superlative design that illuminate the people the issues the trends and the events that define our city the magazine informs challenges and entertains our readers each month while helping them make intelligent choices not only about what they do and where they go but what they think about matters of importance to the community and the region the first english language study of german japanese interwar relations to employ sources in both languages a teenage love that destroyed a family decades of stifling his true self two broken hearts fighting for connection ricky emerson has been lying to himself for years worried that living his truth will trigger scornful rejection by his family the adopted playboy is terrified of his sole slip up coming to light so when the only man he s ever kissed arrives at dinner as his sister s date the incorrigible flirt fears he s about to lose everything everett popova refuses to hide fresh out of a disappointing relationship with a closeted ex the experienced counselor is stunned to bump into the one guy who was violently ripped from his arms but with his former lover still hiding their bisexuality he s leery of starting another hush hush affair with more painful secrets as ricky flies from anger to passion while battling their undeniable chemistry he leans on the strong man s patient shoulders when traumatic memories turn to sheer panic and though everett is swept off his feet for a second time he s petrified that old wounds will tear them apart forever torn by old turmoil can they overcome fear and bigotry together wishing for yesterday is the emotional third book in the emerson family of shattered cove contemporary romance series if you like lgbtq heroes steamy action and dashes of humor then you ll adore a m kusi s romance hearing impaired romance romance books romance novels international business illustrates how successful managers must function in a competitive world packed with current examples that reflect the vibrancy of the international business field this student friendly text offers a managerial approach that keeps an emphasis on skills development emerging markets and geographical literacy publisher robert hogan is known for suggesting that the most consequential question in human affairs is who should lead history is riddled with examples of how the survival of collectivities schools governments nations organizations is determined by who is in charge good leaders turn businesses drowning in red ink into industry juggernauts they transform b players into high performers with minimal infighting and seamless cooperation yet history also shows that leadership strengths coincide with deeply troubled dark sides that result in totalitarian regimes large scale financial collapses such as the global financial crisis of 2008 exclusive political and economic institutions ill conceived military entanglements and the inability to manage public health during global pandemics psychological theory and research have much to contribute to the knowledge and skill bases underlying effective policing much of the relevant information however is dispersed across a variety of different psychological and criminal justice policing journals and seldom integrated for those applied psychologists interested in policing issues or for police policymakers administrators and others working in the criminal justice area who are not familiar with the psychological literature designed to accommodate the needs of these different groups this book addresses both operational policing issues and issues relevant to the improvement of organizational functioning by providing integrative reviews of psychological theory and research that deal

with effective policing it illustrates how the theory and research reviewed are relevant to specific policing practices these include eyewitness testimony conflict resolution changing driver behavior controlling criminal behavior effective interviewing and techniques of face reconstruction the volume s readable style makes it accessible to a diverse audience including undergraduate and postgraduate students in forensic organizational applied psychology criminal justice and police science programs and police administrators and policymakers it will also interest psychologists whose primary focus includes policing and criminal justice issues the book should draw attention to the often unrecognized and valuable contribution that mainstream psychology can make to the knowledge base underpinning a wide variety of policing practices this unique work bridges the gap between theory and practice in organizational behavior it provides a practical guide to real life applications of the 35 most significant theories in the field the author describes each theory and then analyzes its usefulness and importance to the successful practice of management his analysis covers key managerial topics such as goal setting training and development assessment job enrichment influence processes decision making group processes organizational development organizational structuring and effective organizational operation indianapolis monthly is the circle city s essential chronicle and guide an indispensable authority on what s new and what s news through coverage of politics crime dining style business sports and arts and entertainment each issue offers compelling narrative stories and lively urbane coverage of indy s cultural landscape
