wide variety of mental skills including logical reasoning attention to detail long term memory vocabulary and problem solving easy to hard puzzles and brain games is designed to be comfortable to work through with large print and clear images to make the solving experience pleasant on the eyes these features make this puzzle book perfect for adults and seniors all in all easy to hard puzzles and brain games is an entertaining and engaging puzzle book forty two perplexing puzzles by creator of alice in wonderland cakes in a row looking glass time arithmetical croquet diverse doublets and others hints solutions illustrations by john tenniel the games presented here are mainly 2 person strategic board games and solitaire puzzles when alone there is a welcome difference between strategic board games and puzzles a puzzle has a solution and once you ve solved it it is not that interesting any more a strategy game can be played again and again chess the king of all board games is not included here as it forms a subject by itself but there are a few pre chess puzzles bridge the queen of all card games is also not included as card games and dice games involve a certain element of luck the games here are not based on chance or probability apart from games and puzzles there is a small chapter on mathematical excursions these are explorations of non mathematicians like me into the ways of thinking and understanding patterns that mathematicians visualise and analyse for sheer pleasure without any monetary or practical benefit how can a chess knight s move over a chess board be beneficial to anybody but this exploration has been going on for 2000 years also whereas pythagoras theorem was of great benefit to society what will proving fermat s theorem accomplish for a mathematician the overriding influence of numbers becomes his aim in life get kids brains buzzing with super tricky math riddles for ages 8 to 12 welcome to a different kind of math book a collection of tricky riddles that make math more interesting for kids this book is chock full of challenging puzzles that will help kids have fun while boosting their logic critical thinking and problem solving skills what sets this kids riddle book apart oodles of riddles discover a variety of math based challenges that kids can solve solo or with friends and family including tricky number problems and
