Ideas Against Ideocracy 2021-09-09 this groundbreaking work by one of the world's foremost theoreticians of culture and scholars of russian philosophy gives for the first time a systematic examination of the development of russian philosophy during the late soviet period countering the traditional view of an intellectual wilderness under the soviet regime mikhael Epstein provides a comprehensive account of russian thought of the second half of the 20th century that is highly sophisticated without losing clarity it provides new insights into previously mostly ignored areas such as late soviet russian nationalism and eurasianism religious thought cosmism and esoterism and postmodernism and conceptualism Epstein shows how russian philosophy has long been trapped in an intellectual prison of its own making as it sought to create its own utopia however he demonstrates that it is time to reappraise russian thought now freed from the bonds of soviet totalitarianism and ideocracy but nevertheless dangerously engaged into new nationalist aspirations and metaphysical radicalism we are left with not only a new and exciting interpretation of recent russian intellectual history but also the opportunity to rethink our own philosophical heritage

The Wisdom and Ideas of Plato 1962 designed for as and a2 students key ideas in politics focuses on both historical and contemporary political themes and ideas providing the reader with the background to analyse important political questions it

provides quick and easy to read summaries of key ideas and key thinkers enabling students to attain and assimilate knowledge quickly features track the history of each idea the idea in action today the debate that that surrounds it and its practical application

History of Political Ideas, Volume 8 1999 first published in 1982 in this book taylor has selected for special attention the work of saint simon and his disciples the saintsimonians owen fourier cabet and weitling those thinkers who made the most important contributions to the development of early socialist theory the author discusses the designation of utopian which entered into the conventional vocabulary of the history of ideas and is now used almost without question this title argues that these thinkers were certainly utopian in the sense that they sought to describe the structure of an ideal future society

Key Ideas in Politics 2003 the first book to examine the language of both traditional and radical social work as forms of power the will to help and care for people unintentionally results in new types of dependency control and domination

The Eclectic Magazine of Foreign Literature, Science, and Art 1892 what is politics what are the origins of political philosophy what can we learn from the greeks and romans in greek and roman political ideas acclaimed classics scholar melissa lane introduces the reader to the foundations of western political thought from the greeks who invented democracy to the romans who created a republic and then transformed it into an empire tracing the origins of political philosophy from socrates to cicero to plutarch lane reminds us that the birth of politics was as much a story of individuals as ideas

Political Ideas of the Utopian Socialists 2013-11-26 in a series of 50 accessible essays ben dupré introduces and explains the central ideas of politics philosophy religion economics science and the arts that have engaged key thinkers and leaders from plato to the present day from the big bang to romanticism fate to democracy 50 big ideas you really need to know is a complete introduction to the most important concepts in history

Social Work & Received Ideas 2012-10-12 the title of this book is of course inspired by the famous opening words of general de gaulle s memoirs of the second world war all my life i have thought of france in a certain way wesseling brings together his essays dealing with a great variety of subjects such as culture society politics and diplomacy with one section devoted entirely to french historians the first section contains an chapter on the famous painter ary scheffer and the france of his time that is to say the first half of the 19th century the second chapter continues this theme and deals with Émile zola and the paris of the second empire two other chapters discuss aspects of the third republic sports and students respectively the second section is devoted to french intellectuals it offers the first in depth analysis of the group of intellectuals that supported zola and dreyfus chapter six deals with one of the great literary figures of the interwar period and later a notorious collaborator robert brasillach chapter seven contains a vivid sketch of the life and work of the famous french intellectual raymond aron the third section is devoted to politics and diplomacy french foreign policy is discussed both in its long term perspective as well as more specifically in the period of charles de gaulle de gaulle s idea of france is compared with that of an author by whom he was greatly influenced charles péguay finally there is a section on french history writing including two biographical essays one about gabriel hanotaux the once famous but now nearly forgotten historian who became minister of foreign affairs and another on fernand braudel the great contemporary french historian and close friend of wesseling of particular interest to scholars students and other researchers involved with french history the history of ideas and european historiography

Greek and Roman Political Ideas 2014-05-01 in this unique volume some of today s most eminent political philosophers examine the thought of john rawls focusing in particular on his most recent work these original essays explore diverse issues including the problem of pluralism the relationship between constitutive commitment and liberal institutions just treatment
