# Little House, Long Shadow

2008-05-21

beyond their status as classic children's stories Laura Ingalls Wilder's Little House books play a significant role in American culture that most people cannot begin to appreciate millions of children have sampled the books in school played out the roles of Laura and Mary or visited Wilder homesites with their parents who may be fans themselves yet as Anita Clair Fellman shows there is even more to this magical series with its clear emotional appeal a covert political message that made many readers comfortable with the resurgence of conservatism in the Reagan years and beyond in Little House Long Shadow a leading Wilder scholar offers a fresh interpretation of the Little House books that examines how this beloved body of children's literature found its way into many facets of our culture and consciousness even influencing the responsiveness of Americans to particular political views because both Wilder and her daughter Rose Wilder Lane opposed the New Deal programs being implemented during the period in which they wrote their books reflect their use of family history as an argument against the state's protection of individuals from economic uncertainty their writing emphasized the isolation of the Ingalls family and the family's resilience in the face of crises and consistently equated self-sufficiency with family acceptance security and warmth Fellman argues that the popularity of these books abetted by Lane's overtly libertarian views helped lay the groundwork for a negative response to big government and a positive view of political individualism contributing to the acceptance of contemporary conservatism while perpetuating a mythic West beyond tracing the emergence of this influence in the relationship between Wilder and her daughter Fellman explores the continuing presence of the books and their message in modern cultural institutions from classrooms to tourism newspaper editorials to internet message boards Little House Long Shadow shows how ostensibly apolitical artifacts of popular culture can help explain shifts in political

assumptions it is a pioneering look at the dissemination of books in our culture that expands the discussion of recent political transformations and suggests that sources other than political rhetoric have contributed to americans renewed appreciation of individualist ideals

this book offers new critical approaches for the study of adaptations abridgments translations parodies and mash ups that occur internationally in contemporary children s culture it follows recent shifts in adaptation studies that call for a move beyond fidelity criticism a paradigm that measures the success of an adaptation by the level of fidelity to the original text toward a methodology that considers the adaptation to be always already in conversation with the adapted text this book visits children s literature and culture in order to consider the generic pedagogical and ideological underpinnings that drive both the process and the product focusing on novels as well as folktales films graphic novels and anime the authors consider the challenges inherent in transforming the work of authors such as william shakespeare charles perrault l m montgomery laura ingalls wilder and a a milne into new forms that are palatable for later audiences particularly when for perceived ideological or political reasons the textual transformation is not only unavoidable but entirely necessary contributors consider the challenges inherent in transforming stories and characters from one type of text to another across genres languages and time offering a range of new models that will inform future scholarship

adopting the voice of a mother poets lovingly praise gods and men for hundreds of years tamil poets have been composing

devotional texts in which they adopt the voice of a mother and address praises to an extraordinary child the poems called pillaitamil literally tamil for a child form a major genre of tamil literature since the twelfth century when the first known pillaitamil was written in honour of a chola king many of these poems have been composed in praise of the quintessentially tamil god murugan and south indian goddesses as well as saints and venerated monastic abbots in recent times pillaitamils have been dedicated to prophet muhammad virgin mary and baby jesus as well as notable political figures and movie stars extraordinary child provides a sampler of translations from and analyses of seven pillaitamils of particular religious aesthetic or political significance paula richman s insightful and comprehensive introduction initiates the reader into the pillaitamil tradition by explaining what a pillaitamil does and how contemporary audiences can learn to savour the subtleties of the verses

what prompts children to tell stories what does the word story mean to a child at two or five years of age the folkstories of children first published in 1981 features nearly five hundred stories that were volunteered by fifty children between the ages of two and ten

and transcribed word for word the stories are organized chronologically by the age of the teller revealing the progression of verbal competence and the gradual emergence of staging and plot organization many stories told by two year olds for example have only beginnings with no middle or end the narrative is held together by rhyme or alliteration after the age of three or four the same children tell stories that feature a central character and a narrative arc the stories also exhibit each child s growing awareness and management of his or her environment and life concerns some children see their stories as dialogues between teller and audience others as monologues expressing concerns about fate and the forces of good and evil brian sutton smith discusses the possible origins of the stories themselves folktales parent and teacher reading media required writing of stories in school dreams and play the notes to each chapter draw on this context as well as folktale analysis and child development theory to consider why and how the stories take their particular forms the folkstories of children provides valuable evidence and insight into the ways children actively and inventively engage language as they grow

new york magazine was born in 1968 after a run as an insert of the new york herald tribune and quickly made a place for itself as the trusted resource for readers across the country with award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating new york as both a place and an idea

## **Neues vollständiges kritisches Wörterbuch der Englischen und Deutschen Sprache**

1965

for over half a century emyr humphreys s work as a novelist short story writer poet dramatist and television producer has been extraordinarily impressive this pioneering and stimulating book considers humphreys s fiction from a range of contemporary critical perspectives and stresses its relevance to the 21st century drawing on the work of leading modern cultural and literary theorists such as jacques derrida and homi bhabha psychoanalytic critics such as melanie klein and jacqueline rose and gender theorists such as judith butler linden peach brings fresh perspectives to the content structure and developing nature of humphreys s work

employing for example historicist post historicist new geography psychoanalytic and feminist and postfeminist frameworks through detailed readings which highlight subjects such as gender identity contested masculinities war pacifism strangeness and otherness problematic father and daughter relationships and cultural discourse in complex linguistic environments peach suggests that humphreys s work is best understood as dramatic dissident and or dilemma fiction rather than by the term protestant novelist which humphreys used to describe himself at the outset of his career stressing how humphreys came to see himself as more of a protesting novelist peach examines how the dilemmas around which his fiction is based originally linked to humphreys s definition of himself as a protestant writer increasingly become sites in which controversial and often dark themes are explored this approach to humphreys s work is pursued through exciting readings of some of humphreys best and lesser known works including a man s estate a toy epic outside the house of baal the best of friends salt of the earth unconditional surrender the gift of a daughter natives ghosts and strangers old people are a problem the shop and the woman at the window

before laura ingalls wilder found fame with her little house books she made a name for herself with short nonfiction pieces in  
magazines and newspapers read today these pieces offer insight into her development as a writer and depict farm life in the  
ozarks and also show us a different laura ingalls wilder from the woman we have come to know this volume collects essays by  
wilder that originally appeared in the missouri ruralist between 1911 and 1924 building on the initial compilation of these articles  
under the title little house in the ozarks this revised edition marks a more comprehensive collection by adding forty two additional  
ruralist articles and restoring passages previously omitted from other articles writing as mrs a j wilder about modern life in the early

twentieth century ozarks laura lends her advice to women of her generation on such timeless issues as how to be an equal partner with their husbands how to support the new freedoms they d won with the right to vote and how to maintain important family values in their changing world yet she also discusses such practical matters as how to raise chickens save time on household tasks and set aside time to relax now and then new articles in this edition include making the best of things economy in egg production and spic span and beauty magic in plain foods reflects her cosmopolitanism and willingness to take advantage of new technologies while san marino is small but mighty reveals her social political philosophy and her interest in cooperation and community as well as in individualism and freedom mrs wilder was firmly committed to living in the present while finding much strength in the values of her past a substantial introduction by stephen w hines places the essays in their biographical and historical context showing how these pieces present wilder s unique perspective on life and politics during the world war i era while commenting on the challenges of surviving and thriving in the rustic ozark hill country the former little girl from the little house was entering a new world and wrestling with such issues as motor cars and new labor saving devices but she still knew how to build a model small farm and how to get the most out of a dollar together these essays lend more insight into wilder than do even her novels and show that while technology may have improved since she wrote them the key to the good life hasn t changed much in almost a century laura ingalls wilder farm journalist distills the essence of her pioneer heritage and will delight fans of her later work as it sheds new light on a vanished era

1884
