Hidden House of Night: The Fledgling Handbook 101 is a must-have for fans of the House of Night series. This edition includes original stories, the complete vampyre history, and information on rituals, vamp biology, and the change. The fourth installment in the House of Night Novellas series reveals the mysterious story behind Kalona, the winged immortal who fell from the otherworld. So you'd think after banishing an immortal being and a fallen high priestess saving Stark's life, biting Heath, getting a headache from Erik, and almost dying, Zoey Redbird would catch a break. Sadly, a break is not in the House of Night School Forecast for the high priestess in training, and her gang juggling three guys is anything but a stress reliever, especially when one of them is a sexy warrior who is so into protecting Zoey that he can sense her emotions. Speaking of stress, the dark force lurking in the tunnels under the Tulsa Depot is spreading, and Zoey is beginning to believe Stevie Rae could be responsible for a lot more than a group of misfit red fledglings. Aphrodite's visions warn Zoey to stay away from Kalona, and his dark allure, but they also show that it is Zoey who has the power to stop the evil immortal. Soon it becomes obvious that Zoey has no
