~~attention devoted to broad structures e.g. political economy and individual agency e.g. migration~~ monthly planner agenda organizer and calendar for productivity
behaviours emphasis on the conceptual and empirical connections between internal and international
migrations exploration of the policy implications of the trends and processes discussed written by an
experienced scholar and teacher of migration studies this is an essential text for courses on east asian
migrations and mobility and important reading for courses on international migration and asian
societies more generally women make up a majority of the filipino workforce laboring overseas their
frequent employment in nurturing maternal jobs nanny maid caretaker nurse has found expression
in a significant but understudied body of filipino and filipino american literature and cinema harrod j
suarez s innovative readings of this cultural production explores issues of diaspora gender and labor he
details the ways literature and cinema play critical roles in encountering addressing and
problematizing what we think we know about overseas filipina workers though often seen as
compliant subjects the filipina mother can also destabilize knowledge production that serves the
interests of global empire capitalism and philippine nationalism suarez examines canonical writers like
nick joaquin carlos bulosan and jessica hagedorn to explore this disruption and understand the
maternal specificity of the construction of overseas filipina workers the result is a series of readings
that develop new ways of thinking through diasporic maternal labor that engages with the
sociological imaginary this work examines the role played by the state and proviate sector in
organizing labour migration and the economic and social issues raised by such migration policies and
programmes it explores the question of whether and how migrant workers should be controlled and
regulated to safeguard the interests of the sending state without infringing the basic rights of the
individual drawing on the experience of several countries the book illustrates the key elements of
migration programmes and suggests principles and concepts that could be used to reconcile some of
the inherent conflicts amo encyclopedia of pharmacy practice and clinical pharmacy three volume set
covers definitions concepts methods theories and applications of clinical pharmacy and pharmacy
practice it highlights why and how this field has a significant impact on healthcare the work brings
baseline knowledge along with the latest most cutting edge research in addition new treatments
algorithms standard treatment guidelines and pharmacotherapies regarding diseases and disorders are
also covered the book s main focus lies on the pharmacy practice side covering pharmacy practice
research pharmacovigilance pharmacoconomics social and administrative pharmacy public health
pharmacy pharmaceutical systems research the future of pharmacy and new interventional models of
pharmaceutical care by providing concise expositions on a broad range of topics this book is an
excellent resource for those seeking information beyond their specific areas of expertise this
outstanding reference is essential for anyone involved in the study of pharmacy practice provides a
one stop resource for access to information written by world leading scholars in the field meticulously
organized with articles split into three clear sections it is the ideal resource for students researchers
and professionals to find relevant information contains concise and accessible chapters that are ideal as
an authoritative introduction for non specialists and readers from the undergraduate level upwards
includes multimedia options such as hyperlinked references and further readings cross references and
videos this volume examines key aspects of the migration process that are particularly relevant in the
asian context it looks into established concepts and theoretical propositions that have found application
in other areas particularly in the west and explores their validity and relevance in understanding the
realities of migration in asia global and asian perspectives on international migration features the
perspectives of scholars from asia and other parts of the world as well as diverse backgrounds it
presents a variety of forms directions policies and institutions including circular and temporary
migration the management of cultural diversity the gender perspective on migration in north
america europe and asia returning migrants migration governance in the asean economic community
and the determinants of migration in conclusion the book explores migration in asia and
revisits select theories in light of recent evidence with its dialogic approach to migration in asia by
renowned authors from various regions and disciplines this book will serve as a valuable resource to
