throughout the world leki is a young whooping crane who has no idea that a spectacular journey is about to begin he lives with his parents toluki and karla in the northwest territories of canada leki has had many adventures there like the day he ran across wild wolves still his biggest adventure is yet to come as his parents prepare for their annual october migration every year the whooping cranes travel south to warmer climates for the winter toluki and karla plan to take young leki 2 400 miles all the way from their home in canada to a winter resting place on an island in the gulf of mexico the path they take is called the crane track and it is a journey filled with wild weather and hungry hunters whooping cranes are graceful creatures with white feathers and up to an eight foot wingspan once almost extinct there are now 513 whooping cranes in the world and many of them travel the same path as leki and his parents nature is a carefully balanced beautiful machine it s up to us to protect the path of the cranes migratory journey so is little leki up for the trip my father was the son of a gentleman of oxfordshire that had a small estate near to the town of evnsham in that county the monks of eynsham priory had the land afore time and twas said that here as elsewhere there was a curse upon such as held for their own uses that which had been dedicated to god s service how this may be i know not though there are notable instances as to wit the russells in which no visible curse has fallen on the holders of such goods but it is certain that my father s forbears wasted their estate grievously being but the third son he had scarce in any case tarried at home but matters being as they were the emptiness of the family purse drove him out betimes into the world being of good birth and breeding he got without much ado a place about the court which was not however much to his liking i have heard him say and this though as will be seen hereafter he was a great lover of monarchy that between a weak king and villainous courtiers whitehall was no place for an honest gentleman robert carr that was afterwards earl of somerset he liked little and george villiers duke of buckingham he liked yet less being as he was wont to say by so much a greater villain than somerset as a duke is greater than an earl he was right glad therefore to leave the sunshine of the royal presence for so did men speak of the court in the hyperbolical language of those times even for so dismal and outlandish a part as ireland but i know not whether he did not wish himself back for of ireland he would never afterwards speak with any measure of patience declaring that he knew not which were the worse the greediness and cruelty of the english conquerors or the savagery and unreason of the native people here he tarried for some three or four years having indeed had bestowed upon him an estate which for its boundaries at least was of considerable magnitude but from which he received nothing but trouble who hath it now i know not and indeed he charged me to have nought to do with it saying for i remember his very words if they will give thee the whole island in fee say them nay for it is fit for nothing but to be drowned under the sea yet his next venture was not one whit happier as will be readily concluded when i say that he took service with sir walter raleigh whom he arnold schoenberg s journey chanced to fall in with at cork at which place sir walter touched on his way to the from tone poems to indies in search of gold gold got they none, but of hard blows not a few and of pains or and sickness still more my father was with the boats that sailed up the tely gray in
