~~common is the humor that comes of pushing the reality of ordinary life just a~~
few inches over the edge in the first story duke drunk in the driveway a
family funeral turns into a double funeral seen through the eyes of a little
girl gwenne who also tells the story in webs family shames and secrets are
observed by a sharp eyed child whose parents each try to win her allegiance
against the other the knitting nancy and pastures white with clover are both
told by women at the other end of life one celebrating her 80th birthday by
imagining inviting people from all her old address books to a party the other
wheeling out of the nursing home to go searching for her own true love the
real world looks familiar enough in ephesus new jersey here a young wife
cowed by the moral correctness of her husband gets help from the ancient
greek philosopher heraclitus as she takes her own stand in gorgonzola suns a
painter is encouraged by her husband through a bad day at an art fair a
letter carrier visists alaska in the frontier where his dream of eagles helps
him break his attachment to a fickle woman a grieving father in concordia
awaits the arrival of his paranoid son trying desperately to stay in the
present moment and not be overcome by memories of the past and worries of the
future reality begins to escape the envelope in when the gift fits when a
young man finds himself the recipient of a mysterious gift that will teach
him something he needs to know as he discovers its meaning the mother of an
endless brood of children escapes her family in amelioration to live in a
mini warehouse the next two stories in this collection are written as though

~~the world were perfectly ordinary but is it a young man in the almost perfect~~
flaw discovers that his attraction to the perfect woman who is frail and
light enough to carry in his arms with her long dark hair swinging down over
his elbow stricken down in youth by a death that did not leave marks longing
to be respectable he has to settle for a woman who is only almost perfect the
heroine of change at the fortune cookie factory inherits the family business
and enhances both divisions dough and fortunes far beyond what her parents
had accomplished in the last two stories we move into a more altered realm
the other real world begins when a woman gives birth to twins one of which is
a bear cub raising the twins carries her into a realm of possibility other
than city government and shopping malls and the narrator of melanchthon and
the process server tries to save her numerous babies from disappearing from a
house with sixty five people living in it i can believe that there are
already sixty five only by counting them as they leave each morning to forage
for their contributions to the daily soup it is not possible i compared the
area of the house with the area of a person lying down multiplied by sixty
five it is not possible but there they go out the door with their foraging
implements knives hooks nets ropes a bible a can of dog away by which we
snatch choice bones and a ragged five dollar bil sixty three sixty four sixty
five these stories deal with life s tough issues but always the humor rescues
them from heavy solemnity
