this volume represents perspectives on a number of aspects of modern anglo american drama and dramatists written by scholars from ex yugoslav republics resulting from long years of common interest and cooperation in the field between the corresponding english departments in the region the volume was inspired by the word across cultures conference organised by the institute of foreign languages of the university of montenegro in podgorica montenegro in july 2014 the researchers who participated in the conference s literature section were testament to

the growing interest in drama among regional literature scholars the book will appeal to both an academic and non academic readership the former will certainly benefit from this book since english and especially american drama is not appropriately represented by the number of published books it deserves world wide the volume provides a south east european perspective on anglo american drama and represents a valuable addition to existing drama scholarship since all the contributors are from the ex yugoslav republics and write from a standpoint of multiple othernesses it will also be of interest to theatre and film scholars as well as theatre and film enthusiasts because of the variety of approaches adopted in the papers the story the scene is a stark motel room at the edge of the mojave desert may a disheveled young woman sits dejectedly on a rumpled bed while eddie a rough spoken rodeo performer crouches in a corner fiddling with his riding gear when he attempts the sad lament of pecos bill on the eve of killing his wife cast gender mixed number 1 male 1 female size small ages adults since the early 1960s music fans have found bob dylan s spirituality fascinating and many of them have identified dylan as a kind of spiritual guru this book written by a scholar who is a longtime fan examines dylan s mystique asking why audiences respond to him as a spiritual guide this book reveals bob dylan as a major twentieth and twenty first century religious thinker with a body of relevant work that goes far beyond a handful of gospel albums a powerful yet funny confrontation between two brothers set in the contemporary west this book focuses on the perception of the names personae performances and films of three hollywood megastars gregory peck robert mitchum and william holden as presented in the references and allusions encountered in american and foreign literature its secondary aim is to establish the impact factor of the three actors and their major films and provide extensive data for further studies on the complex and bilateral relationships between film and literature the pertinent quotations in three hollywood stalwarts in literature a study in film perception through references to peck mitchum and holden have been extracted from nearly 220 works by about 140 authors the majority of the works were written by acclaimed authors amongst them are some well known american mainstream writers such as john updike john irving fannie flagg and anne tyler some leaders of the mystery genre include martha grimes stuart kaminsky elmore leonard sara paretsky and a few masters of other popular genres such as stephen king and dean koontz the global flavor of the citations is provided by international authors e g julio cortázar elizabeth hay henri charrière sebastien japisot and authors born to first generation u s immigrants e g oscar hijuelos almost seventy films referenced in world literature are discussed in the book and those mentioned in the biggest number of works include sunset boulevard the wild bunch to kill a mockingbird roman holiday spellbound the guns of navarone and duel in the sun among others this book will appeal to college professors and students interested in film studies specifically film analysis and criticism film perception and film genres it will also hold interest for the general reader interested in biographies of movie personalities and the careers of the three actors movie and stage actors and fans of the western film noir and war genres emotional mythisch fantastisch so werden die dramen des us autors sam shepard oft betitelt doch damit wird man ihrer vielschichtigkeit nicht gerecht denn neben den intensiven bildern den kraftvollen dialogen und den zitatzen aus popkultur und mythologie gibt es in shepards werk auch eine nicht minder interessante ebene konventioneller handlung en die anwendung der ressourcentheorie die aus der sozialpsychologie stammt und sich mit dem zwischenmenschlichen tauschhandel beschäftigt läßt diese erstaunlich lebensnah konzipierte ebene klar hervortreten und hilft dabei scheinbar unmotivierte aktionen der figuren als konsequenzen planvollen handelns zu erklären so erscheint shepard nicht mehr nur als provokateur sondern auch als moralist und seine texte werden besser verständlich

True West 2022-03-15 emotional mythisch fantastisch so werden die dramen des us autors sam shepard oft betitelt doch damit wird man ihrer vielschichtigkeit nicht gerecht denn neben den intensiven bildern den kraftvollen dialogen und den zitatzen aus popkultur und mythologie gibt es in shepards werk auch eine nicht minder interessante ebene konventioneller handlung en die anwendung der ressourcentheorie die aus der sozialpsychologie stammt und sich mit dem zwischenmenschlichen tauschhandel beschäftigt läßt diese erstaunlich lebensnah konzipierte ebene klar hervortreten und hilft dabei scheinbar unmotivierte aktionen der figuren als konsequenzen planvollen handelns zu erklären so erscheint shepard nicht mehr nur als provokateur sondern auch als moralist und seine texte werden besser verständlich
