Approaches and Strategies in Next Generation Science Learning

2013-01-31

approaches and strategies in next generation science learning examines the challenges involved in the development of modern curriculum models teaching strategies and assessments in science education in order to prepare future students in the 21st century economies this comprehensive collection of research brings together science educators researchers and administrators

interested in enhancing the teaching and learning of next generation science

Parts of the Cell

2007-05

featuring the comic strip dr birdley investigates

STEM Education

2014-12-31

this reference brings together an impressive array of research on the development of science technology engineering and mathematics curricula at all educational levels provided by publisher

How Plant and Animal Cells Differ

2015-01-01

it s usually pretty easy to tell if an organism is an animal or a plant at a single glance interestingly enough plant and animal cells are also easy to tell apart readers will learn the organelles cell parts that are particular to animal or plant cells they will be exposed to the wide variety of plant

and animal cells as well as the characteristics that makes specialized cells so perfectly suited to their functions special attention is paid to photosynthesis and cellular respiration including the complementary nature of the two processes

Classifying Cells

2007-05

the dr birdley series developed by nevin katz a talented middle and high school science teacher and cartoonist makes science content accessible and interesting to a wide range of students mr katz has created a cartoon personality dr birdley who introduces key science concepts and vocabulary in addition to the cartoons the book includes reproducible student activity pages background information study questions graphic organizers and quizzes
