favorites and hey anytime two boys jump up and down literally and implore me to read something i listen my nephew said all of the kids in his third grade class love this book bar none my sister said they read it aloud together as a family and she thought it was fabulous too really fabulous and they all can t wait for the next one it s like sabrina the teenage witch crossed with sarah plain and tall sort of earthy and homemade feeling the writing and story read like local folklore but with contemporary characters i can see why it s a hit with younger readers and i too liked it a lot reading elsbeth and the pirate s treasure made me wonder what exactly made this work for both the girls and boys in my nephew s posse is it the fact that elsbeth s class share the spotlight and together are the main characters i wish there were more titles that crossed gender lines we talk a lot about finding books that boys will like because they are traditionally harder readers to please but what about books that boys and girls can enjoy together maybe books that simply allow girls and boys to share the stage is the answer

growing up on cape breton island travelling partying and his  
never ending trials and tribulations trying to find a career

author had about eighty different jobs many of them unique  
and interesting with a friendly and folksy tone the book  
takes the reader on a tour of his adventures in employment  
including work in correctional services automobile  
repossession student recruitment and the military the author  
also gives us the inside scoop on working as a film extra  
rickshaw runner doorman and working numerous positions in the  
hospitality industry the book will inspire and reassure  
younger readers struggling to find success and happiness in  
their work lives it will also appeal to anyone with a sense  
of humour and an appreciation for a good story filled with  
joie de vivre the book s unique title was inspired by a  
spirited local saying in judique cape breton island judique  
on the floor the expression is well known in the area but its  
certain origin is not as judique was long thought to have the  
best step dancers in the area if a judique native stepped  
onto the dance floor people would shout judique on the floor  
to alert other dancers they might as well throw in the towel  
there is a second part to the story where apparently  
judiquers also liked to fight so if they were not in the mood  
to dance someone would sound the battle cry judique on the  
floor who will dare put us off and one or more fisticuffs  
would ensue this bit of local colour makes for an apt moniker  
for this unique and humorous tale
