## ***Melting the ice: Engaging and educational ice-breaker activities for every learning session***

2013-11-26

this book spotlights the unique contribution of the journal for specialists in group work to the social justice literature and of group work to a social justice agenda although the term social justice may be relatively new in the counseling and psychology literature the underlying values attention to inequities advocacy and empowerment strategies for members of marginalized and oppressed populations are not new in group work group leaders have been attending to these concerns all along and group work itself is an ideal venue for the realization of social justice concerns however until now there has been a limited amount of scholarship on group work with a stated focus on social justice this groundbreaking book emphasizes action through a practical approach featuring research

and case studies of social justice group work in community and school settings chapters highlight how group workers infuse social justice consciousness into their work address social justice issues and implement social justice practice authors review the history practice and future opportunities for social justice advocacy within group modalities they also address guidelines for the training and supervision of practitioners engaging in social justice group work this book was published as a special issue of the journal for specialists in group work

benjamin dismantles americans preconceived notions of the japanese education system gail r benjamin reaches beyond predictable images of authoritarian japanese educators and automaton schoolchildren to show the advantages and disadvantages of a system remarkably different from the american one the new york times book review americans regard the japanese educational system and the lives of japanese children with a mixture of awe and indignance we respect a system that produces higher literacy rates and superior math skills but we reject the excesses of a system that leaves children with little free time and few outlets for creativity and self expression in japanese lessons gail r benjamin recounts her experiences as a american parent with two children in a japanese elementary school an anthropologist benjamin successfully weds the roles of observer and parent illuminating the strengths of

the japanese system and suggesting ways in which americans might learn from it with an anthropologist s keen eye benjamin takes us through a full year in a japanese public elementary school bringing us into the classroom with its comforting structure lively participation varied teaching styles and non authoritarian teachers we follow the children on class trips and sports days and through the rigors of summer vacation homework we share the experiences of her young son and daughter as they react to japanese schools friends and teachers through benjamin we learn what it means to be a mother in japan how minute details such as the way mothers prepare lunches for children reflect cultural understandings of family and education
