riccardo the west is sick it s lost its will to fight it opposes islamic fundamentalism with empty values europe has become spineless i m near the end riccardo and i want to die in florence i told you that in new york and now the time has come but i ll die standing on both my feet like emily brontë no other writer or journalist from the 20th century was able to engender debate like oriana fallaci her books translated all over the world her news reports and her invectives in the main international newspapers made her one of the top protagonists of literature and journalism nencini a friend of hers reports the entire day they spent together shortly before her death tackling the most burning issues of the day such as the western crisis terrorism and european identity with this book nencini shows us a new fallaci the private woman unveiling many unknown aspects a woman eaten up by illness but still free and defiant special award neva bazzichi 2007 winner extraordinary award scrittore toscano dell anno 2007 1st english limited edition october 2008

Oriana Fallaci 2008

the unmasking of oriana fallaci part ii and conclusion to her life story brings to an end years of painstaking research this biography highlights fallaci s career as a journalist interviewer war reporter essayist and novelist its uniqueness consists less in a chronological listing of

events but rather in emphasis on the core of fallaci s psychological dynamism this woman from florence relentlessly placed her embellished persona in the public eye she thirsted for stardom allowing nothing to block her ascent to prominence she essentially functioned as her own publicity agent aricò maintains that this same narcissism is present in all of her early hollywood articles celebrated interviews book on nasa space travels best selling novels and end of life trilogy against islam indeed fallaci s posthumously published history of her ancestors not only takes on the structure of an epic saga but also of an in depth autobiography her entire history of inserting herself onto center stage received reinforcement by the eye catching portraits of her by world famous photographers aricò bases the unmasking on extensive investigation meetings with people who knew her and fourteen one on one recorded interviews at her homes in new york and florence his exposé stands as fallaci s only definitive and authoritative biography in the english speaking world

The Unmasking of Oriana Fallaci 2013

a landmark biography of the most famous italian journalist of the twentieth century an inspiring and often controversial woman who defied the codes of reportage and established the la fallaci style of interview oriana fallaci is known for her uncompromising vision to retrace fallaci s life means to retrace the course of history from world war ii to 9 11 as a child fallaci enlisted herself in the italian resistance alongside her father her hatred of fascism and

authoritarian regimes would accompany her throughout her life covering the entertainment industry early on in her career she created an original abrasive interview style focusing on her subject's emotions contradictions and facial expressions more than their words when she grew bored of interviewing movie stars and directors she turned her attention to the greatest international figures of the time khomeini gaddafi indira gandhi and kissinger placing herself front and center in the story reporting from the front lines of the world's greatest conflicts she provoked her own controversies wherever she was stationed leaving behind epic collateral damage in her wake thanks to unprecedented access to personal records cristina de stefano brings back to life a remarkable woman whose groundbreaking work and torrid love affairs will not soon be forgotten oriana fallaci allows a new generation to discover her story and witness the passionate persistent journalism that we urgently need in these times of upheaval and uncertainty

Oriana Fallaci 2017-10-17

translating travel examines the relationship between travel writing and translation asking what happens when books travel beyond the narrow confines of one genre one literary system and one culture the volume takes as its starting point the marginal position of contemporary italian travel writing in the italian literary system and proposes a comparative reading of originals and translations designed to highlight the varying reception of texts in

different cultures two main themes in the book are the affinity between the representations produced by travel and the practices of translation and the complex links between travel writing and genres such as ethnography journalism autobiography and fiction individual chapters are devoted to italian travellers accounts of tibet and their english translations the hybridization of journalism and travel writing in the works of oriana fallaci italo calvino s sublimation of travel writing in the stylized fiction of le città invisibili and the complex network of literary references which marked the reception of claudio magris s danubio in different cultures

Translating Travel 2017-03-02

includes ten contributor s writings on 250 years of women travel writers travel is a quest an escape a passion women explorers and travellers are a special breed this book covers 22 courageous women who encircled the globe and boldly crossed international barriers often to encounter the most patriarchal cultures of their time

Great Women Travel Writers 2006-06-02

internationally acclaimed as a journalist war correspondent interviewer and novelist oriana fallaci s public persona reached almost mythic proportions it is a myth fallaci herself created

according to santo I aricò who probes the psychological forces that motivated one of the twentieth century s most famous and successful women writers using his own extensive interviews with the writer aricò maps out fallaci s journey through life paying particular attention to her ongoing and painstaking attempts to establish her own mythical status he first examines her career as a literary journalist emphasizing the high quality of her writing from there he concentrates on how fallaci s personal image began to emerge in her writings as well as the way in which through her powerful narratives she catapulted herself into the public eye as her own main character

Oriana Fallaci 1998-04-08

from the bestselling author of the ascent of money and the square and the tower the definitive biography of henry kissinger based on unprecedented access to his private papers winner of the council on foreign relations arthur ross book award no american statesman has been as revered or as reviled as henry kissinger once hailed as super k the indispensable man whose advice has been sought by every president from kennedy to obama he has also been hounded by conspiracy theorists scouring his every telcon for evidence of machiavellian malfeasance yet as niall ferguson shows in this magisterial two volume biography drawing not only on kissinger s hitherto closed private papers but also on documents from more than a hundred archives around the world the idea of kissinger as the ruthless arch realist is based

on a profound misunderstanding the first half of kissinger s life is usually skimmed over as a quintessential tale of american ascent the jewish refugee from hitler s germany who made it to the white house but in this first of two volumes ferguson shows that what kissinger achieved before his appointment as richard nixon s national security adviser was astonishing in its own right toiling as a teenager in a new york factory he studied indefatigably at night he was drafted into the u s infantry and saw action at the battle of the bulge as well as the liberation of a concentration camp but ended his army career interrogating nazis it was at harvard that kissinger found his vocation having immersed himself in the philosophy of kant and the diplomacy of metternich he shot to celebrity by arguing for limited nuclear war nelson rockefeller hired him kennedy called him to camelot yet kissinger s rise was anything but irresistible dogged by press gaffes and disappointed by rocky kissinger seemed stuck until a trip to vietnam changed everything the idealist is the story of one of the most important strategic thinkers america has ever produced it is also a political bildungsroman explaining how dr strangelove ended up as consigliere to a politician he had always abhorred like ferguson s classic two volume history of the house of rothschild kissinger sheds dazzling new light on an entire era the essential account of an extraordinary life it recasts the cold war world

Kissinger 2015-09-29

in late july 2011 norway was struck by the worst terror attacks in its history in a fertilizer bomb attack on government headquarters in oslo and a one hour long shooting spree at the labour party youth camp at utøya seventy seven people mostly teenagers were killed by anders behring breivik by targeting young future social democratic leaders his actions were meant to lead to the downfall of europe s purportedly multiculturalist elites thus removing an obstacle to his plans for an ethnic cleansing of muslims from europe in this highly original work leading norwegian social anthropologist sindre bangstad reveals how breivik s beliefs were not simply the result of a deranged mind but rather they are the result of the political mainstreaming of pernicious racist and islamophobic discourses these ideas currently gaining common currency threaten equal rights to dignity citizenship and democratic participation for minorities throughout contemporary europe an authoritative account of the norwegian terror attacks and the neo racist discourse that motivated them

Anders Breivik and the Rise of Islamophobia 2014-06-12

this study discusses how and why public and elite opinion moved towards the requirement of

the abolishment of the european blasphemy laws analyzing the case adel smith opened against oriana fallaci as an example consequently non governmental organizations initiated mediation programs between eastern and western cultures such programs should lead to the abolition of the blasphemy law in europe as a democratic continent

BLASPHEMY WITHIN THE EUROPEAN UNION? ADEL SMITH VERSUS ORIANA FALLACI *2015-10-07*

offering a fresh and challenging interpretation of the nixon kissinger foreign policy in both historical and conceptual terms litwak focuses on the relationship between its two central elements the united states soviet detente and the nixon doctrine which provided the basis not only for the subsequent american withdrawal from vietnam but also for united states security policy toward the third world in general

Détente and the Nixon Doctrine *1984*

an accessible one volume encyclopedia this addition to the literary movements series is a comprehensive reference guide to the history and development of feminist literature from early fairy tales to works by great women writers of today hundred

Encyclopedia of Feminist Literature 2014-05-14

a feminist biography of the only woman to become prime minister of israel in this authoritative and empathetic biography pnina lahav reexamines the life of golda meir 1898 1978 through a feminist lens focusing on her recurring role as a woman standing alone among men the only woman in the room is the first book to contend with meir s full identity as a woman jew zionist leader and one of the founders of israel providing a richer portrait of her persona and legacy meir lahav shows deftly deflected misogyny as she traveled the path to becoming israel s fourth and only female prime minister from 1969 to 1974 lahav revisits the youthful encounters that forged meir s passion for socialist zionism and reassesses her decision to separate from her husband and leave her children in the care of others enduring humiliation and derision from her colleagues meir nevertheless led in establishing israel as a welfare state where social security workers rights and maternity leave became law lahav looks at the challenges that beset meir s premiership particularly the disastrous yom kippur war which led to her resignation and withdrawal from politics as well as meir s bitter duel with feminist and civil rights leader shulamit aloni meir s complex relationship with the israeli and american feminist movements and the politics that led her to distance herself from feminism altogether exploring the tensions between meir s personal and political identities the only woman in the room provides a groundbreaking new account of meir s life while also illuminating the difficulties all women face as they try to ascend in male dominated fields

The Only Woman in the Room 2022-09-06

critical interest in biography and autobiography has never been higher however while life writing flourishes in the uk in italy it is a less prominent genre the twelve essays collected here are written against this backdrop and address issues in biographical and autobiographical writing in italy from the later nineteenth century to the present with a particular emphasis on the interplay between individual lives and life writing and the wider social and political history of italy the majority of essays focus on well known writers d annunzio svevo bontempelli montale levi calvino eco and fallaci and their varying anxieties about autobiographical writing in their work this picture is rounded out by a series of studies of similar themes in lesser known figures the critic enrico nencioni the welsh italian painter llewellyn lloyd and italian writers and journalists covering the spanish civil war the contributors all specialists in their fields are antonella braida charles burdett jane everson john gatt rutter robert gordon gwyn griffith peter hainsworth martin mclaughlin gianni oliva giuliana pieri and jon usher the volume is dedicated to john woodhouse on his seventieth birthday and concludes with a bibliography of his writings

Biographies and Autobiographies in Modern Italy: a Festschrift for John Woodhouse 2017-12-02

this innovative text explores the extraordinary personal and political lives of ten leaders who profoundly changed twentieth century asian history china india vietnam cambodia and indonesia are interpreted through the lives of mao zedong deng xiaoping mohandas gandhi indira gandhi ho chi minh ngo dinh diem norodom sihanouk pol pot sukarno and suharto some recast their countries by force of arms others by the power of their ideology some were born into poverty others into privilege some were democrats some autocrats some communists but however great their differences each can claim to be an authentic nationalist using a biographical approach this book will stimulate students to think about the relationship between political leadership and nationalism

American Multiculturalism After 9/11 2009

an extremely accessible well structured and imaginative reading of market and social theory in terms of the myth of the wild west frontier new formations this book written by the author of the celebrated volume six guns and society explains why the myth of the wild west is popular around the world it shows how the cultural icon of the wild west speaks to deep desires of individualism and liberty and offers a vision of social contract theory in which a free and equal individual the cowboy emerges from the state of nature the wilderness to build a civil society the frontier community the metaphor of the wild west retained a commitment to some limited government law and order but rejected the notion of the fully codified state as too oppressive the corrupt sheriff compelling and magnificently suggestive the book unpacks one of the core icons of our time it is a unique discussion of market and social theory using cultural myth will wright fully explores how issues of individualism freedom and inequality in the myth of the wild west connect up with questions of white male superiority and environmental degradation

Textual Liberation (Routledge Revivals) 2014-11-13

was the space program the signature project of secular modernity or a symbol of humankind's perpetual quest for communion with god in the beginning god created the heavens and the

earth in 1968 the world watched as earth rose over the moonscape televised from the orbiting apollo 8 mission capsule radioing back to houston on christmas eve astronauts recited the first ten verses from the book of genesis in fact many of the astronauts found space flight to be a religious experience to touch the face of god is the first book length historical study of the relationship between religion and the u s space program kendrick oliver explores the role played by religious motivations in the formation of the space program and discusses the responses of religious thinkers such as paul tillich and c s lewis examining the attitudes of religious americans oliver finds that the space program was a source of anxiety as well as inspiration it was not always easy for them to tell whether it was a godly or godless venture grounded in original archival research and the study of participant testimonies this book also explores one of the largest petition campaigns of the post war era between 1969 and 1975 more than eight million americans wrote to nasa expressing support for prayer and bible reading in space oliver s study is rigorous and detailed but also contemplative in its approach examining the larger meanings of mankind s first adventures in the heavens

The Wild West 2001-06-18

this volume provides a comprehensive introduction to postcolonial medieval studies and examines the historical connections between postcolonial studies and medieval studies lisa

lampert weissig provides new readings of medieval texts including wolfram von eschenbach s parzival mandeville s travels and guillaume de palerne a romance about werewolves set in norman sicily in addition she examines walter scott s ivanhoe from the perspective of postcolonial medieval studies as well contemporary novels by salman rushdie tariq ali juan goytisolo and amitav ghosh

To Touch the Face of God 2013-01-15

john girling s book first published in 1980 investigates the relationship between america and the third world centring on three main themes the nature of american involvement in the third world the challenge posed by the rival super power and the changes both in us soviet relations from containment to détente and in the third world three propositions are put forward that the overriding interest of american foreign policy maker is in the stability of the global system of relationships that this interest coincides with most third world élites and that the global system normally operates peacefully although continually subject to internal and external challenges

Medieval Literature and Postcolonial Studies

2010-06-16

how iran and the world around it have changed in the four decades since a revolutionary theocracy took power iran s 1979 revolution is one of the most important events of the late twentieth century the overthrow of the western leaning shah and the emergence of a unique religious government reshaped iran dramatically shifted the balance of power in the middle east and generated serious challenges to the global geopolitical order challenges that continue to this day the seizure of the u s embassy in tehran later that same year and the ensuing hostage crisis resulted in an acrimonious breach between america and iran that remains unresolved to this day the revolution also precipitated a calamitous war between iran and iraq and an expansion of the u s military s role in maintaining security in and around the persian gulf forty years after the revolution more than two dozen experts look back on the rise of the islamic republic and explore what the startling events of 1979 continue to mean for the volatile middle east as well as the rest of the world the authors explore the events of the revolution itself whether its promises have been kept or broken the impact of clerical rule on ordinary iranians especially women the continuing antagonism with the united states and the repercussions not only for iran s immediate neighborhood but also for the broader middle east complete with a helpful timeline and suggestions for further reading this

book helps put the iranian revolution in historical and geopolitical perspective both for experts who have long studied the middle east and for curious readers interested in fallout from the intense turmoil of four decades ago

America and the Third World 2010-11-26

during the summer of 1969 the summer americans first walked on the moon musician and poet patti smith recalled strolling down the coney island boardwalk to a refreshment stand where pictures of jesus president kennedy and the astronauts were taped to the wall behind the register such was the zeitgeist in the year of the moon yet this holy trinity of 1960s america would quickly fall apart although jesus and john f kennedy remained iconic by the time the apollo program came to a premature end just three years later few americans mourned its passing why did support for the space program decrease so sharply by the early 1970s rooted in profound scientific and technological leaps rational technocratic management and an ambitious view of the universe as a realm susceptible to human mastery the apollo moon landings were the grandest manifestation of postwar american progress and seemed to prove that the united states could accomplish anything to which it committed its energies and resources to the great dismay of its many proponents however nasa found the ground shifting beneath its feet as a fierce wave of anti rationalism arose throughout american society fostering a cultural environment in which growing numbers of

americans began to contest rather than embrace the rationalist values and vision of progress that apollo embodied shifting the conversation of apollo from its cold war origins to larger trends in american culture and society and probing an eclectic mix of voices from the era including intellectuals religious leaders rock musicians politicians and a variety of everyday americans matthew tribbe paints an electrifying portrait of a nation in the midst of questioning the very values that had guided it through the postwar years as it began to develop new conceptions of progress that had little to do with blasting ever more men to the moon no requiem for the space age offers a narrative of the 1960s and 1970s unlike any told before with the story of apollo as the story of america itself in a time of dramatic cultural change

The Iranian Revolution at Forty 2020-02-25

for centuries the islamic world has been represented as the other within european identity constructions an other perceived to be increasingly at odds with european forms of modernity and culture with the perceived gap between islam and europe widening leading scholars in this work come together to provide genuine and realistic analyses about perceptions of islam in the west the book bridges these analyses with in depth case studies from britain france germany greece italy the netherlands poland turkey and other parts of the european union this study goes beyond the usual dichotomies of clashes of civilizations and

cultural conflict to try to understand the numerous diverse and multifaceted ways some conflictual some peaceful in which cultural exchanges have taken place historically and which continue to take place between the muslim and non muslim worlds

No Requiem for the Space Age 2014-06-06

as conventional understanding would have it the sometimes brutal business of governing can only be carried out at the price of distance from art while poetic beauty best flourishes at a distance from actions executed at the pole of power dramatically contradicting this idea is the fact that violent rulers are often the greatest friends of art and indeed draw attention to themselves as artists why do tyrants of all people often have a particularly poetic vein where do terror and fiction meet the cultural history of totalitarian regimes is unwrapped in ten case studies in a comparative perspective the book focuses on the phenomenon that many of the great despots in history were themselves writers by studying the artistic ambitions of nero mussolini stalin hitler mao zedong kim il sung gaddafi saddam hussein saparmurat nnyazow and radovan karadzic the studies explore the complicated relationship between poetry and political violence and open our eyes for the aesthetic dimensions of total power the essays make an important contribution to a number of fields the study of totalitarian regimes cultural studies biographies of 20th century leaders they underscore the frequent correlation between tyrannical governance and an excessive passion for language and prove

that the merging of artistic and political charisma tends to justify the claim to absolute power

Perceptions of Islam in Europe 2012-04-24

henry kissinger s role in the vietnam war prolonged the american tragedy and doomed the government of south vietnam the american war in vietnam was concluded in 1973 after eight years of fighting bloodshed and loss yet the terms of the truce that ended the war were effectively identical to what had been offered to the nixon administration four years earlier those four years cost america and vietnam thousands of lives and billions of dollars and they were the direct result of the supposed master plan of the most important voice in american foreign policy henry kissinger using newly available archival material from the nixon presidential library kissinger s personal papers and material from the archives in vietnam robert k brigham punctures the myth of kissinger as an infallible mastermind instead he constructs a portrait of a rash opportunistic and suggestible politician it was personal political rivalries the domestic political climate and strategic confusion that drove kissinger s actions there was no great master plan or bismarckian theory that supported how the us continued the war or conducted peace negotiations its length was doubled for nothing but the ego and poor judgment of a single figure this distant tragedy perpetuated by kissinger s actions forever changed both countries now perhaps for the first time we can see the full scale of that tragedy and the machinations that fed it

scholars and politicians often assume a significant gap between the ways that americans and europeans think about race according to this template in the u s race is associated with physical characteristics while in western europe race has disappeared and discrimination is based on insurmountable cultural differences however little research has addressed how average americans and europeans actually think and talk about race in an ugly word sociologists ann morning and marcello maneri examine american and italian understandings of group difference in order to determine if and how they may differ morning and maneri interviewed over 150 people across the two countries about differences among what they refer to as descent based groups using this concept allowed them to sidestep the language of race and ethnicity which can be unnecessarily narrow poorly defined or even offensive to some drawing on these interviews the authors find that while ways of speaking about group difference vary considerably across the atlantic underlying beliefs about it do not the similarity in american and italian understandings of difference was particularly evident when discussing sports both groups relied heavily on traditional stereotypes of black physicality to explain black athletes overrepresentation in sports like u s football and their underrepresentation in sports like swimming contradicting the claims that a biological notion

of race is a distinctly american phenomenon while american and italian concepts of difference may overlap extensively they are not identical interviews in italy were more likely to reveal beliefs about groups innate unchangeable temperaments such as friendly senegalese and dishonest roma and where physical difference was seen by italians as superficial and unimportant cultural difference was perceived as deeply meaningful and consequential in contrast u s interviewees saw cultural difference as supremely malleable and often ascribed the same fluidity to racial identity which they believed stemmed from culture as well as biology in light of their findings morning and maneri propose a new approach to understanding cross cultural beliefs about descent based difference that includes identifying the traits people believe differentiate groups how they believe those traits are acquired and whether they believe these traits can change an ugly word is an illuminating cross national examination of the ways in which people around the world make sense of race and difference
