winner of best discography in the 2017 association for recorded sound collections  
arsc awards for excellence best historical research in recorded rock music category  
immediate is bounded in time a quaint time capsule synonymous with swinging 60s  
london incorporation to insolvency was 5 five years but the reissues keep appearing  
50 years on not surprising when you consider that the it was home to small faces  
nice rod stewart humble pie chris farlowe etc immediate was the 1st uk independent  
to score a number 1 this perhaps is one of the reasons that the label has such  
fervent admirers the little bastard immediate stuck two fingers up at an  
oligopolistic industry that hadn t changed since before ww2 without immediate we  
might not have had harvest vertigo nova or dawn from the majors and we may not have  
seen further maverick run independents such as charisma virgin or stiff includes

lay politics lies at the heart of democracy political offices are the only offices for which no formal qualifications are required contemporary political practices are diametrically opposed to this constitutional ideal most democracies in western europe are diploma democracies ruled by those with the highest formal qualifications citizens with low or medium educational qualifications currently make up about 70 percent of the electorates yet they have become virtually absent from almost all political arenas university graduates have come to dominate all political institutions and venues from political parties parliaments and cabinets to organised interests deliberative settings and internet consultations this rise of a political meritocracy is part of larger trend in the information society educational background like class or religion is an important source of social and political divides those who are well educated tend to be cosmopolitans whereas the lesser educated citizens are more likely to be nationalists this book documents the context contours and consequences of this rise of a political meritocracy it explores the domination of higher educated citizens in political participation civil society and political office in western europe it discusses the consequences of this rise of a political meritocracy such as descriptive deficits policy incongruences biased standards and cynicism and distrust also it looks at ways to remedy or at least mitigate some of the negative effects of diploma democracy

this book is designed to give guidance on the original ex factory specifications of the first generation range rovers built between 1970 and 1996 sometimes known as range rover classics although the only ones properly so called were built after autumn 1994 these models laid the foundations for the following generations of land rover s world acclaimed range rover many of these early range rovers fell on hard times as they passed on to third fourth and subsequent owners many were butchered beyond recognition when converted into off road playthings but now more than a

quarter of a century since the last examples were built it is no surprise that enthusiasts have begun to restore examples to their original condition this has created a demand for accurate information about what that original condition actually was james taylor has trawled painstakingly through original documents and examined original vehicles to put together all the known facts in one place this guide will be essential reading for everyone with an interest in restoring or running one of these iconic models that became the foundation of today s land rover marque
