criminal justice emphasis on incarceration and punishment and encourages instead a focus on rehabilitation and treatment

Racial Justice in America

2021

this reader friendly exploration of the primary forces relevant to punishment poverty and political powerlessness highlights the necessity for humane alternatives to our current incarceration binge this provocative overview looks at the business of punishment and at the historical patterns of control regarding slavery the death penalty women the lgbtq community juveniles and supervision the united states has the world s highest rate of incarceration a form of punishment that separates the least privileged from the rest of society creating populations of damaged lives all of society pays the price for overly punitive sanctions equal justice is not possible in an unequal society up to date statistics illustrate the race class and gender inequalities in the criminal justice system the criminal justice system has expanded for half a century will challenges to policing succeed in narrowing the net of social control will the cost of maintaining a massive system stimulate a transformation or will stakeholders support minimal reforms that do not threaten their interests the public is largely unaware of most of the workings of the criminal justice system

through this engaging text the authors hope to provide insights that encourage readers to examine the collateral effects of policies to address crime and the role of punishment

Justice in America: How the Media and Prosecutors Stack the Deck Against the Accused

2014-07-07

a leading civil rights historian places robert kennedy for the first time at the center of the movement for racial justice of the 1960s and shows how many of today's issues can be traced back to that pivotal time history race and politics converged in the 1960s in ways that indelibly changed america in justice rising a landmark reconsideration of robert kennedy's life and legacy patricia sullivan draws on government files personal papers and oral interviews to reveal how he grasped the moment to emerge as a transformational leader when protests broke out across the south the young attorney general confronted escalating demands for racial justice what began as a political problem soon became a moral one in the face of vehement pushback from southern democrats bent on massive resistance he put the weight of the federal government behind school desegregation and voter registration bobby kennedy's youthful energy moral vision and capacity to lead created a momentum for change he helped shape the 1964 civil rights act but knew no law would end racism when the watts uprising brought calls for more aggressive policing he pushed back pointing to the root causes of urban unrest entrenched poverty substandard schools and few job opportunities rfk strongly opposed the military buildup in vietnam but nothing was more important to him than "the revolution within our gates the struggle of the american negro for full equality and full freedom" on the night of martin luther king's assassination kennedy's anguished appeal captured the hopes of a turbulent decade "in this difficult time for the united states it is perhaps well to ask what kind of nation we are and what direction we want to move in" it is a question that remains urgent and unanswered

America's Courts and the Criminal Justice System

2010

legal decisions continue to mystify who gets sentenced to death in america and who gets executed legal rules are supposed to provide answers to these questions but their answers are radically incomplete geometrical justice answers these questions by enlisting the pathbreaking geometrical theory of law developed by sociologist donald black drawing on large datasets including the baldus study which demonstrated racial bias in sentencing decisions this book considers how characteristics such as race class social integration moral reputation and organizational status affect legal decision making geometrical justice will be of interest to those engaged in criminal justice criminology and socio legal studies as well as students taking courses on sentencing corrections and capital punishment

Racial Justice in America (Set)

2021

judicial process in america twelfth edition by robert carp kenneth manning and lisa holmes is a market leading and comprehensive textbook for both academic and general audiences the book explains the link between the courts public policy and the political environment considering the courts from every level the authors cover judges lawyers litigants and the variables at play in the judicial decision making process the impact of those decisions on american citizens and what the consequences are for the united states today

Asphalt Justice

2001

meticulously researched and engagingly written a comprehensive indictment of the court's rulings in areas ranging from campaign finance and voting rights to poverty law and criminal justice financial times a revelatory examination of the conservative direction of the supreme court over the last fifty years in supreme inequality bestselling author adam cohen surveys the most significant supreme court rulings since the nixon era and exposes how contrary to what americans like to believe the supreme court does little to protect the rights of the poor and disadvantaged in fact it has not been on their side for fifty years cohen proves beyond doubt that the modern court has been one of the leading forces behind the nation's soaring level of economic inequality and that an institution revered as a source of fairness has been systematically making america less fair a triumph of american legal political and social history supreme inequality holds to account the highest court in the land and shows how much damage it has done to america's ideals of equality democracy and justice for all

Our Punitive Society

2020-12-10

a social commentary that attempts to shed light on the highjacking of justice in america by the world's costliest tort system

Justice Rising

2021-06-08

backed up by the best science todd clear and natasha frost make a compelling case for why the nation's forty year embrace of the punitive spirit has been morally bankrupt and endangered public safety but this is far more than an exposé of correctional failure recognizing that a policy turning point is at hand clear and frost provide a practical blueprint for choosing a different correctional future counsel that is wise and should be widely followed francis t cullen distinguished research professor of criminal justice university of cincinnati over the last 35 years the us penal system has grown at a rate unprecedented in us history five times larger than in the past and grossly out of scale with the rest of the world this growth was part of a sustained and intentional effort to get tough on crime and characterizes a time when no policy options were acceptable save for those that increased penalties in the punishment imperative eminent criminologists todd r clear and natasha a frost argue that america's move to mass incarceration from the 1960s to the early 2000s was more than just a response to crime or a collection of policies adopted in isolation it was a grand social experiment tracing a wide array of trends related to the criminal justice system the punishment imperative charts the rise of penal severity in america and speculates that a variety of forces fiscal political and evidentiary have finally come together to bring this great social experiment to an end clear and frost stress that while the doubling of the crime rate in the late 1960s represented one of the most pressing social problems at the time this is not what served as a foundation for the great punishment experiment rather it was the way crime posed a political problem and thereby offered a political opportunity that became the basis for the great rise in punishment the authors claim that the punishment imperative is a particularly insidious social experiment because the actual goal was never articulated the full array of consequences was never considered and the momentum built even as the forces driving the policy shifts diminished clear and frost argue that the public's growing realization that the severe policies themselves not growing crime rates were the main cause of increased incarceration eventually led to a surge of interest in taking a more rehabilitative pragmatic and cooperative approach to dealing with criminal

offenders the punishment imperative cautions that the legacy of the grand experiment of the past forty years will be difficult to escape however the authors suggest that the united states now stands at the threshold of a new era in penal policy and they offer several practical and pragmatic policy solutions to changing the criminal justice system s approach to punishment part historical study part forward looking policy analysis the punishment imperative is a compelling study of a generation of crime and punishment in america todd r clear is dean of the school of criminal justice at rutgers university he is the author of imprisoning communities and what is community justice and the founding editor of the journal criminology public policy

Geometrical Justice

2022

the rule of law has vanished in america s criminal justice system prosecutors now decide whom to punish and how severely almost no one accused of a crime will ever face a jury inconsistent policing rampant plea bargaining overcrowded courtrooms and ever more draconian sentencing have produced a gigantic prison population with black citizens the primary defendants and victims of crime in this passionately argued book the leading criminal law scholar of his generation looks to history for the roots of these problems and for their solutions the collapse of american criminal justice takes us deep into the dramatic history of american crime bar fights in nineteenth century chicago new orleans bordellos prohibition and decades of murderous lynching digging into these crimes and the strategies that attempted to control them stuntz reveals the costs of abandoning local democratic control the system has become more centralized with state legislators and federal judges given increasing power the liberal warren supreme court s emphasis on procedures not equity joined hands with conservative insistence on severe punishment to create a system that is both harsh and ineffective what would get us out of this kafkaesque world more trials with local juries laws that accurately define what prosecutors seek to punish and an equal protection guarantee like the one that died in the 1870s to make prosecution and punishment less discriminatory above all stuntz eloquently argues americans need to remember again that criminal punishment is a necessary but terrible tool to use effectively and sparingly

Judicial Process in America

2022-03-02

justice restored is an expose history lesson and powerful call to action not only to reduce the number of people in prison but to fix the underlying causes that stack a deeply corrupt criminal justice system against the very citizens it s meant to protect each of the book s ten chapters lays out one aspect of the system

Supreme Inequality

2020-02-25

a son s imprisonment for murder a brutal political regime gay rights racial injustice susan smith the simpson trial illusions of morality seventeen distinguished writers explore the difference between true justice and the law through these powerful pieces we learn how justice or the lack thereof affects the lives of everyone

The Lawsuit Lottery

2004-08-01

begun by puritans the american jeremiad a rhetoric that expresses indignation and urges social change has produced passionate and persuasive essays and speeches throughout the nation s history showing that black leaders have employed this verbal tradition of protest and social prophecy in a way that is specifically african american david howard pitney examines the jeremiads of frederick douglass booker t washington ida b wells w e b dubois mary mcleod bethune martin luther king jr and malcolm x as well as more contemporary figures such as jesse jackson and alan keyes this revised and expanded edition demonstrates that the african american jeremiad is a still vibrant tradition serving as a barometer of faith in america s perfectibility and hope for social justice features a new chapter on malcolm x updated discussion of jesse jackson new discussion of alan keyes

The Punishment Imperative

2014

this book considers the challenge that the so called browning of america poses for any discussion of the future of race and social justice in the philosophy of race there has been little reflection about how the rapid increase in the latino asian american and mixed race populations affects the historical demands for racial justice by native americans and african americans ronald r sundstrom examines how recent demographic shifts bear upon central questions in race theory and social and political philosophy including color blindness interracial intimacy and the future of race sundstrom cautions that rather than getting caught up in romantic reveries about the browning of america we should remain vigilant that longstanding claims for racial justice not be washed away

The Collapse of American Criminal Justice

2013-10-07

the casey anthony trial of 2011 is estimated to have drawn the television and reading attention of no less than a quarter of a billion people from around the world in justice in america anthony defense attorney j cheney mason who was brought in to save the case asserts that the jury got it right and that america the media and the public blinded by the nightly lights got it all wrong his is the final chapter on the anthony trial which ignited mesmerized and inflamed the public in a way not seen since the o j simpson trial it became the trial of this century and a piece of legal work destined to be studied for decades to come attorney mason answers the remaining questions left by previous authors with a play by play account of what was happening behind the scenes with casey he shares never before revealed media bias and enough case secrets to make readers re examine their conscience and the quick path to judgment and personal conviction of anthony a must read for anyone who followed the trial for anyone interested in justice and absolutely required reading for anyone pursuing law or criminal justice as a life passion

Justice Restored

2016-10-10

from the publisher comprehensive and balanced the color of justice is the definitive book on current research and theories of

racial and ethnic discrimination within america s criminal justice system the best and the most recent research on patterns of criminal behavior and victimization police practices court processing and sentencing the death penalty and correctional programs are covered giving students the facts and theoretical foundation they need to make their own informed decisions about discrimination in the system uniquely unbiased the color of justice makes every effort to incorporate discussion of all major race groups found in the united states
